TOWN ADMINISTRATOR'S REPORT:

Administrator Dennen reported the following:

We have received 29 applications to date for the position of Assistant Treasurer. We began interviews today to fill the position and will continue with interviews on Tuesday and Wednesday.

I have registered for an Annual Conference for Municipal Officials and staff to be co-hosted by Governor Baker and Lt. Governor Polito and division of local services on 9/24/18 in Worcester from 8:30 am to 2:00 pm. Topics of discussion will focus on Community Compact Best Practice areas relating to climate resiliency, housing strategies, economic development and innovation.

The Town Clerk received information on a survey from SRPEDD. They are in the process of updating the region's Coordinated Human Service Transportation (CHST) Plan. The plan identifies the transportation needs of older adults, persons with disabilities, and low income individuals. The plan is also used to inform the Community Transit Grant Program (more information here) as well as regional planning efforts.

As part of the update, SRPEDD and the South East Regional Coordinating Council on Transportation (SERCCOT) are conducting an Unmet Transportation Needs Survey in order to identify where unmet need exists.

The survey has two versions. The first is for agencies, organizations, municipalities, or any other entity that works with older adults, persons with disabilities, low income individuals, or others who have unmet transportation needs. The second version is designed for consumers/direct users/members of the public who have unmet transportation needs.

Information on the survey has been put our Town website by the Town Clerk and can also be found at the Town Hall and here at the Senior Center.

October 3rd is "National Coffee with a Cop Day". Rehoboth Police Officers will be at both Dunkin Donuts from 7-11 a.m.

Action Item: Crown Castle Cell Tower Lease Extensions

On a motion made by Selectman Muri, seconded by Selectman Perry, the Board voted to approve lease extensions with Crown Castle for the following cell tower locations: 334 Anawan Street; 333 Tremont Street; 148R Peck Street.

Selectman Schwall noted that we need to get this wrapped up and will be assisting the Town Administrator with information to be contained in the RFP.

Action Item : Hand-Me-Downs Request

Tabled at last week's meeting: Linda Magulas, a representative of Hand-Me-Downs was present to continue discussion on request to place clothing containers at various Town locations including: Town Hall; Highway Department; Senior Center; and South Fire Station.

Administrator Dennen had contacted Town Counsel on how the Town would handle funds received from Hand-Me-Downs and counsel suggested a possible license agreement. Ms. Magulas had provided information on Towns which allowed containers to be placed on Town property. Town Counsel will be providing a recommendation.

Chairman Vadnais stated he was not opposed to approving on a trial basis for up to one year, if Town Counsel can tie to a license agreement with any funding received by the Town to be used for Rehoboth Beautification Projects. It was the general consensus of the Board to approve with Selectman Schwall stating he would not support a for profit company using Town property without going out to bid.

Board reviewed various locations for placement of containers and concluded the best locations to be the Highway Department, North Fire Station and South Fire Station; the Town Offices was not a preferred location. It was noted by Ron Whittemore that the Salvation Army had a container at the Transfer Station and, therefore, not a good location for a container.

Board suggested Ms. Magulas contact the Fire Chief about placing containers at the North and South Fire Stations and come back to the Board after speaking with the Fire Chief. The Board will then make a determination and see if we can come to an agreement.
