REPORT OF THE COMMUNITY PRESERVATION COMMITTEE

The Community Preservation Act was successfully passed by the Rehoboth voters in the April 2009 elections. The Town voters agreed to a 1% surcharge on property taxes to be augmented by a State match of funds to provide Town monies for the preservation of open space and historic properties and for the support of community housing and recreational opportunities.

Passage of the CPA called for the creation of a Community Preservation Committee. Members include representatives from the Conservation Commission, the Historical Commission, the Planning Board, the Park Commission, the Housing Authority and three at-large community members. Members were appointed and seated for the first time in late August. At the meeting it was voted to amend the bylaw calling for a member of the Open Space Committee, which no longer exists, to include instead a member of the Agricultural and Natural Resources Council. The bylaw change was approved at the Fall Town Meeting.

A training session was provided by the Community Preservation Coalition in October. Members were charged with seeking suggestions for the use of CPA funds in the meetings that followed.

The CPC has set a schedule of meetings on the fourth Wednesday of the month.

Respectfully Submitted:
Carol K. Williams, Chairperson

REPORT OF THE AGRICULTURAL COMMISSION

Bob Peasley reported increased growth in the Farmer's Market this year. We were fortunate to have a few more vendors and many more patrons. Hopefully this trend will continue as more folks realize the value of fresh produce to their diets and appreciate the convenience of shopping in town.

June House developed, distributed and collated the results of a survey to farmers and equine interests in town. This information will be used to serve their expressed needs and help the Commission serve them better in the future. From this information, June produced a brochure which will be available in various places in town and the surrounding area. She did an outstanding job of producing this brochure and information catalog which has gained state wide recognition. Many thanks to June and the Sustainable Agriculture Research and Education (S.A.R.E.) system for providing the grant that made this possible.

Tom Raposa is working on the Agcom website with the help offered by Ray Viau. This should be up and running in the near future with helpful and pertinent information for residents.

This past year we were invited to participate with our booth at several functions, which we gladly accepted. Several members of the Commission have attended state and regional meetings or workshops. They have brought back needed information which they shared at our meetings.

Respectfully submitted,
Walter H Munroe, Chairman

ANNUAL REPORT OF THE TOWN ACCOUNTANT

The following pages represent the Town Accountant's Annual Report. It includes a summary of revenue and expenditures for the General Fund for fiscal year 2009 and a combining balance sheet for June 30, 2009.

Respectfully submitted,
Cathy L. Doane, CPA

TOWN OF REHOBOTH SUMMARY OF REVENUE AND EXPENDITURES General Fund -- July 1, 2008 Through June 30, 2009

<u>REVENUES:</u>	<u>BUDGET</u>	<u>ACTUAL</u>	<u>VARIANCE FAV/(UNFAV)</u>

REPORT OF THE ANIMAL CONTROL OFFICER

The year has been slow for the amount of animals that have been picked up and kept at the shelter. Most of the time, the animals are reunited with their owners within a day or so. The problem is with the cats: we have many cats. People are dropping them off at farms because they think the farmer will take these animals in. The farmers do not need a barn full of cats. These cats run off and have hundreds of kittens. They do not have their shots so they spread diseases within the colonies. Spay and Neuter your animals.

There has been a new industrial sink installed at the shelter. The tub that was in the wash room was much too high and it was a dangerous situation when the animals had to be lifted in and out of the tub. Larger animals are put into a tub that is on the outside of the building.

There have been many donations to the shelter from different groups of children and residents. Instead of giving flowers, people are donating monies in memory of people that have past away. All of these donations are greatly appreciated and we thank you very much for your kindness.

Even with the bad economy, there are still many farmers that are town. The families that are not farmers are actually getting chickens to raise for eggs. One would think that the amount of animals would have decreased but, I still have six barn books, containing 50 barns in each. We need to support our farmers, buy local.

The Animal Control Vehicle has now over 100,000 miles on it. The truck is eight years old and has been running fine. It has had a few minor problems but all in all, so far the truck is very good.

Most of the dog licenses are always paid on time. There are always that few hundred owners that have to be reminded over again. New licenses are issued every year. The dog licenses have been increased from \$5.00 to \$10.00 for spayed & neutered. Males and Females costs increase \$10.00 to \$20.00. Having the license helps us find the owner of the dog if lost and we know that the animal has its shots.

Dogs and cats need their Rabies shots and these shots have to be kept up to date. The animals are allowed to run free in this town and we have a lot of wildlife. For the protection of your pets and for your family members make sure the shots are current

Respectfully submitted,
Jane E. Foster, Animal Control Officer

BRISTOL COUNTY MOSQUITO CONTROL PROJECT ANNUAL REPORT

The calendar year 2009 marks the fiftieth anniversary of the Bristol County Mosquito Control Project and its services to the cities and towns of Bristol County. The Project was established in 1958 as a result of numerous human and horse cases of Eastern Equine Encephalitis. Over the years, the Bristol County Mosquito Control Project has greatly reduced the exposure to this arbovirus and also the newly introduced West Nile virus.

Since the 1958 formation much has changed. New biological larvicides have been developed and used to suppress mosquito emergence. The Project has acquired new GPS guidance systems for the trucks and GIS mapping capabilities. Newer environmentally sensitive adulticides have been developed and adopted by the Project. During water management projects, low ground pressure machines are used to reduce secondary impacts to the environment. Increased mosquito surveillance, the cornerstone of Integrated Pest Management, continues every summer. The addition of molecular techniques by the Massachusetts Department of Public Health increased sensitivity of virus isolations and decreased turn around time between collections and results.

For the past 6 years, Bristol County Mosquito Control Project reported the most EEE isolations from mosquitoes in Massachusetts. During the 2009 mosquito season, over 16,000 mosquitoes were collected. There were 23 isolations of EEE with 3 collections from human biting mosquitoes and no human or horse cases reported for the County. EEE was active in our County from July 16th till October 5th. We had 9 mosquito isolates of WNV in the County with no reported human or horse cases. A total of 411.2 square miles (263,168 acres) were at a Moderate/High risk for EEE and WNV in 2009. To date the towns of Easton, Raynham, Freetown, Acushnet, Fairhaven and New Bedford are in the High-risk category for EEE. The towns of Taunton, Berkley, Westport and Dartmouth are in the Moderate-risk category for EEE. To date the towns of Fall River, Dartmouth and New Bedford are in the Moderate-risk category for WNV. In 2002, the Project received 3,672-spray request from residents within the County, in 2009 we received 15,964 requests.

The Bristol County Mosquito Control Project works year-round in its efforts to reduce mosquito breeding sites and adult mosquito populations. The Project uses several different measures of control in its never-ending fight against mosquitoes.

Spring and Summer Larviciding - To reduce the emergence of adult mosquitoes in areas where mosquito larvae are present.

Catch Basin Treatment - To stop mosquito emergence from rain-filled catch basins and storm drains.

Mosquito Surveillance Program - To monitor mosquito populations as to their type and number - a program necessary in encephalitis surveillance. Light trapping of mosquitoes is also useful to determine what areas have nuisance populations of mosquitoes.

Water Management - A year round endeavor to clean and maintain mosquito drainage ditches in areas to reduce standing water conducive to mosquito larvae.

Public Outreach - Providing important information to the residents of the county with respect to personal protection against mosquito bites, mosquito breeding prevention on one's property and mosquito data.

It is the policy of the Bristol County Mosquito Control Project to use pesticides that are environmentally sensitive so that they do not negatively impact people or the environment. We use as many of the

biological insecticides as are practical with the environmental conditions present in the New England area.

All of our spray equipment is calibrated periodically in order to insure that dosage rates remain at legal levels but are adequate to reduce mosquito populations. The operators of our spray equipment are state licensed pesticide applicators that are required to attend classes on pesticide safety on a yearly basis. During the time period January 1, 2009 – December 31, 2009 the Bristol County Mosquito Control Project:

- Sprayed over 11,766.7 acres
- Treated 62.45 acres in 63 locations with *B.t.i.* for mosquito larvae
- Received 771 requests for spraying
- Cleared and reclaimed 2,450 feet of brush
- Treated 956 catch basins

I would like to thank the town officials and the people of Rehoboth for their continued support and cooperation and look forward to serving them in the coming year. Should anyone have a question as to what might be done to relieve a mosquito problem in their area, whether it is water management work, treatment of a breeding site, or just having an area checked, please feel free to call our office.

Respectfully submitted,
Wayne N. Andrews, Superintendent

REPORT OF THE BLANDING PUBLIC LIBRARY

The Blanding Public Library continues to serve the people of Rehoboth 6 days a week, 46 hours per week, including evenings and Saturdays, for 52 weeks per year. Our current hours are Mondays-Thursdays 11:30-8:00, and Fridays and Saturdays 10:00-4:00.

We have again been certified by the Commonwealth of Massachusetts as meeting certain requirements for hours and materials purchases, keeping us eligible for continued membership in the SAILS network. Our membership in SAILS opens up the holdings of 70+ libraries in Southeastern Massachusetts, and when those resources fail, the holdings of libraries in the remainder of the Commonwealth and across the country.

We added nearly 3000 new items to our total holdings, which include books, magazines, audiotapes, compact discs, videotapes and DVDs. Rehoboth library patrons also have access to audio books, e-books and music which can be downloaded from the SAILS website, www.sailsinc.org.

Circulation has increased to 55,798 items in calendar year 2009. Over that same year, the number of registered library patrons increased nearly 5%, from 3,451 to 3,611.

Rehoboth on the Same Page, our first town-wide read, was quite a success last year, with children and adult programming focused on the Greg Mortensen book "Three Cups of Tea." For our second annual town read, we are preparing programs centered on World War II and the book "The Guernsey Literary and Potato Peel Pie Society."

Our ghost walk in the autumn raised funds which we used to purchase a portable sound system, which will be used for future programs.

We also sponsor a monthly book discussion group, a knitters group that meets twice a month, and a quilting group that meets weekly. Over the past year we were a Blizzard of Giving site, and our hall housed meetings of Brownies, Daisies, Girl Scouts, Tiger Cubs, pony club, Contra dancers, Sunday folk music jammers, medieval reenactors, Arts in the Village concerts, poetry readings, a writers' group, monthly meetings with our state representative, and other events free and open to the public.

Thanks to renovations paid for by the Rehoboth Antiquarian Society, our parent organization, the library has a newly renovated lobby entrance.

We continue to offer story hour for pre-school children and toddlers, and programs such as gingerbread house making, a children's book sale, and science and craft programs. We also offer "Puppy Pals," where children read to therapy dogs in a comfortable, non-threatening environment. It's a great program for helping children improve their reading skills.

The grant we received from Bristol County Savings Bank Charitable Foundation helped us purchase 4 new public access computers to better serve our town.

Our library website, www.blandinglibrary.org, is regularly updated by a library staff member, and features the current library programs and news.

Our current staff consists of Laura Bennett, Desire Palmer, Catherine Charbonneau, Susan Keith, Susan Robert, Hannah MacLagan, and Sharon Beskid. We are fortunate to have many adult and teen volunteers assisting us.

See you at the library!

Respectfully submitted,
Laura Bennett

BOARD OF HEALTH ANNUAL REPORT

The Rehoboth Board of Health is an interdisciplinary and community-focused group for protecting and improving the health and quality of life for all Rehoboth residents and workers. The Board of Health manages and implements public health programs of prevention, education, regulation, and provides

limited direct services. The Board of Health participates in private-public and inter-governmental programs working with regional coalitions and the Commonwealth of Massachusetts to promote and protect public health.

MISSION

The mission of the Rehoboth Board of Health is to assess and address the needs of the Rehoboth community, in order to protect and improve the health and quality of life of its residents and work force and to live in a safe and healthy environment.

“Helping People Lead Healthy Lives in Healthy Communities”

Massachusetts Department of Public Health’s Mission Statement

OBJECTIVES

The objectives of the Rehoboth Board of Health are to ensure the effective delivery of public health programs, services and regulations; to provide timely crisis response by being a liaison to the community and its agencies, businesses, academic institutions and professional organizations; and to collaborate with neighboring communities and the State Department of Public Health.

PRINCIPAL ACTIVITIES

The Rehoboth Board of Health’s principal activities include initiating, implementing and/or maintaining programs and services mandated by the Town by-laws and Massachusetts General Law.

The Board of Health has two primary areas of responsibility: Environmental Health and Community Health. A significant amount of the Board’s activity has been focused in the area of environmental health. Because the Town of Rehoboth has neither municipal water nor municipal sewer systems, we maintain diligence in protecting our groundwater, our only source of potable water. Currently each Rehoboth house and business is served by an individual private (or public water supply) well and an on-site septic system. The design criteria for each lot must comply with the Rehoboth Board of Health’s local requirements and the minimum requirements of the Commonwealth of Massachusetts Title V Regulations.

Septic systems are a primary potential source of private well contamination as well as a significant potential source of groundwater contamination acting as a vehicle for injecting pollutants directly into the aquifer. In the siting of septic systems relative to private wells, the Board of Health has established Drinking Water Well Regulations requiring a radius of protection for private wells that varies with the permeability of the soil.

The Rehoboth Board of Health consists of five volunteer members who are appointed by the Board of Selectmen. Currently, they are David Foss (Chairman), Bradley Doyle (Vice Chairman), Kathy Knight, Karl Drown, Rachel Smith (clerk). Our paid staff consists of the Health Agent, Robert Ashton; the Public Health Nurse, Lynn Allienello, RN; the Health Department Clerk, Bette Dyer; and a Manager of the Transfer Station, William Carey, who was assisted by Mr. William Hanrahan and Ms. Carol Cody.

The Board has addressed its responsibilities to community health care issues through educational articles, news releases and cable television programs, immunization clinics and follow-up on communicable diseases to maintain compliance with state and federal regulations. These responsibilities are primarily overseen and conducted by our Town Nurse, Lynn Allienello, R.N. The Town Nurse has also taken a leadership role with respect to municipal emergency planning activities as mandated by state and federal programs.

Ms. Lynn Allienello, in her 11th year of employment with the Town, and the Board of Health received approval from Medicare to become a provider, allowing the Town to receive reimbursements for vaccines

for Medicare Recipients. With the outbreak of a new strain of the H1N1 influenza virus, 2009 was a challenging year. The virus was first detected in April 2009 and the outbreak began in Mexico (Veracruz). The virus spread globally, and in June, the World Health Organization (WHO) and US Centers for Disease Control (CDC) declared the outbreak to be a pandemic. The CDC estimates that, in the United States alone, and as of November 14, 2009, there had been 9,820 deaths caused by swine flu. The WHO has said that the H1N1 virus could still cause infections until winter ends in April (2010), and that it was too soon to predict what would happen once the southern hemisphere enters winter. As of this publication, there have been three public H1N1 vaccine clinics for Town residents provided by the Public Health Nurse in addition to appointments being offered. The Nurse will continue to provide the vaccine to any Rehoboth resident for as long as is necessary. The Town Health Department has worked with regional coalitions and state agencies to maximize the resources available to the residents of Rehoboth. Additional information pertaining to the Public Health Nurse may be found in the 2009 Annual Report of the Town Nurse.

Robert Ashton, Health Agent, is in his seventh year of employment. Mr. Ashton is a Graduate Engineer, a State certified Soil Evaluator, Title V inspector, and certified inspector of food establishments and has worked as an engineer for over thirty years. He performs his duties in a professional manner and has the respect of the Board of Health, the construction industry, his coworkers and the many townspeople he deals with on a daily basis. A three year contract was negotiated by the Board members and Mr. Ashton in June 2008. Both the Health Agent and the Town Nurse continued to participate in Regional Emergency Response Planning Coalition activities. Mr. Ashton conducted food establishment inspections on a regular basis in accordance with state regulations.

The following is a summary of permits issued during the years 2003 through 2009:

Name / Description	2003	2004	2005	2006	2007	2008	2009
New disposal work construction permits	120	91	71	58	64	33	30
Repair disposal work constr. permits	64	52	71	50	58	40	47
Percolation tests	142	135	113	85	80	51	42
Septic haulers permits	12	12	13	15	16	17	14
Rubbish haulers permits	9	10	9	11	11	12	13
Disposal work installers	84	89	95	87	76	63	62
Food service permits	45	48	53	52	51	50	48
One-day food permits	5	3	3	7	9	15	15
Well repair permits	31	10	13	13	14	7	10
Well permits	-	85	83	56	53	30	27
Stable permits	171	166	165	163	162	166	167
Piggery permits	27	27	19	25	27	25	34
Camp permits	6	4	2	2	3	3	4
Syringe permits	1	2	2	2	2	1	1
Swimming pool permits (recreational)	2	2	2	3	3	3	4
Tanning salon permits	1	1	0	1	1	1	1
Portable sanitation permits	19	13	10	31	23	13	20
Inspections	684	590	476	469	312	285	233
Trench Permits	-	-	-	-	-	-	37

Based on a review of the permits issued during the previous five (5) years, it appears that the regional and national economic slow down has lead to a decrease in construction relative to the peak levels observed

during the period from 2003 through 2005. Non-construction related permits and licenses have maintained consistent levels despite the economic factors.

The Solid Waste Transfer Station operates through a self-funded budget relying on vehicle sticker fees and pay-as-you-throw per bag fees to fund its budget. The Board continues to analyze the Transfer Station's operating and recycling costs in order to provide a cost effective operation for the Town while satisfying our obligations to the State. Written bids were requested and obtained for the management of residential solid waste and recyclable materials at the Transfer Station. Waste Management of Massachusetts, Inc. was contracted to provide those services for the three year period beginning in August 2009.

Allied Waste Services serviced the Transfer Station for the period ending July 31, 2009, managing recyclable materials and regulated solid waste handled at the Transfer Station. As stated above, Waste Management began its contract for these services in August 2009. The Town will pay a fixed rate for the disposal of regulated waste, and the town will receive a rebate for every ton of recyclable plastic, cardboard, glass, newspaper, and scrap metal. A container was set up at the transfer station in which residents can recycle all grades of paper. The rebate for the paper recycled is received by the Rehoboth schools. The following is a summary of Transfer Station activity during the years 2004 through 2009:

Item / Description	2004	2005	2006	2007	2008	2009
a. Vehicle stickers	1215	1247	1152	1421	1320	1246
b. Per-bag coupons	5230	5173	4825	4676	5466	5222
c. Recycled tons	318	354	371	257	239	228
d. Solid waste tons	742	728	700	638	658	492
e. Bulk waste tons	176	201	182	140	205	149
f. Compost tons	75	78	80	82	75	95
g. Tires	490	441	468	292	247	161

David JP Foss
Chairman, Board of Health

REPORT OF THE CONSERVATION COMMISSION

RESPONSIBILITIES OF THE REHOBOTH CONSERVATION COMMISSION

Every city and town in Massachusetts has a Conservation Commission charged with administering the Conservation Commission Act (Mass General Law Chapter 40 Section 8C) and the Wetlands and Rivers Protection Acts (MGL Chapter 131 § 40).

The Conservation Commission Act, originally enacted in 1957, empowered municipalities to establish a Conservation Commission for the promotion and development of the natural resources and for the protection of watershed resources of said city or town. The Act authorizes the Rehoboth Conservation Commission to receive gifts, bequests or devises of personal property or interests in real property and may purchase interests in such land with sums available to it. The Commission may and shall acquire,

maintain, improve, protect, limit the future use of or otherwise conserve and properly utilize open spaces in land and water areas within its town.

The **Wetlands and Rivers Protection Acts** asserts, "No person shall remove, fill, dredge or alter any bank, riverfront area, fresh water wetland, coastal wetland, beach, dune, flat, marsh, meadow or swamp bordering on the ocean or on any estuary, creek, river, stream, pond, or lake, or any land under said waters or any land subject to tidal action, coastal storm flowage, or flooding without filing written notice of their intention to so remove, fill, dredge or alter, and without receiving and complying with an Order of Conditions.

Anyone who plans to build, grade, clear, apply herbicides or do any work within 100 feet of a wetland or within 200 feet of a brook, stream or river must contact the Rehoboth Conservation Commission prior to doing so. If the Commission determines that the area on which the proposed work is to be done is significant to one or more of the eight interests of the Wetlands Protection Act, it will impose written conditions as will contribute to the protection of such interests and all work shall be done in accordance.

EIGHT INTERESTS OF THE WETLANDS & RIVERS PROTECTION ACTS	
1. Public & private water supply protection	5. Prevention of pollution
2. Protection of groundwater supply	6. Protection of land containing shellfish
3. Flood control	7. Protection of fisheries
4. Storm damage prevention	8. Protection of wildlife habitat

PERSONNEL

The Conservation Commission is a group of volunteers having no less than three and no more than seven members as appointed by the Board of Selectmen. At year's close the Commission consisted of seven members and two associate members: Chairman Scott Pennoyer, Vice Chair Matt Habershaw, Donna Choate, Bruce Andrews, Wendy Skinner, Tom Nicholson, Robert Materne and Associate Members Karl Drown and David Perry.

Bruce Andrews is the Commission's representative to the Gravel Committee and Tom Nicholson was appointed by the Commission as their representative to the Stormwater Management Committee. Dave Perry was appointed by the Commission as their representative to the Planning Board. Wendy Skinner sits on the Community Preservation Committee and the Agricultural and Natural Resources Preservation Council.

By year's close, the Commission maintained full professional staff with Leeann Bradley as the Town's Conservation Agent and Planner and Stacy Vilao as the part-time Administrative Aide.

APPLICATIONS

The Commission held twenty-six (26) regular meetings in 2009 to review applications, address violations and the concerns of residents, make recommendations for land converting out of agricultural tax-exempt status, and conduct other general business; the Commission conducted over one-hundred site visits to review applications and address violations.

The Commission received eighteen (17) applications and held as many public hearings for Notices of Intent and Abbreviated Notices of Resource Area Delineation (DEP file numbers SE 60-885 through SE 60-902). The Commission received applications and held public meetings to review twenty-six (26) Requests for Determination of Applicability. The Commission continues to process requests for

Certificates of Compliance and Extended Orders of Conditions and review all septic designs received by the Board of Health.

Type of Application	Number of Applications		
	2007	2008	2009
Notices of Intent	38	14	13
Abbreviated Notices of Resource Area Delineation	11	4	4
Requests for Determination of Applicability	22	17	26
Enforcement Orders	19	4	11
Septic Design Reviews	112	62	59
Total Applications	202	101	113
Filing Fees Collected	\$19,748	\$7,813.00	\$2,520.00

CONSERVATION COMMISSION PROPERTY

The Conservation Commission manages twenty-nine (29) parcels of Town-owned property totaling 168.5 acres and co-manages and maintains additional Town property, including:

- Daniel L. Savoie Conservation Area at Shad Factory Pond
- Village Pond Dam and Perryville Dams
- Miller Bird Sanctuary
- Mason Street
- Pond Street

2009 HIGHLIGHTS

The Commission continues to address questions and concerns from residents, abutters and developers in a timely and civil manner. The conservation staff will continue to provide assistance to residents and applicants with questions and concerns regarding proposed construction, septic repairs, and other site work, completion of approved projects, acquisition and preservation of open space, abutter rights, permitting procedure, etc. The Commission members and their staff will continue to monitor approved construction projects to ensure compliance with approved plans and the proper placement of siltation control.

The Conservation Commission is diligently working on a Wetland Protection Bylaw and hopes to present it to town residents at the 2010 Annual Town Meeting or the Fall Special Town Meeting. The Open Space and Recreation Plan is in the process of being revised and should be renewed in 2010.

In conclusion, the members of the Commission wish to express their gratitude to the Board of Selectmen, the Finance Committee, and above all, the Town residents for supporting the Commission's work and by providing the resources to effectively carry out our mission.

Respectfully submitted,
Scott Pennoyer, Chairman

REPORT OF THE COUNCIL ON AGING

The Council on Aging is a department of municipal government, authorized under Chapter 40 Section 8B of the Massachusetts General Laws. The Rehoboth Council on Aging was established for the purpose of coordinating and carrying out programs designed to meet the needs of the aging in conjunction with programs of the Office of Elder Affairs.

Activity participation continues to grow and enthusiasm for keeping fit shows in the number of programs offered within the Council on Aging.

TRIAD, The Best is Yet to Come, Friends of the Elderly, and Rehoboth Helping Hands all work cooperatively with us to enrich the lives and lifestyles of our Rehoboth Community.

The Council on Aging Board of Directors meets the third Wednesday of each month at the Gladys L. Hurrell Senior Center 55 Bay State Road starting promptly at 7:00pm. The public is always welcome to join us at these meetings.

The Council on Aging staff today consists of the following positions:

Director	40 Hours Weekly
Office Assistant	20 Hours Weekly
Clerk / Dispatcher	20 Hours Weekly
Van Driver (1)	20 Hours Weekly
Van Driver (2)	20 Hours Weekly
Activity / Volunteer Coordinator	19.5 Hours Weekly
Outreach	20 Hours Weekly
Meal Site Manager	13 Hours Weekly
Custodian	12 Hours Weekly

The number of service units provided through the Council on Aging continue to increase as the cost of medical insurance, medicines, fuel, food and taxes demand more out of pocket expenses for our elderly and community.

Meals on Wheels	3125
Congregate Meals	3975
Transportation Units	2986
Fuel Assistance (New)	330
Fuel Assistance (Repeat)	482
Non-Senior Services	789
Outreach Services	2129
Handicap Services	184
Telephone Calls	8492
Insurance Issues	1070
Tax Assistance	278
In Office Services	2219

The Council on Aging Board of Directors, Staff and Volunteers are proud to serve the Rehoboth Community and extend an invitation to you to participate in our programs, attend our classes, workshops and presentations or become an active volunteer.

Respectfully Submitted,
Janice Connors
Board of Director Chairperson

ANNUAL REPORT OF THE REHOBOTH CULTURAL COUNCIL

The Rehoboth Cultural Council is pleased to announce the award of \$4010 for 11 grants for scientific and artistic programs which will be enjoyed by Rehoboth residents of all ages.

A complete list of recipients and grant amounts can be found below.

The Rehoboth Cultural Council is part of a network of 329 Local Cultural Councils serving all 351 cities and towns in the Commonwealth. The LCC Program is the largest grassroots cultural funding network in the nation, supporting thousands of community-based projects in the arts, sciences and humanities every year. The state legislature provides an annual appropriation to the Massachusetts Cultural Council, a state agency, which then allocates funds to each community.

Decisions about which activities to support are made at the community level by a board of municipally appointed volunteers. The members of the Rehoboth Cultural Council are: Michael Deignan, Amy Parelman, Denise Laferriere, Maryjean Archambault, Mary Goldberg, and Laura Bennett.

It's the local volunteers who really make this system work. They make limited resources go as far as possible, and they make the tough decisions about which projects should be supported. Thanks to them, the arts, sciences and humanities are part of people's everyday lives in every community across the state. The Rehoboth Cultural Council welcomes new volunteers to join the Council and help represent a diversity of backgrounds and interests in awarding future grants.

Statewide, more than \$2.65 million will be distributed by local cultural councils in 2010. Grants will support an enormous range of grass-roots activities: concerts, exhibitions, radio and video productions, field trips for schoolchildren, after-school youth programs, writing workshops, historical preservation efforts, lectures, First Night celebrations, nature and science education programs for families and town festivals. Nearly half of LCC funds support educational activities for young people. This includes the PASS Program, which provides subsidies for school-age children to attend cultural field trips.

The Rehoboth Cultural Council will seek applications again in the fall of 2010. Information and forms are available online at www.mass-culture.org. We encourage local artists, musicians, craftspeople, educators, historians, scientists, and others to apply for grants.

This year's grants include:

Pied Potter Hamel's Magical Potter's Wheel \$475

Shane Wood Jazz Trio \$500

How to Pastel Paint Expressively: Van Gogh's Starry Night \$435

Oak Knoll Wildlife Sanctuary's Connecting People and Nature presentations \$200

Educating Rita: a Two Person Show \$400

Ed Cope's Reading is Magic program \$375

Carpenter Museum & Blanding Library's Literary and Potato Peel Pie Society Tea and

Exhibit in honor of local World War II veterans \$350

SMARTS Collaborative Touring Middle School Art Exhibit \$100

South Coast Historical Associates presentation of Colonial Life in the 18th Century \$475

Lakeville Arts & Music Festival \$200
Buck Expeditions Explorers Program \$500

Respectfully submitted,
Laura Bennett, Chair

REPORT OF THE FINANCE COMMITTEE

The Town of Rehoboth, like many others across our nation, is struggling financially and this year's budget cuts reflect our fiscal reality. It is important to note that although some of our financial challenges have been created by a reduction in state aid and local receipts it is not our primary problem. Our primary problem is that our largest and only dependable source of revenue is property taxes and this amount of money is insufficient given our current level of expenses. Currently property taxes account for about 80% of our total revenues.

This year the finance committee began the budget season with a deficit exceeding one million dollars. The finance committee worked for four months meeting with all department managers and committee chairs to find out what each department does for the town and how much it costs. We built the budget from zero up...zero-based budgeting. The finance committee had to recommend across the board cuts to salary and wage lines. At special town meeting, we re-allocated some of these reductions based on some of the restructuring that began through layoffs and terminations of employees due to attrition. It is important to note that the town entered into a three-year contract with the highway and clerical unions in fiscal 2008. We are in year two of this contract, which increases the wages of the union personnel by 3% each year.

We recommended the required minimum contribution for the schools, which is far below the schools assessment to the town of Rehoboth. We anticipate the minimum contribution for the schools will increase approximately 500,000 next year, which once again will be far below the school committee's assessment to the town. The new state funding formula along with unfunded mandates, increase in special education, and long term commitments such as health and pension costs to retiree's compounded by our lack of constant and consistent revenue makes the task of balancing the budget more difficult each year.

The town cannot afford to operate like it has any longer. In order to improve our situation, the town must find ways to increase revenues and or further reduce expenses. The Board of Selectman formed three new committees, Revenue Enhancement Committee (which reports to both the BOS and Finance Committee); the Energy Committee and the Building Study Committee in order to address our fiscal concerns. All of these committees were formed to either raise additional revenue or reduce our costs. These committees did not have a direct impact this year but should impact positively next year and the years to come. The passing of a meal and hotel tax will bring in revenue for 2011 and every year thereafter. The update of our fees, consistent with other surrounding communities will increase our local revenue. The energy committee has looked to utilize alternative energy, solar panels, as a source for some of our town buildings...not only saving money but also protecting our environment. The Building Study Committee is evaluating all of our town buildings to offer the best use for each.

All residents of this community have much at stake and your vote at Town meetings will establish priorities for our education system, public safety, public works, and other Town departments. Please take the time to get informed and come to Town meeting and participate in the discussion and voting. Ultimately, the decision is yours.

Respectfully submitted,
Sue Pimental, Chairman

REPORT OF THE FIRE DEPARTMENT

The Rehoboth Fire Department and its dedicated Call/Volunteer Firefighters responded to 406 calls in 2009.

These calls included all types of calls such as Structure Fires, Chemical Spills, Fire and Carbon Monoxide Alarms, Public Assists, Motor Vehicle Crashes and Water Emergencies.

Our Call/Volunteer Firefighters continue to spend countless hours maintaining certified training by the Massachusetts Fire Academy. The Rehoboth Fire Department continues to participate in the Massachusetts Fire Academy's Bristol County Firefighter I and II Recruit classes of over 40 Firefighters from all over Bristol County. The Firefighters commit to intensive training two (2) nights per week and two (2) Saturdays per month for twenty-eight (28) weeks, equaling one hundred fifty (150) hours of training to become Firefighters I and II certified.

Six (6) Rehoboth Firefighters attended this year's Recruit Class at the Fall River Fire Training Center. All six recruits completed the course and were certified as Firefighters I and II.

Due to the significant increase in the use of alternative home heating methods this past year, the Department has responded to a greater number of serious Carbon Monoxide Alarm calls. Because Carbon Monoxide is an odorless and colorless gas, it is a silent killer. CALL 911 IMMEDIATELY should your detectors go off or beep continuously! Your life and that of your loved ones could depend on it.

Know that as your Fire Chief, Rehoboth is well represented at the County and State level in the Fire Service. I continue to represent Rehoboth as a Director of the Massachusetts Fire Chiefs' Association; as a member of the Board of Directors of the Bristol County Fire Chiefs; as a member of the Massachusetts Call Chiefs Subcommittee; as the County Coordinator of the State's Mutual Aid Mobilization Task Force and as Treasurer of the Bristol North EMS Committee. It is extremely important that the needs of Rehoboth continue to be heard at the local, county and state level.

In 2009, the Department purchased a used 1985 E-One 110 foot Aerial Ladder to replace the 1979 used Aerial Ladder, which could no longer receive certification. The new Ladder Truck has been certified and will be in service in early 2010.

My firefighters and I would like to thank all of the town residents who continue to support us at Town Meeting and at our many fundraisers at all Stations. As Chief, I would like to thank all of my Fire Officers, Firefighters and their families for their dedication and commitment to help make Rehoboth a safe place to live. We encourage you to visit the Stations for a tour and with any questions you may have about Fire Safety in your Homes.

Be safe in 2010.

Respectfully Submitted,
Robert F. Pray, Fire Chief

REPORT OF THE SUPRINTENDENT OF STREETS

I hereby submit my report as Superintendent of Streets for the year ending December 31, 2009.

The Highway Department has completed a busy, eventful year consistent with another New England winter, that was costly for Rehoboth again this year, pushing the snow budget over \$128,000.00 from the allocated \$200,000.00.

The drainage at the Nike Park was cleaned and upgraded, then the Highway Department graded off the material that was piled up at the site so the Parks Commission could use it for their events. Working with the plumber at the Town Hall the Highway Department helped him upgrade the damaged piping to the septic system. We also installed a D-box at the North Rehoboth School to bring it up to standards.

We overlayed Providence, Peckham, and Water Streets with Chapter 90 State funds. We also stone sealed Cross, Rocky Hill Road, Agricultural and Esbjurn Drive with Chapter 90 funds totaling approximately \$580,000.00. My concerns moving forward with the Towns infrastructure taking such a large cut every year especially with the Road Program budget; it is my professional belief that the infrastructure will suffer significantly.

PLANS/PROGRAMS/PROJECT FOR THE YEAR 2010

Working on the infrastructure is our top priority for 2010. We have taken great strides in cleaning up a lot of drainage problems significantly decreasing overtime at the department. We will overlay approximately 3 to 5 miles of roads and stone seal double that amount, to cut back on potholes. Replacement of Rocky Run culvert on Pleasant Street is another top priority of the department. We will be taking a second look at the different culverts in the town to upgrade them due to age.

I would like to take this opportunity to thank Carol Breault and every other employee of the Highway Department and Town departments and all the residents for their continuing support. We really do appreciate it.

Respectfully Submitted,
Peter B. Richmond, Superintendent of Streets

ANNUAL REPORT OF THE HISTORICAL COMMISSION

During 2009 we completed the sill repairs on the historic Hornbine School building. This has been a major multi-year project in which large sections of the sills had to be replaced because of deterioration. In the near future it will be necessary to replace some of the window shutters. Several of the windows frames will also need to be replaced as there is extensive damage from wood rot. A large tree limb from an abutter's property fell into the play yard at the Hornbine School. The tree was dead and there were other large limbs that could fall in the area where children play. A Commission member, Cathy Potter, talked with the owner of the abutting property and he graciously removed the tree.

We purchased 25 copies of In Old Rehoboth Book II. The Commission distributed these books to town schools, libraries, etc.

We took possession of the Rehoboth aerial maps of the town of Rehoboth and have stored them appropriately until we can have a proper case built for them.

A new sign was made to mark the historic Carpenter Street Bridge. The history of the area was researched and a correct historical description was put on the sign. The Iron Mine historic sign was located and has been replaced at the proper place.

One member of our committee was needed for the Preservation Committee. Rebecca Smith volunteered to represent our Commission.

Members of the Rehoboth Historical Commission are: Terry Pike, Chair; E. Otis Dyer, Jr. Secretary; Catherine Potter, Treasurer; Rebecca Smith, Ruthanna Davis, Jim Johnston and E. Otis Dyer, Sr.

Respectfully submitted,
Terry Pike, Chair

PLANNING BOARD ANNUAL REPORT

RESPONSIBILITIES OF THE REHOBOTH PLANNING BOARD

The Rehoboth Planning Board is charged with reviewing all divisions of land, proposed subdivision roadways, and new or modified commercial buildings for compliance with the Rehoboth Zoning By-law

and Rehoboth Rules and Regulations Governing the Subdivision of Land. The Planning Board is also the Special Permit Granting Authority for common driveways, modifications to roadways designated by the Town as Scenic, and development in the groundwater protection district.

The Planning Board values comments and amendment suggestions regarding the Town's Zoning By-law and Subdivision Regulations and periodically reviews them for their suitability and applicability. Requests for amendments or additions to the Zoning By-law may be submitted to the Selectmen's Office by petition of ten registered voters for placement of an article on the Town meeting warrant and requires a 2/3-majority vote for approval. Amendments or additions to the Subdivision Regulations are approved by a majority vote of the Planning Board after discussion at a public hearing advertised in the Sun Chronicle and posted with the Town Clerk.

The Rehoboth Zoning By-law addresses such issues as permitted uses in the three zoning districts, minimum size and frontage requirements for buildable lots, uses allowed by special permit, site plan and special permit procedures, off-street parking, and signage. The By-law was most recently amended in 2009 to promote the health, safety, convenience, and welfare of the inhabitants of the Town of Rehoboth, to regulate properly the location, size, and use of buildings and the use of premises in the Town; to lessen dangers from fire, congestion, and confusion, and to improve and beautify the Town.

The Rehoboth Rules and Regulations Governing the Subdivision of Land address administrative and design standards required for the review of all subdivisions of land and new subdivision roadways. The Regulations were enacted in 1947 and most recently amended in 2008 for the purpose of protecting the safety, convenience and welfare of the Town's inhabitants by regulating the laying out and construction of ways in subdivisions.

The Board's staff strives to address all questions and concerns from residents, abutters and developers in a timely and civil manner. The staff will continue to provide assistance to the public with questions and concerns regarding proposed subdivisions or commercial buildings, completion of approved projects, zoning requirements and land use regulations, easements, safety issues, abutter and residents' rights, permitting procedure, etc.

Construction of roadway and commercial construction projects continues to be closely monitored by the consulting engineers hired by the Board, as well as by the Town Planner and Board members themselves.

PERSONNEL

The Planning Board consists of seven voluntary members elected by the Town of Rehoboth, or appointed by the Board of Selectmen to fill vacated positions. The Board currently has seven elected members: Chairman Robert Moitozo, Vice-Chairman Michael Costello, Clerk Mary Lou Jones Drown, Edward Bertozzi, James Muri, Dr. Joseph Tito, and John Moriarty. The town's Planner/Conservation Agent is Leeann Bradley, who has been in this position since mid-April of 2008. Her time is split between the Conservation Commission and the Planning Board. Due to budget constraints, the position of Administrative Aide for the Planning Board was eliminated.

Chairman Moitozo was appointed to act as liaison between the Planning Board and the Board of Selectmen; as well as continuing to represent the Planning Board with SRPEDD (Southeastern Regional Planning and Economic Development District). Vice Chairman Costello was appointed as liaison between the Planning Board and the Conservation Commission. Mr. Moriarty was appointed by the Planning Board to be its representative to the Gravel Committee. Mr. Muri was appointed by the Board to represent its interest in the Rehoboth Agricultural and Natural Resources Preservation Council.

APPLICATIONS

The Board held twenty-five meetings in 2009 to conduct general business and review applications for all proposed subdivisions of land, residential subdivisions, new and modified commercial buildings, and construction in the groundwater protection district. The Board reviewed applications with the assistance of consulting engineering firms PARE Engineering of Lincoln, Rhode Island, Vine Associates of Hingham, MA and Gale Associates of Braintree, MA.

The Planning Board received the following two commercial site plan applications which were approved with conditions: (1) J. Little Mercer Company - Construction of two 6,000 square foot commercial buildings and associated utilities and parking area on Hornbine Road and (2) Speedway Liquors – construction of a new 7,750s.f. liquor store with the associated parking area, loading area and underground utilities at the existing location of Speedway Liquors on Fall River Avenue.

The Board held one additional public hearing in 2009 where it approved, with conditions, a Groundwater Special Permit for Speedway Liquors.

The Board recommended to the Town they vote in favor of a proposed amendment to the zoning by-law Chapter E, Zoning By-law, Article 4.5.6(g), 'Groundwater Protection District' by clarifying the language within the Public Hearing and Decision section to read "The Planning Board shall render a decision within ninety (90) days following the closure of the public hearing".

The Town Clerk's office received and forwarded to the Board the following applications:

Type of Application	Number of Applications					Number of Lots Created				
	2005	2006	2007	2008	2009	2005	2006	2007	2008	2009
Form A: Subdivision Approval Not Required	41	41	34	31	12	72	98	103	71	37
Form B: Preliminary Subdivision	4	6	2	1	0					
Form C: Definitive Subdivision	3	5	2	0	0	26	57	57	0	0
Commercial Site Plans	5	2	4	6	2					
Special Permits	5	1	1	3	1					
TOTALS	58	55	43	41	15	98	155	160	71	37
FEES COLLECTED	\$ 19,100	\$ 19,050	\$ 26,675	\$ 14,671	\$17,375					

HIGHLIGHTS

Members of the Planning Board continue to develop their knowledge of federal and state zoning and planning laws by attending various classes or conferences, including those offered by the Southeast Regional Planning and Economic Development District and the Citizen Planner Training Collaborative.

The Town of Rehoboth's Zoning By-laws and Rules and Regulations Governing the Subdivision of Land are available in downloadable PDF format on the Town of Rehoboth website.

During early 2009, a town resident appeared before the Planning Board in order to discuss a plan of constructing a small scale wind farm on their property. The Board discussed and decided that it would be in the town's best interest to research and write a by-law overseeing the installation of wind turbines. An ad-hoc committee was organized by Michael Costello, Vice Chair of the Planning Board. The seven (7) member ad-hoc committee spent a considerable amount of time researching, discussing and writing a comprehensive Wind Energy Bylaw. This bylaw was favorably voted upon at the 2009 Fall Town Meeting. The Board of Selectmen requested that the ad-hoc wind turbine committee members remain active in all matters relating to the energy concerns of the town thereby becoming the town's Energy Committee.

As voted at the 2009 Special Town Meeting, the Planning Board now has the ability to appoint one (1) Associate Member to the Board in order to serve as a voting member when the Planning Board is acting as the Special Permit Granting Authority. The Associate Member shall act in the case of absence, an inability to act, or a conflict of interest on the part of any member of the Planning Board, or in the event of a vacancy on the Board. This term shall be for one (1) year beginning July 1 and ending on June 30.

The Board received an \$8,000 grant from the South Coast Rail Project in order to draft an Open Space and Residential Design Bylaw. The subcommittee consists of James Muri, Robert Materne, Carol Williams, Rachel Smith, June House and Planner, Lecann Bradley. In keeping with the goals of the Master Plan, this bylaw will help to ensure that the rural character and open space within the town is preserved. The final version of the bylaw is scheduled for completion in June of 2010 and will be presented at the 2010 Fall Town Meeting.

The Board and its staff will continue these organizational efforts in 2010 with the identification of storage space and acquisition of more appropriate plan and document filing systems. The streamlined procedure of relegating completed projects to permanent storage and keeping organized all current applications will result in a less congested and more efficient workplace.

Planning Board initiatives for 2010 include:

- Comprehensive revision to the Board's Rules and Regulations Governing the Subdivision of Land to include more pertinent roadway design specifications and application requirements.
- Revision of the Board's Rules and Regulations Governing the Subdivision of Land to include more rigorous specifications for installation of drainage, to result in improved drainage systems that require less maintenance than currently allowed drainage structures.
- Requiring the digital submission of all land division and subdivision plans in accordance with MassGIS's standards.
- Implementation of the Master Plan which was finalized in 2000.
- Sponsoring educational seminars to inform residents of successful zoning options practiced in neighboring towns.
- Consideration of changes in the Board's Rules and Regulations Governing the Subdivision of Land to collect impact fees and creation of maintenance escrow accounts to offset increasing costs to the Town.
- Investigate innovative ways to reduce maintenance costs associated with new developments.

Respectfully Submitted,
Robert Moitozo, Chairman

ANNUAL REPORT OF THE POLICE DEPARTMENT

Below is a partial list breakdown of the calls for service that this department responded to in 2009:

Alarms	1145
Arrests/Complaints	506
Assaults	92
Burglary	78
Disturbances	142
Domestic Abuse	69
Erratic Operator of a motor vehicle	408

Department Staffing

The Rehoboth Police Department has a total of 19 full time uniformed police officers from Chief down. We currently have two Patrol Lieutenants, one that works the 4-12 shift and the second that works the midnight to eight shift. We also have an Administrative Lieutenant that is currently working the 8-4 shift. There are four Sergeants, one which is our Court Officer at the Taunton District Court. We have a total of eleven Patrol Officers, one being the K-9 handler and two being female officers. We had one officer, Patrolman Mazzola that transferred to the Town of Norwood. A congratulations to Sergeant Peter Withers who retired this year from the Rehoboth Police Department.

Salary Information

Weekly base pay rates for Lieutenants depending on years of service range from \$1,327.95 to \$1,353.50, Sergeants base pay rates range from \$1,098.35 to \$1,259.50 and Patrol Officers base pay rates range from \$842.00 to \$984.00.

Base pay rates for full time dispatchers depending on years of service range from \$763.60 to \$806.80. Base pay rates for part time dispatchers range from \$13.00 per hour to \$15.00 per hour.

Training

The Rehoboth Police Department strives to better our officers with continuous training both classroom as well as hands on traing. The following is a summerized list of training that the officers have attended. Interview and Interrogation, Narotics Field Testing, Bullet Proof Mind, Live Scan Training, Taser Instructor, Use of Force, Policy development for Law Enforcement, Crisis Negotiators, Inside the Mind of a Teen Killer, Basic Fingerprinting, Labor Relations, Fist Responder and much much more.

Police Vehicles

The Rehoboth Police Department fleet consists of a total of 16 police cruisers and one speed trailer. The majority of the fleet are Ford Crown Victoria's. Our K-9 vehicle is the Chevy Impala model which we are phasing out. Included in the 16 are 3 detail cruisers, and 1 for court/training.

Police Grants

The Rehoboth Police Department continues to seek out grant monies to offset some of our important projects. The following is a list of grants that we received for 2009.

1. Cops Re-Hiring Grant \$77,187.00
2. State 911 Support & Incentive Grant \$18,921.00
3. Community Policing Grant \$16,000.00
4. Governor's Highway Safety Bureau \$11,400.00
5. State 911 Training Grant \$5,000.00

Giving us a grand total of \$128,500.00 in grant money for the year.

Respectfully submitted,
James Trombetta, Lt.
Acting Chief

REPORT OF THE AGRICULTURAL AND NATURAL RESOURCES PRESERVATION COUNCIL

In the second year of the Agricultural and Natural Resources Preservation Council one of our main priorities was the passage of the Community Preservation Act (CPA). Several members of the Council served on the CPA committee to campaign for its passage in the April elections. While the CPA serves to benefit other community projects, it shares the Council's mission to "facilitate, foster and promote activities that are in the interest of preserving agricultural land, natural resources, and revitalizing the agricultural industry in the Town." Preservation of open space for its agricultural value, its natural resources, and its value for recreational purposes is a common goal.

In April 2009 the Community Preservation Act was adopted by the Rehoboth voters. Its funds derived from a 1% surcharge on property taxes augmented by a State match will be used by the Town for preservation of open space and historic properties, and for the support of community housing and recreational opportunities. Working with the funds allocated to the Agricultural Trust Fund, the Council hopes to partner with the Community Preservation Committee in achieving many beneficial projects for the Town.

In the latter part of the year, the Agricultural and Natural Resources Preservation Council developed a plan to attempt to reach major landowners in Town to offer information on options for the preservation of their properties. An informational booklet was sent to a number of landowners upon request and follow-up discussions are available if requested.

The Council has continued to try to identify priority areas in the Palmer River watershed and seeks to preserve and protect these valuable assets in our Town.

The Council has set its meetings for the fourth Wednesday of the month.

Respectfully Submitted,
Carol K. Williams, Chairperson

ANNUAL REPORT OF REHOBOTH EMERGENCY MANAGEMENT

The Rehoboth Emergency management agency is charged with the responsibility to develop and implement a comprehensive emergency management plan to deal with natural and man-made disasters.

The Plan seeks to mitigate the effects of a hazard, to prepare for measures to be taken which will preserve life and minimize damage, to respond during emergencies and provide necessary assistance, and to establish a recovery system in order to return the community to its normal state of affairs. The Plan addresses emergency situations in which the actions of many different agencies must be coordinated. This coordination effort differs from those emergencies handled on a daily basis by local Fire, Rescue, Medical and Law Enforcement Personnel. The Plan attempts to define in a straightforward manner who does what, when, where, and how to mitigate, prepare for respond to and recover from natural and manmade disasters.

REMA participates in monthly area wide races drills testing our emergencies communications. REMA has a licensed radio communications group trained for times emergency operations.

REMA actively participates in area wide drills and meetings conducted by Massachusetts Emergency Management Agency to keep current in all policies and procedures.

REMA conducts quarterly town public safety meetings with department heads to coordinate our efforts towards our comprehensive emergency management plan.

Respectfully Submitted,
William Maiorano
Emergency Management Director

**A REPORT TO THE TOWN OF REHOBOTH FROM THE COMMISSIONERS OF THE
SOUTHEASTERN REGIONAL PLANNING & ECONOMIC DEVELOPMENT DISTRICT (SRPEDD)**

The Town of Rehoboth is a member of the Southeastern Regional Planning and Economic Development District. SRPEDD (pronounced sir-ped) is the regional agency serving twenty-seven cities and towns in southeastern Massachusetts dealing with common issues facing our region, such as economic development, growth and land development, transportation, environment and general planning for the future. SRPEDD is governed by a Commission of local mayors, selectmen, planning board members and at large members. We are funded by federal and state grants and local assessments. For 2009, the Town of Rehoboth paid \$1,643.08 to SRPEDD, based upon an assessment of 16.15 cents per capita.

Local citizens serving at SRPEDD included the following:

- < SRPEDD Commission: Peter Richmond and Robert Moitozo
- < Joint Transportation Planning Group: Peter Richmond
- < Southeastern Massachusetts Commuter Rail Task Force: Christopher Morra, Sr.

Some of SRPEDD's more significant accomplishments during 2009 were:

- SRPEDD launched new programs to assist cities and towns to address the ongoing fiscal crisis. A regional cooperative purchasing program was begun this year with two rounds of bidding for public works related items. Regional groups were also established to explore the potential of regional 911 dispatch services and the possibility of combining other municipal services. This effort was funded under the state's DLTa program.
- Completion and approval of the Transportation Improvement Program (TIP), which sets regional priorities for federal transportation funds, and the Regional Transportation Plan (RTP). The TIP established priorities for federal and state regional targets for highway projects, and transit funds for GATRA and SRTA over the next 3 years.
- Comprehensive Economic Development Strategy for Southeastern Massachusetts, a regional economic development strategy, was completed and certified by the U.S. Economic Development Administration, making the region eligible for federal economic development grants from EDA.
- The Taunton River was designated by the US National Park Service as a Wild and Scenic River in 2009. This designation was the culmination of over a decade of work by SRPEDD and a group of hard working citizens. SRPEDD is also a partner with 9 other organizations in the Taunton River Campaign.
- South Coast Rail remained a major priority in 2009. SRPEDD continued to support the Southeastern Massachusetts Commuter Rail Task Force, which includes representation from SRPEDD

SRPEDD municipalities and regional organizations. SRPEDD's work on priority development and priority protection area designations culminated in the release of the Corridor Plan in August. Plans for development around the train stations commenced in 2009 and will continue into 2010.

- SRPEDD continued as the designated fiduciary agent by the Massachusetts Executive Office of Public Safety for the Southeast Regional Advisory Council for Homeland Security serving 96 communities in 6 counties in southeastern Massachusetts. The Council has awarded \$23.12 million in federal homeland security funds since 2004.
- SRPEDD conducts a district-wide traffic counting program (including speed surveys and vehicle classification, and 47 intersection turning movement counts) and maintains a computer file of all available traffic count data throughout the region. SRPEDD undertook 125 traffic counts at various locations this past year.
- An extensive Geographic Information System (GIS) mapping program is maintained by SRPEDD. Every year new computerized "data layers" are added to the system. In 2009, SRPEDD completed a web-based mapping tool for all cities and towns in the region that will enable them to evaluate sites in the community.
- SRPEDD operates the Southeastern Massachusetts Data Center, providing information to businesses, cities and towns, and individuals.
- In cooperation with UMass Dartmouth, SRPEDD organized the Southeastern Massachusetts Council on Sustainability in 2009, with assistance from the Island Foundation. The broad-based Council is addressing how the region prepares for the future.
- SRPEDD continues to provide planning and support to the two regional transit authorities, SRTA and GATRA, on various efforts including: consumer advisory committees, route evaluations, planning, monitoring services and federal reporting.
- SRPEDD maintains a comprehensive database of all 355 signalized intersections in the region. This includes geometry, traffic volume, crash rate, signal timing and operational characteristics.
- SRPEDD continued its affiliation with the South Eastern Economic Development (SEED) Corporation, which makes loans to small businesses for expansion.

In addition, municipal assistance was provided to the Town of Rehoboth in the following areas:

- Provided Mapping Data, Technical Assistance and Survey Review for Agricultural Commission
- Completed Signal Warrants Analysis

SRPEDD was created to serve the cities and towns of southeastern Massachusetts. We are governed by elected and appointed officials from all the cities and towns. We look forward to serving you in the future.

ANNUAL REPORT OF THE STORMWATER COMMITTEE

RESPONSIBILITIES OF THE REHOBOTH STORMWATER COMMITTEE

The Committee is charged with upholding the Best management practices that work most efficiently with our town. They are also charged upholding, modifying, and enforcing the Stormwater By-law file with the Environmental Protection Agency.

PERSONNEL

Stormwater Officer

Highway

Board of Health

Water Commission

Conservation Commission

Planning Board

Conservation Agent/ Town Planner

Administrative Adie

Michael Costello

Peter Richmond, Superintendent

Robert Ashton, Health Agent

Walter Munroe

Tom Nicholson

Jim Muri

Leeann Bradley

Stacy Vilao

The Committee would like to thank Peter Richmond for his part as Stormwater Officer in 2009.

In 2009 the committee was diligent in making sure that the catch basins were cleaned and the roads were swept. The oil collection at the Highway Department through the Board of Health was kept on track and approximately 1,431 gallons of waste oil was collected to keep it off the roadsides, streams and rivers protecting our water resources in the town.

Through the course of 2009 working with the Conservation Commission we upgraded water run off swales to a higher quality system by putting trap rock in said swales to cut down on siltation going into the wetlands and rivers.

The ongoing relationship between the Highway Department and the Stormwater Committee will see a great deal of difference in the next few years in road sweeping, catch basin cleaning and upgrades to roadways due to budget cuts. We also will not be able to implement Stormwater requirements because of lack of funding. The Committee will strive to make sure we all have clean water in our town.

The Committee has finalized their Stormwater Permits.

In 2009 we have erected signage in resource areas determined by the Committee, trash barrels in some areas to collect litter and stencils by swales and catch basin grates warning those that discharge directly into water resources high impact areas.

Respectfully Submitted by,
Michael Costello, Stormwater Officer
On Behalf of the Stormwater Committee

REPORT OF THE TAX COLLECTOR

I would like to thank my Assistant Sandi for her hard work and dedication to serving the town residents in such a caring manner. We are always available to answer any questions that the taxpayers may have regarding their taxes and anything else we can help with. Please contact us at (508) 252-3262 ext. 120 if you have any questions.

The Collectors' Office will continue to offer the On-Line Payment service. We realize the importance of offering this payment option. It is very helpful to the residents with their busy schedules. The process for residents to pay online is simple: with your bill, checkbook and/or credit card in hand you are able to go to: www.town.rehoboth.ma.us -- Click on On-Line payments and simply follow the screens to process your payments. You will need to know your bill number for Real Estate and Personal Property and also for your Motor Vehicle you will need your bill number and license plate number in order to pay on-line. Invoice Cloud is a new on-line payment system that the town is now using and there is now a \$.40 charge to pay with a check. If you choose to pay with a credit card there is a fee which is not generated to the town it is generated to the credit card service. This fee will appear before you make your final payment. Also starting with Fiscal 2012 February payments you will now be sending your payment to the Norwood Lockbox instead of to the Town of Rehoboth address. This will eliminate the many hours of mail that we receive here at the town. The payments will be credited on the day the payment is received and will not be waiting approximately (3) weeks to get processed in the Collector's office due to a decreased staff. Your payments will still go to Bristol County Savings Bank and credited to your account on the same day. If you have any questions regarding your tax bill please contact the office.

If at any time during the year you either sell or buy a home please contact the Collector's office regarding your tax bill to be sure that the bill is being mailed to the proper owner and address.

The following is a schedule of Tax Receivables for Fiscal Year 2008.

Respectfully submitted:
Cheryl A.Gouveia, CMMC
Certified Tax Collector

REPORT OF THE REGISTRAR OF VOTERS

The Board of Registrars conducted special voter registration sessions in accordance with state law prior to each election and town meeting. Pertinent dates and other related materials have been recorded as prescribed by Massachusetts General Law.

The annual listing of residents was completed and showed a population as of January 1, 2008 of 11,910. This represents an increase of about .4% from the previous year.

The voter registration figures for December 31, 2008 were as follows:

Party	Precinct 1	Precinct 2	Precinct 3	Total
American Independent	0	0	1	1
Conservative	1	0	0	1
Democrat	442	486	545	1473
Green Party USA	2	1	1	4
Green Rainbow	0	3	4	7
Inter. 3 rd Party	2	0	1	3
Libertarian	3	7	8	18
Reform	1	0	1	2
Republican	412	500	392	1304
Socialist	1	0	0	1
Unenrolled	1648	1615	1624	4887
We The People	0	1	0	1
Working Families	0	0	0	0
Grand Total	2512	2613	2577	7702

I would like to thank the Board of Registrars for their professionalism and the efficient work that they do on our town census and voter registrations.

The Board of Registrars would like to take this opportunity to thank the residents of Rehoboth for their cooperation in returning their annual census forms.

Susan J. Robert
Helene Vitale

REPORT OF THE REHOBOTH TOWN CLERK

The Annual Town Meeting, which convened on April 13, 2009, was concluded in two sessions and one Special Town Meeting was held on October 26th.

The Annual Town Election was held on April 6, 2009 and a Special State Primary was held on December 8, 2009.

The following have been recorded in the Town Clerk's Office for the past year.
Births - 37 Deaths - 62 Marriages - 42

Other recordings included:

Marriage Intentions	42
Pole Locations	11

The following were issued by the Town Clerk's Office:

	2007 Dog Licenses (2009)
85 Business Certificates	20 Kennel Licenses
213 Death Certificates	3 Raffle Permits
69 Marriage Certificates	45 Birth Certificates
12 Underground Gas Storage Permits	30 Prior Year Dog Licenses

The Town Clerk's Office took in a total of \$49,282.81, which included the following:

Miscellaneous Receipts/Fees	\$32,098.60
Prior Year Dog Licenses/Late Fees	\$360.00
2009 Dog License Fees	\$14,580.00
2009 Late Dog License Fees	\$1,896.00
2009 Photocopies/Tax/Postage	\$348.21
TOTAL RECEIPTS	\$49,282.81

I wish to extend my thanks to Lynn Shaker for the outstanding support she provides as the Assistant Town Clerk. Lynn's experience and knowledge ensure prompt and excellent services to our Town residents and she must be commended for her diligence, her courtesy to the public and the fact that she is such a pleasure to work with. I would also like to thank Debra Giles for the seven months that she worked as the Assistant Town Clerk. Deb gave the job 100% and I appreciate all of her efforts.

Respectfully submitted,
Kathleen J. Conti, Town Clerk

ANNUAL TOWN ELECTION - APRIL 6, 2009

PRECINCT I: The inhabitants of the Town of Rehoboth who are qualified to vote in elections and primaries in Precincts I met at the Town Office, 148½ Peck St., Rehoboth, Massachusetts, on Monday, April 6, 2009 at 10 a.m. to bring in their votes for the election of officers for ensuing year.

The following duly sworn election officers reported for duty.

Warden: Phyllis C. Salley
Clerk: Barbara A. Parent
Inspectors: Edward J. Bliss, Imelda H. Bliss, Virginia Latham,
Evelyn Viau
Constable: Douglas C. Johnson, Sr.

The ballot box was opened and found empty and the EAGLE unit set on top of it. The counter on the EAGLE read 0000. The key to the ballot box was turned over to the Constable. The EAGLE seal was #0058163.

Precinct Warden Phyllis C. Salley read the Warrant and the Return of Service and declared the polls open at 10 a.m.

The Precinct Clerk signed a receipt for 1200 ballots.

Twenty four (24) Absentee Ballots were received and processed during the day.

The following observers for candidates were noted.

Robyn Balents, 166 County Street representing Christopher P. Morra
Nancy Muri, 82 School Street representing Kevin R. McBride
Maureen Whittemore, 21 Pond Street representing Kevin R. McBride
Wendy Wolfe Cardarelli, 76 Ash Street representing Christopher P. Morra
Lorraine Botts, 167 County Street representing Christopher P. Morra
Lucille Amaral, 20 Pine Grove Road representing Kevin R. McBride
Karen Frenier, 33 Bay State Road representing Christopher P. Morra
Susan Pimental, 127 Cameron Way representing Kevin R. McBride
Janet Hurrall, 33 Bay State Road representing Christopher P. Morra

Events of the Day:

36 Fairview Avenue

The Warden Phyllis Salley gave a five-minute warning at 7:55 p.m. and she declared the polls closed at 8 p.m.

The EAGLE unit indicated 969 ballots had been cast during the day. The voting list indicated that 969 voters had cast ballots.

There were seventeen Spoiled Ballots and zero Provisional Ballots. There were no ballots in the auxiliary (outside front) section and 119 Write-In ballots in Section one (1), which were hand tallied. There were 850 Ballots in Section two (2) Back Compartment. A tape was printed from the EAGLE, write-in ballots were tallied, and the Warden announced the official results.

Results of balloting are printed at the end of all precinct reports.

Ballots, tally sheets and other materials were turned over to the Town Clerk for storage at the Town Office.

An additional two absentee ballots were hand counted and the total tally was adjusted to 971.

Respectfully submitted,
s/Barbara A. Parent, Precinct Clerk

PRECINCT II: The inhabitants of the Town of Rehoboth who are qualified to vote in elections and primaries in Precincts II met in the Gladys L. Hurrell Rehoboth Senior Center, 55 Bay State Road, Rehoboth, Massachusetts, on Monday, April 6, 2009 at 10 a.m. to bring in their votes for the election of officers for the ensuing year.

The following duly sworn election officers reported for duty.

Warden: Caroline Knowles
Clerk: Bileen Corrigan
Inspectors: Barbara Beals, Charlotte Castro, Audrey
Hckilson, Kathrynne Sullivan

6:45 Spoiled ballot
7:40 Spoiled ballot

The Warden gave a five-minute warning at 7:55 p.m. and she declared the polls closed at 8 p.m.

The EAGLE unit indicated 1,148 ballots and 8 hand counted had been cast during the day. The voting list indicated that 1,156 voters had cast ballots.

There were 17 Spoiled Ballots and zero Provisional Ballots. There were eight ballots that were hand counted, 199 Write-In ballots in Section one (1) which were hand tallied. There were 949 ballots in Section two (2) Back Compartment. A tape was printed from the OPTECH, write-in ballots were tallied, and the Warden announced the official results at 9:10 p.m.

Results of balloting are printed at the end of all precinct reports.

Ballots, tally sheets and other materials were turned over to the Town Clerk for storage at the Town Office at 9:40 p.m.

Respectfully submitted,
s/Bileen Corrigan, Precinct Clerk

PRECINCT III: The inhabitants of the Town of Rehoboth who are qualified to vote in elections and primaries in Precincts III met at the South Fire Station, Pleasant St., Rehoboth, Massachusetts, on Monday, April 6, 2009 at 10 a.m. to bring in their votes for the election of officer for the ensuing year.

The following duly sworn election officers reported for duty.

Warden: Beverly DeBlois
Clerk: Jacqueline Rebello
Inspectors: Joan Olson, Mildred Hatten, Bernadette L. DeRoche,
Nancy Swallow
Constable: Kenneth E. Abrams

The ballot box was opened and found empty and the EAGLE unit set on top of it. The counter on the EAGLE read 0000. The key to the ballot box was turned over to the Constable. The EAGLE seal was #0058138.

Precinct Clerk Jacqueline Rebello read the Warrant and the Return of Service. Warden Beverly DeBlois declared the polls open at 10 a.m.

The Precinct Clerk signed a receipt for 1000 ballots and two additional receipts for 400 extra ballots and 200 extra ballots totaling 1600.

23 Absentee Ballots were received and processed during the day.

The following observers for candidates were noted.

Laurie Jordan from 10:00 to 11:48 for McBride
Elizabeth Wilson from 10:00 to 12:00 for Morra
Kristine Harrington from 12:10 to 1:55 for Morra
Ronald Whittemore from 11:48 to 3:00 for McBride
Margaret Veader from 1:55 to 3:50 for Morra
Candace Cederberg from 3:00 to 5:00 for McBride
Lois Crwother from 3:50 to 5:45 for Morra
Elizabeth Doyle 5:00 for McBride
Nicole Gosselin 5:45 for Morra

Events of the day:

Spoiled ballot	2:00
Spoiled ballot	2:35
Spoiled ballot	4:55
Spoiled ballot	6:30
Spoiled ballot	7:10
Spoiled ballot	7:40

A couple came in to vote saying they lived on 33 Cameron Way. She went to register children for school. They claim they registered to vote but did not want to challenge the vote. They came from Seekonk.

Catherine Rebello is at 51 should be 57 Winter Street.

Ken Abrams 4-6-09 about 12:15:

A police officer came into the fire station and brought to my attention that signs were stuck in the ground on town property. I went over to tell them the signs must be taken off town property and hand held by individuals.

I proceeded across the street to inform them of the same rules that signs must not be on town property.

I then proceeded to the corner of Providence Street to inform them of what I told the first group and when I got there it seems that the first group called the group at the corner of Providence Street to inform them of my coming message.

The Warden gave a five-minute warning at 7:55 p.m. and she declared the polls closed at 8 p.m.

The EAGLE unit indicated 1146 ballots had been cast during the day.

There were nineteen Spoiled Ballots and zero Provisional Ballots. There was three ballots in the auxiliary (outside front) section, 161 Write-In ballots in Section one (1) which were also hand tallied and 985 ballots in Section two (2) Back Compartment. A tape was printed from the EAGLE, write-in ballots were tallied, and the Warden announced the official results.

Results of balloting are printed at the end of all precinct reports.

Ballots, tally sheets and other materials were turned over to the Town Clerk for storage at the Town Office 10:30 p.m.

Respectfully submitted,
s/Jacqueline Rebello, Precinct Clerk

All precinct totals were combined and the results announced by Town Clerk,
Kathleen J. Conti at 10:50 p.m. as follows:

COMMONWEALTH OF MASSACHUSETTS
TOWN OF REHOBOTH
ANNUAL TOWN MEETING
FIRST SESSION - APRIL 13, 2009

Moderator William J. Cute, Jr. called the first session of the Annual Town Meeting and Annual Meeting of the Rehoboth Water District to order at 7:30 p.m. at the Dighton Rehoboth Regional High School, Regional Road, North Dighton, MA. Town Clerk, Kathleen J. Conti read the Call of the Meeting, the warrant, return of service and the Certification of Mailing. It was voted to dispense with the reading of the entire warrant. The Moderator led those present in the salute to the flag and a moment of silence was observed for the success of our Annual Town Meeting and to remember those Rehoboth citizens past and present who have served our town, our state and our nation.

The number of voters checked in was as follows:

	7:25	7:55	8:55
Precinct I	49	97	100
Precinct II	83	141	149
Precinct III	56	106	110
Total	188	344	359

The Moderator appointed the following tellers: Cheryl Gouveia, Linda Greaves, Helen Dennen, Patricia Higson, Bette Dyer and Bugene Campbell

It was also voted to allow the following observers to be seated with the right to participate but with no right to vote: Town Accountant, Raymond Reynolds, Conservation Planning Agent, Leeann Bradley, Town Counsel/Kopelman and Paige, Lauren Goldberg, Chief of Police, Stephen J. Enos, Superintendent DRRHS, Kathleen Montagno, Business Manager DRRHS, Richard Reino, DRRHS Committee, Janice Terry, Attleboro Red Fox Club, Ricky Wynn and Representative Steve D'Amico.

The following observers to be seated without the right to participate and without the right to vote: Tim Kelly, 1316 Susan Road, N. Dighton, MA representing DRRTA; Mike Dillon, 6082 Granby Road, Granby, VT representing Red Fox Club; Matt Oudin, 168 New Street, Rehoboth, MA; Tim Guimond, 23 Cameron Way, Rehoboth, MA; Jonathan Fleet, 181 New Street, Rehoboth, MA; Ronald Soares, 14 Fairview Avenue, Rehoboth, MA; Alex Lacasse, 8 Mine Brook Road, Rehoboth, MA; Jonathan Eddy, 105 Rocky Hill Road, Rehoboth, MA; Spencer Crooks, 232 Pine Street, Rehoboth, MA; Scott Ousley, 46 Ash Street, Rehoboth, MA; Don Backlund, 1148 Cedarwood Circle, N. Dighton, MA representing Farrell Backlund Insurance; Kendra Sardinha, representing the Taunton Gazette; Jacquelyn Amaral, 78 Danforth Street, Rehoboth, MA; Laura Calverley, representing The Sun Chronicle.

It was voted to allow the Moderator to adjourn the meeting after 10:30 p.m. following the completion of any article at his discretion.

The Moderator stated that this town meeting would be conducted in the manner set forth according to the book "Town Meeting Time", local By-Laws of the Town of Rehoboth and past practice and custom.

Open debate held in the town meeting chamber must be done in a civil atmosphere. The Moderator insists all assembled adhere to the following procedures.

Anyone wishing to speak must rise, come to the side aisle and wait to be recognized by the Moderator. Once recognized the speaker must come to the podium, speak into the microphone and clearly state his or her name and address. Before the speaker begins they must address all remarks to the Moderator and any questions must be directed to the chair. Speakers will be allowed three minutes to speak on an issue. No one is to be heard on any subject for a second time until everyone wishing to speak has had an opportunity to be heard for the first time. The Moderator reserves the right to allow speakers who introduce motions or amendments extra time as well as a speaker who possesses special information that will be helpful to all in arriving at a decision.

The Moderator is the sole time keeper during debate and remarks are expected to be kept to the issue. No comments of a personal nature will be accepted. Jeering, booing or heckling any speaker is unacceptable and will not be tolerated by the Moderator.

All cell phones are to be turned off during Town Meeting session with the exception of Public Safety Officials.

Forms for writing amendments or motions are available at the podium. Anyone wishing to write an amendment of more than one or two words is to make sure it is written legibly and submitted to the Town Clerk.

The meeting will recess for ten minutes at 9:00 p.m.

Smoking is not allowed anywhere on the school grounds and the Moderator brought attention to the location of the exits in the auditorium.

The Moderator will refer to all articles by their number, in their order, unless it is voted by the assembly to take an article out of sequence.

Doors in the rear of auditorium will be closed and locked during counting of votes and everyone must be seated during counting.

The meeting was recessed at 7:40 p.m. to allow the Annual Meeting of the Rehoboth Water District to convene. Roger L. Breault read the call to the meeting and the following report was read into the minutes:

Our water commission has worked to get the water commission notified when ever various boards get hearings with all or a portion of the site in or near our wetland protection district.

This will better enable us to oversee and protect our water and recharge areas.

Thank you,

Rehoboth Water Commission

Roger L. Breault, Chairman

It was voted unanimously to accept the Water Commission Report.

The meeting of the Rehoboth Water District was adjourned at 7:44 p.m. and the Annual Town Meeting was reconvened at 7:45 p.m.

ARTICLE 1. Annual Town Surplus Equipment Auction Authorization

VOTED UNANIMOUSLY TO AUTHORIZE the disposal of surplus Town equipment from any Town departments by bid or auction sale disposition pursuant to Mass General Law Chapter 30B, or by donation or other disposition pursuant to applicable law, or take any other action relative thereto.

ARTICLE 2. Per MGL c.44, §53E ½ Create Board of Health Revolving Account-Board of Health Services Fund

VOTED TO TABLE FOR PURPOSE OF DEFEAT

ARTICLE 3. FY2010 Budget Recommendations from the Finance Committee-Acceptance of Report

VOTED UNANIMOUSLY TO RECEIVE AS AMENDED the report of the Finance Committee, and to raise and appropriate or transfer from available funds such sums of money as may be necessary to defray the expenses of the Town for the ensuing year and make all appropriations therefore, or take any other action relative thereto.

See budget certification at the end of Minutes.

ARTICLE 4. Acceptance of Board of Health Transfer Station Financial Report

VOTED UNANIMOUSLY TO APPROVE the financial report for the Rehoboth Transfer Station for Fiscal Year 2009 as submitted by the Board of Health, or take any other action relative thereto.

ARTICLE 5. Board of Health Transfer Station Offset Receipts

VOTED UNANIMOUSLY TO REAUTHORIZE an "offset receipts" account for the Solid Waste Handling Facility and Recycling Area and its operation pursuant to MGL Chapter 44 Section 53E. Fees collected for the use of the Solid Waste Handling Facility and Recycling Area will be deposited in this fund. The account shall be for the expenses and improvements incurred for the operation, maintenance, monitoring and or compliance requirements of the Solid Waste Handling Facility and Recycling Area, and the Fiscal Year 2010 expenditures shall be limited to \$150,000.00. All expenditures are to be authorized by the Board of Health, or take any other action relative thereto.

ARTICLE 6. Council on Aging Formula Re-authorize Revolving Account

VOTED UNANIMOUSLY TO RE-AUTHORIZE a revolving account pursuant to MGL Chapter 44, §53E½ for the Council on Aging into which monies received by the Town for the Council on Aging Formula Grant are deposited and from which the Council on Aging Board shall expend funds with the approval of the Board of Selectmen, not to exceed \$5,000.00 in the fiscal year, or take any other action relative thereto.

ARTICLE 7. Re-authorize Revolving Fund Forestry Department

VOTED UNANIMOUSLY TO REAUTHORIZE a revolving account pursuant to MGL Chapter 44, §53E½ into which monies received by the Town from insurance reimbursements, donations, court restitution/civil action, gifts and/or State funds shall be deposited under the direction of the Tree Warden. The account shall be for the replacement of damaged trees and/or landscaping materials and for all expenses incidental and related, from which the Tree Warden shall expend funds not to exceed \$10,000.00 in any fiscal year, or take any other action relative thereto.

ARTICLE 8. Solar Energy- Authorize Revolving Account

VOTED TO RE-AUTHORIZE revolving account pursuant to MGL Chapter 44, §53E½, for the purpose of funding solar and/or energy conservation projects on Town owned property/buildings, into which monies received by the Town from the Massachusetts Technology Collaborative Grant and/or donations and the like, are deposited and from which the Board of Selectmen shall expend funds not to exceed \$25,000.00 in the fiscal year, or take any other action relative thereto.

ARTICLE 9. \$5,000.00 Agricultural Commission Re-authorize Revolving Account

VOTED UNANIMOUSLY TO RE-AUTHORIZE revolving account into which monies received by the Town from a grant from S.A.R.E. will be deposited to reimburse the Town for the Agricultural Commission and from which the Agricultural Commission shall expend funds with the approval of the Board of Selectmen not to exceed \$5,000.00, or take any other action relative thereto.

ARTICLE 10. Town Clerk Fees Authorized Under MGL Chapter 262 §34, Clauses 1-79

VOTED TO ACCEPT the following changes to Town Clerk fees authorized by MGL Chapter 262, Section 34, Clauses 1-79:

<u>Clause</u>	<u>Description</u>	<u>Current Fee</u>	<u>Proposed Fee</u>
(13)	For furnishing a certificate of birth	\$ 5.00	10.00
(13A)	For furnishing an abstract copy of a record of birth	5.00	10.00
(20)	For filing certificate of a person conducting business under any title other than his real name	40.00	50.00
(30)	For furnishing a certificate of death	5.00	10.00
(30A)	For furnishing an abstract copy of a record of death	5.00	10.00
(42)	For entering notice of intention of marriage and issuing certificates thereof	15.00	20.00
(44)	For issuing certificate of marriage	5.00	10.00
(44A)	For furnishing an abstract copy of a record of marriage	5.00	10.00

Said fee increases to become effective July 1, 2009

ARTICLE 11. Acceptance of MGL C.140, §147A Amending Gen. Bylaws Chapter B, Article VI, Section 22-Dog Licensing Fees

VOTED UNANIMOUSLY TO FORMALIZE AS AMENDED its current practice with regard to dog bylaws and accept the provisions of G.L. c.140, §147A, which statute specifically authorizes the Town to enact by-laws relative to the regulation of dogs; and further, to amend Chapter B, Article VI, Section 22 of the Town General By-laws, setting fees for the licensing of dogs and kennels, by deleting the text thereof in its entirety and inserting in its place the following:

Section 22. Dogs

The fees required for the licensing of dogs and kennels in the Town of Rehoboth shall be as follows:

Non-neutered male dog	\$20
Neutered male dog	\$10
Non-spayed female dog	\$20
Spayed female dog	\$10
Kennel license fees	
1 to 4 dogs	\$25
5 to 10 dogs	\$45
11 to 25 dogs or more	\$75
Late licensing fee	\$12 for any license purchased more than 60 days after the due date, unless proof can be shown that the dog was purchased, acquired or brought into town within the previous 60 days.

or take any other action relative thereto.

ARTICLE 12. MGL Chapter 60 §23A & 23B Authorization of Municipal Lien Fee-Collector of Taxes

VOTED UNANIMOUSLY TO CHARGE for each Municipal Lien Certificate issued by the Collector of Taxes a fee of \$50.00 as authorized by MGL Chapter 60 Sections 23A and 23B to be effective July 1, 2009, or take any other action relative thereto.

ARTICLE 13. Dog Fund Transfer-\$3,500.00 VOTED TO TABLE FOR PURPOSE OF DEFEAT

The First Session of the 2009 Annual Town Meeting was adjourned at 10:32 p.m. to reconvene at the Dighton Rehoboth Regional High School, Regional Road, North Dighton, MA on Tuesday, April 21, 2009 at 7:30 p.m.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF REHOBOTH
ANNUAL TOWN MEETING**

SECOND SESSION - APRIL 21, 2009

Moderator William J. Cute, Jr called the second session of the Annual Town Meeting to order at 7:35 p.m. at the Dighton Rehoboth Regional High School, Regional Road, North Dighton, MA. Town Clerk, Kathleen J. Conti read the Notice of Adjournment and the Return of Service. It was voted to dispense with the reading of the entire warrant. The Moderator led those present in the salute to the flag and a moment of silence was observed for the success of our Annual Town Meeting and to remember those Rehoboth citizens past and present who have served our town, our state and our nation.

The number of voters checked in was as follows:

	7:25	7:55	
Precinct I	26	42	
Precinct II	40	51	
Precinct III	30	39	
Total	96	132	

The Moderator appointed the following tellers: Helen Dennen, Marjorie Johnston, Rebecca Smith, Eugene Campbell and Patricia Higson

It was also voted to allow the following observers to be seated with the right to participate but with no right to vote: Town Accountant, Raymond Reynolds; Town Counsel, Lauren Goldberg of Kopelman & Paige; Stephen J. Enos, Chief of Police.

The following observers to be seated without the right to participate and without the right to vote: Kendra Sardinha of the Taunton Gazette; Joe Siegel of the Sun Chronicle; Jacquelyn Amaral of 78 Danforth Street, Rehoboth, MA.

It was voted to allow the Moderator to adjourn the meeting after 10:30 p.m. following the completion of any article at his discretion.

The Moderator stated that this town meeting would be conducted in the manner set forth according to the book "Town Meeting Time", local By-Laws of the Town of Rehoboth and past practice and custom.

Open debate held in the town meeting chamber must be done in a civil atmosphere. The Moderator insists all assembled adhere to the following procedures.

Anyone wishing to speak must rise, come to the side aisle and wait to be recognized by the Moderator. Once recognized the speaker must come to the podium, speak into the microphone and clearly state his or her name and address. Before the speaker begins they must address all remarks to the Moderator and any questions must be directed to the chair. Speakers will be allowed three minutes to speak on an issue. No one is to be heard on any subject for a second time until everyone wishing to speak has had an opportunity to be heard for the first time. The Moderator reserves the right to allow speakers who introduce motions or amendments extra time as well as a speaker who possesses special information that will be helpful to all in arriving at a decision.

The Moderator is the sole time keeper during debate and remarks are expected to be kept to the issue. No comments of a personal nature will be accepted. Jeering, booing or heckling any speaker is unacceptable and will not be tolerated by the Moderator.

All cell phones are to be turned off during Town Meeting session with the exception of Public Safety Officials.

Forms for writing amendments or motions are available at the podium. Anyone wishing to write an amendment of more than one or two words is to make sure it is written legibly and submitted to the Town Clerk.

The meeting will recess for ten minutes at 9:00 p.m.

Smoking is not allowed anywhere on the school grounds and the Moderator brought attention to the location of the exits in the auditorium.

The Moderator will refer to all articles by their number, in their order, unless it is voted by the assembly to take an article out of sequence.

Doors in the rear of auditorium will be closed and locked during counting of votes and everyone must be seated during counting.

ARTICLE 14. Care & Custody of Stray Cats Transfer-\$2,000.00
VOTED TO TRANSFER AS AMENDED \$2,000.00 from the Reserve Fund to the Animal Welfare Account to be used for the care and custody of stray cats (food and miscellaneous expenses), or take any other action relative thereto.

ARTICLE 15. \$50,000.00 Rehoboth Agricultural & Natural Resources Preservation Trust Fund
VOTED UNANIMOUSLY TO TABLE FOR PURPOSE OF DEFEAT

ARTICLE 16. Reserve Fund Authorization
VOTED TO TRANSFER AS AMENDED from unallocated funds \$100,000.00 to the Reserve Fund Account, or take any other action relative thereto.

ARTICLE 17. By Petition-General Bylaw Amendment CHAPTER A TOWN MEETINGS, OFFICERS, COMMITTEES AND ELECTIONS, ARTICLE I - CALLING OF TOWN MEETINGS, Section 2
To see if the Town will vote on the following petition:

VOTED TO REPLACE the Town of Rehoboth, Massachusetts General Bylaw, CHAPTER A TOWN MEETINGS, OFFICERS, COMMITTEES AND ELECTIONS, ARTICLE I – CALLING OF TOWN MEETINGS, Section 2 with the following:

"The annual Town meeting for the Election of Town Officers shall be held on the First Monday in April of each year and the Annual Town Meeting for the transaction of other business shall be held on the second Monday in May at the specific hour and location designated by the Board of Selectmen, and in accordance with the General Laws of Massachusetts, until every article and other business in the warrant has been duly considered and acted upon.", or take any other relative thereto.

ARTICLE 18. By Petition-General Bylaw Amendment CHAPTER A TOWN MEETINGS, OFFICERS, COMMITTEES AND ELECTIONS, ARTICLE I – CALLING OF TOWN MEETINGS, Section 2
VOTED UNANIMOUSLY TO TABLE FOR PURPOSE OF DEFEAT

ARTICLE 19. By Petition-General Bylaw amendment CHAPTER A TOWN MEETINGS, OFFICERS, COMMITTEES AND ELECTIONS, ARTICLE II – PROCEDURE AT TOWN MEETINGS, Section 1.
To see if the Town will vote on the following petition:

VOTED UNANIMOUSLY NOT TO REPLACE the Town of Rehoboth, Massachusetts General Bylaw, CHAPTER A TOWN MEETINGS, OFFICERS, COMMITTEES AND ELECTIONS, ARTICLE II – PROCEDURE AT TOWN MEETINGS, Section 1. by replacing:

"ninety for the annual Town Meeting" with "one hundred fifty" for the Annual Town Meeting and replacing "sixty for the Special Town Meetings;" with "one hundred fifty for the Special Town Meetings;"
Section 1. will then read as follows:

"Section 1. The number of voters necessary to constitute a quorum at Town Meeting, except such parts of meetings as are devoted exclusively to election of town officers, shall be one hundred fifty for the Annual Town Meeting and one hundred fifty for Special Town Meetings; provided, however, that any lesser number may take action on any article not requiring the raising and appropriating or transfer of money, and also, to adjourn the meeting from time to time.", or take any other action relative thereto.

ARTICLE 20. Revolving Account-Palmer River Improvements & Herring Regulation Enforcement
VOTED TO REAUTHORIZE a revolving account for said monies collected from licensing fees, fines, and donations, as provided by Mass General Laws and Town of Rehoboth Regulations for taking of River Herring pursuant to MGL Chapter 44, Section 53E½, said monies to be dispersed by the approval of the Board of Selectmen and used for Palmer River Improvements and Herring Regulation enforcement, and that said expenditures from same shall not exceed \$3,500.00 in the fiscal year, or take any other action relative thereto.

ARTICLE 21. Transfer of Custody of Aerial Photographs to Historical Commission
VOTED UNANIMOUSLY TO APPROVE the transfer of a set of 13 historic aerial photographs dated October 20, 1951, with accompanying wood case, from the custody of the Town clerk to the custody of the Historical Commission. This transfer shall be made with the provision that the Historical Commission shall maintain the said aerial photographs as a public record available to the public in accordance with Massachusetts General Laws, or take any other action relative thereto.

ARTICLE 22 . By Petition-Amendment To Zoning Bylaw Chapter E, Article Chapter E, Article 6.6.3

VOTED UNANIMOUSLY TO TABLE FOR PURPOSE OF DEFEAT

ARTICLE 23. Zoning Bylaw Amendment Chapter E, Article 4.4(b) District Delineation & Article 4.4(c) Use Regulations
To see if the Town will vote;
VOTED UNANIMOUSLY TO AMEND the Zoning Bylaw, Chapter E, Article 4.4(b) District Delineation and Article 4.4(c) Use Regulations, as follows:

Article 4.4(b) District Delineation – The Floodplain District is herein established as an overlay district. The District includes all special flood hazard areas within the Town of Rehoboth designated as Zone A and AE on the Bristol County Flood Insurance

Rate Map (FIRM) issued by the Federal Emergency Management Agency (FEMA) for the administration of the National Flood Insurance Program. The map panels of the Bristol County FIRM that are wholly or partially within the Town of Rehoboth are panel numbers 25005C0117F, 25005C0118F, 25005C0119F, 25005C0136F, 25005C0137F, 25005C0138F, 25005C0139F, 25005C0143F, 25005C0206F, 25005C0207F, 25005C0208F, 25005C0209F, 25005C0216F, 25005C0217F, 25005C0218F, 25005C0219F, 25005C0226F, 25005C0227F, 25005C0228F, 25005C0229F, 25005C0236F, 25005C0237F, 25005C0238F and 25005C0239F dated

July 7, 2009. The exact boundaries of the District may be defined by the 100-year base flood elevations shown on the FIRM and further defined by the Bristol County Flood Insurance Study (FIS) report dated July 7, 2009. The FIRM and FIS report are incorporated herein by reference and are on file with the Town Clerk, Planning Board, Building Inspector and Conservation Commission.

Article 4.4(c) Use Regulations – The Floodplain District is established as an overlay district to all other districts. All development in the district, including structural and non-structural activities, whether permitted by right or by special permit must be in compliance with Chapter 131, Section 40 of the Massachusetts General Laws and with the requirements of the Massachusetts State Building Code which addresses floodplain and coastal high hazard areas (currently 780 CMR 120.G, "Flood Resistant Construction and Construction in Coastal Dunes"); as well as the Wetlands Protection Regulations, Department of Environmental Protection (DEP) (currently 310 CMR 10.00); the Inland Wetlands Restriction, DEP (currently 310 CMR 13.00) and the Minimum Requirements for the Subsurface Disposal of Sanitary Sewage, DEP (currently 310 CMR 15, Title 5).

FEMA has recently completed a re-evaluation of flood hazard areas within the town. Preliminary flood maps and the Flood Insurance Study (FIS) were provided to the town in May of 2008. Where a FIS has been completed, there are certain requirements which must be met under Section 1361 of the National Flood Insurance Act of 1968 prior to July 7, 2009. The town must adopt or show evidence of adoption of floodplain management regulations that meet the standards of Paragraph 60.3(d) of the National Flood Insurance Program (NFIP) regulations. The following amendments will meet this requirement and ensure that the town of Rehoboth and its residents are assured of continued eligibility within the National Flood Insurance Program (NFIP)

Article 24. Cloud's Way-Acceptance as a Town Roadway

VOTED UNANIMOUSLY TO ACCEPT as a public Town way Cloud's Way, as laid out by vote of the Board of Selectmen dated October 14, 2008, as shown on the plan entitled "Roadway As-Built Sheet Definitive Subdivision Plan "Cloud Estates" for John Cloud in Rehoboth, Massachusetts" prepared by Outback Engineering Incorporated, dated September 9, 2008, a copy of which was filed with the Town Clerk not later than seven days prior to this vote, and to authorize the Board of Selectmen to accept or take by eminent domain deeds or easements for such public way; and further to authorize the appropriation of \$500.00 to pay for expenses that may arise, or take any action relative thereto.

Article 25. Palmer Meadows Lane-Acceptance as a Town Roadway

VOTED UNANIMOUSLY TO ACCEPT as a public Town way Palmer Meadow Lane, as laid out by vote of the Board of Selectmen dated October 14, 2008, as shown on the plan entitled "Roadway Acceptance Plan for Palmer Meadows Drive in Rehoboth, Massachusetts, Prepared for Stone Gate Builders, LLC, Scale: 1" = 40', September 23, 2008," prepared by Sitec, Inc. , a copy of which was filed with the Town Clerk not later than seven days prior to this vote, and to authorize the Board of Selectmen to accept or take by eminent domain deeds or easements for such public way; and further to authorize the appropriation of \$500.00 to pay for expenses that may arise, or take any action relative thereto.

ARTICLE 26. Acceptance of Report of the Rehoboth Housing Authority

VOTED UNANIMOUSLY TO RECEIVE the report of the Rehoboth Housing Authority, or take any other action relative thereto.

ARTICLE 27. Acceptance of Report of the Rehoboth Ambulance Committee

VOTED UNANIMOUSLY TO RECEIVE the report of the Rehoboth Ambulance Committee, or take any other action relative thereto.

ARTICLE 28. Acceptance of Report of the Blanding Public Library

VOTED UNANIMOUSLY TO RECEIVE the report of the Blanding Public Library, or take any other action relative thereto.

ARTICLE 29. By Petition-Vote to Abandon a Section of Old Providence Street

VOTED TO TABLE FOR PURPOSE OF DEFEAT

ARTICLE 30. By Petition-Vote to Convey a Section of Providence Street to Rumford Hunting & Fishing Club
VOTED UNANIMOUSLY TO TABLE FOR PURPOSE OF DEFEAT

ARTICLE 31. Town resident Colleen Simpson of 69 New Street requested verification of whether or not we are over the levy limit. The Finance Committee answered her question, we are not over the levy limit.

There being no further business to transact the meeting was adjourned at 8:30 p.m.

Respectfully Submitted,
Kathleen J. Conti
Town Clerk

**COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
OCTOBER 26, 2009**

Moderator William J. Cute, Jr. called the first session of the Special Town Meeting to order at 7:30 p.m. at the Dighton Rehoboth Regional High School, Regional Road, North Dighton, MA. Town Clerk, Kathleen J. Conti read the Call of the Meeting, the warrant, return of service and the Certification of Mailing. It was voted to dispense with the reading of the entire warrant. The Moderator led those present in the salute to the flag and a moment of silence was observed for the success of our Special Town Meeting, to remember those Rehoboth citizens past and present who have served our town, our state and our nation, all tonight who are assembled and especially those that can claim their status as veterans in our armed forces and tonight with special respect for two recently deceased servants of our town, Susan Travis and John Waterman.

The number of voters checked in was as follows:

	7:25	8:00	8:55
Precinct I	23	54	55
Precinct II	55	88	89
Precinct III	33	68	72
Total	111	210	216

The Moderator appointed the following tellers: Bette Dyer, Linda Greaves, Cheryl Gouveia, Patricia Higson, A. Werner Horlbeck and Mary Beth Moriarty.

It was also voted to allow the following observers to be seated with the right to participate but with no right to vote: Stephen J. Enos, Chief of Police, and Jonathan Silverstein of Kopelman & Paige.

It was voted to allow the following observers to be seated without the right to participate and without the right to vote. Non-voting observers in the hall were: Laura Calverley, Seekonk of the Sun Chronicle, Tim Faulkner, Taunton of the Taunton Gazette, Jacquelyn Amaral, 78 Danforth Street, Rehoboth, MA, Richard H. Krupski, 124 Cameron Way, Rehoboth, MA and Celina Rosa,

124 Cameron Way, Rehoboth, MA.

It was voted to allow the Moderator to adjourn the meeting after 10:30 p.m. following the completion of any article at his discretion.

The Moderator stated that this town meeting would be conducted in the manner set forth according to the book "Town Meeting Time", local By-Laws of the Town of Rehoboth and past practice and custom.

Open debate held in the town meeting chamber must be done in a civil atmosphere. The Moderator insists all assembled adhere to the following procedures.

Anyone wishing to speak must rise, come to the side aisle and wait to be recognized by the Moderator. Once recognized the speaker must come to the podium, speak into the microphone and clearly state his or her name and address. Before the speaker begins they must address all remarks to the Moderator and any questions must be directed to the chair. Speakers will be allowed three minutes to speak on an issue. No one is to be heard on any subject for a second time until everyone wishing to speak has had an opportunity to be heard for the first time. The Moderator reserves the right to allow speakers who introduce motions or amendments extra time as well as a speaker who possesses special information that will be helpful to all in arriving at a decision.

The Moderator is the sole time keeper during debate and remarks are expected to be kept to the issue. No comments of a personal nature will be accepted. Jeering, booing or heckling any speaker is unacceptable and will not be tolerated by the Moderator.

All cell phones are to be turned off during Town Meeting session with the exception of Public Safety Officials.

Forms for writing amendments or motions are available at the podium. Anyone wishing to write an amendment of more than one or two words is to make sure it is written legibly and submitted to the Town Clerk.

The meeting will recess for ten minutes at 9:00 p.m.

Smoking is not allowed anywhere on the school grounds and the Moderator brought attention to the location of the exits in the auditorium.

The Moderator will refer to all articles by their number, in their order, unless it is voted by the assembly to take an article out of sequence.

Doors in the rear of auditorium will be closed and locked during counting of votes and everyone must be seated during counting.

Article 1, FY2010 Amended Budget Recommendations from the Finance Committee-Acceptance of Report

VOTED TO RECEIVE AS AMENDED the report of the Finance Committee, and to **RAISE AND APPROPRIATE** such sums of money as may be necessary to defray the expenses of the Town for amending the 2010 fiscal year's budget as recommended and make all appropriations therefore, or take any other action relative thereto.

Article 2. Vote to Authorize Payment of Prior Year Bills

VOTED UNANIMOUSLY TO TRANSFER AS AMENDED from unallocated free cash funds to pay for prior year (FY2009) bills as follows:

Line #	Line Name	Amount	To Be Paid To
011253-52420	Contracted Services	\$ 854.00	Ikon Office Solutions
011253-53000	Contracted Services	430.00	Moles Environmental Services, Inc.
011513-53060	Town Counsel Expense	13,440.41	Kopelman & Paige, PC
019453-57400	Town Insurance	5,000.00	Trident Insurance Company (Miranda settlement deductible)

Article 3: \$177.42 Transfer of Funds-Domestic Violence Gifts & Bequests

VOTED UNANIMOUSLY TO TRANSFER from unallocated free cash \$177.42 to line item #29034 (Domestic Violence Gifts and Bequests) to reimburse the Town for payments made in prior years in excess of available funds, or take any other action relative thereto.

Article 4. \$6,140.83 Transfer of Funds-Violence Against Women Grant

VOTED UNANIMOUSLY TO TRANSFER from unallocated free cash \$6,140.83 to line item #29010 (Violence Against Women Grant) to reimburse the Town for payments made in prior years in excess of available funds, or take any other action relative thereto.

Article 5. General Bylaw Amendment Chapter A Town Meetings, Officers, Committee & Elections Article I-Calling of Town Meetings, Section 4.

VOTED UNANIMOUSLY TO AMEND General Bylaw Chapter A Town Meeting, Officers, Committees And Elections, Article I, Section 4 changing the warrant closing date to February 15th at noon; therefore, this section shall read as follows:

"Section 4. The warrant for the Annual Town Meeting shall close February 15th at noon provided, however, that the Selectmen may open the Warrant for the insertion of additional articles at any time, if there then remains sufficient time for compliance with the provisions of Section 3 of this article." ,or take any action relative thereto.

Article 6. Vote to Authorize Sale or Lease of North Rehoboth School for Particular Purposes

VOTED TO RECOMMEND to the Board of Selectmen that the North Rehoboth School property located at 133 Tremont Street, and the buildings thereon be sold or leased for agricultural, commercial, or single family residence uses, or any combination thereof, or take any other action relative thereto.

Article 7. \$141,000.00 Debt Exclusion for Highway Department Solar Project

VOTED TO TABLE TO ANNUAL TOWN MEETING OF 2010.

Motion for RECONSIDERATION was made at the end of Article 17 and was defeated

In Favor of Reconsideration 36

Opposed 64

Article 8. \$72,000.00 for Three Year Lease/Purchase of Two Police Cruisers

VOTED TO AUTHORIZE the Board of Selectmen to enter into a lease purchase agreement for a term of up to or exceeding three years for the purpose of acquiring and equipping two (2) Crown Vic Interceptor Police Cruisers fully equipped for the Police Department at a cost not to exceed \$12,000.00 per year, per vehicle, for a total cost of \$72,000.00 and further that at the end of the lease program, the Town will have the option to purchase the vehicle for \$1.00; and to **TRANSFER FROM UNALLOCATED FREE CASH** a sum of \$12,000 for the first year's lease payments therefore, or take any other action relative thereto.

Article 9. Adoption of Paragraph Under MGL Chapter 60A Section 1

VOTED UNANIMOUSLY TO ACCEPT the following paragraph of MGL Chapter 60A, Section 1 which exempts from motor vehicle excise taxes residents of Rehoboth on active full-time duty in the United States military outside the United States for at least 45 days in the calendar years of the exemption, as follows:

"In any city or town accepting the provisions of this paragraph, the excise imposed by this chapter shall not apply to a motor vehicle owned and registered by a resident who is in active and full-time military service as a member in the armed forces of the United States or the national guard, army or air, of any state, and has been deployed or stationed outside the territorial boundaries of the continental United States for a period of at least 45 days in the calendar year of the exemption. If the military member is wounded or killed in an armed conflict, he shall not be subject to the foregoing period of service qualification for the calendar year in which he is wounded or killed. This exemption shall apply only to a motor vehicle owned and registered by a military member in his own name or jointly with a spouse for a non-commercial purpose and a military member may qualify for this exemption for only 1 motor vehicle for each calendar year. A municipality which accepts the provisions of this paragraph shall, in connection with the issuance of warrant to collect unpaid motor vehicle or trailer excise tax from a delinquent taxpayer, add \$3 to the fee prescribed in clause 9 of section 15 of chapter 60. The acceptance by a municipality of this paragraph shall take effect on the first day of January next occurring after the approval by the municipality to accept this paragraph", or take any other action relative thereto.

Article 10. Vote Acceptance of Local Option Meals Excise

VOTED TO ACCEPT the provisions of G.L. c. 64L, § 2(a) authorizing the imposition of a local excise in the statutory amount of .75% on the sale of restaurant meals originating within the Town, or take any action relative thereto.

Article 11. Amendment to General Bylaw Chapter A Town Meeting, Officers, Committees And Elections, Article IV – Town Officials – Appointed, Section 8. Community Preservation Committee

VOTED TO AMEND General Bylaw CHAPTER A TOWN MEETING, OFFICERS, COMMITTEES AND ELECTIONS, ARTICLE IV – TOWN OFFICIALS – APPOINTED, Section 8. Community Preservation Committee by changing membership on the Committee as follows: removing a representative of the Open Space Committee and substituting a representative of the Agricultural and Natural Resources Preservation Council; adding a representative of the Agricultural Commission and reducing the Selectmen's appointments to two, this revision to be effective July 1, 2010, so that Section 8. Community Preservation Committee would therefore read as follows:

"Section 8. Community Preservation Committee (Added Effective 08/01/2001)

A. Establishment

There is hereby established a Community Preservation Committee, consisting of nine (9) voting members pursuant to MGL Chapter 44B. The composition of the committee, the appointment authority and the term of office for the committee members shall be as follows:

One member of the Conservation Commission as designated by the Commission for a term of three years.

One member of the Historical Commission as designated by the Commission for a term of three years.

One member of the Planning Board as designated by the Board for a term of three years.

One member of the Park Commission as designated by the Commission for an initial term of one year and thereafter for a term of three years..

One member of the Housing Authority as designated by the Authority for an initial term of two years and thereafter for a term of three years.

One member of the Agricultural and Natural Resources Preservation Council as designated by the Council for an initial term of one year and thereafter for a term of three years.

One member or alternate from the Agricultural Commission as designated by the Commission for an initial term of one year and thereafter for a term of three years.

Two members to be appointed by the Board of Selectmen, one member to be appointed for a term of one year and thereafter for a term of three years and one member to be appointed for a term of two years and thereafter for a term of three years.

Should any of the Commissions, Board, Councils or Committees who have appointment authority under this bylaw be no longer in existence for whatever reason, the appointment authority for that Commission, Board, Council, or Committee shall become the responsibility of the Board of Selectmen.

B. Duties

1. The Community Preservations Committee shall study the needs, possibilities and resources of the Town regarding community preservation. The Committee shall consult with existing municipal boards, including the Conservation Commission, the Historical Commission, the Planning Board, the Park Commission and the Housing Authority or persons acting in those capacities or performing like duties, in conducting such studies. As part of its study, the Committee shall hold one or more public informational hearings on the needs, possibilities and resources of the Town regarding community preservation possibilities and resources, notice of which shall be posted publicly and published for each of two weeks preceding a hearing in a newspaper of general circulation in the Town.

2. The Community Preservation Committee shall make recommendations to the Town Meeting for the acquisition, creation and preservation of open space, for the acquisition and preservation of historic resources, for the acquisition, creation and preservation of land for recreational use, for the creation, preservation and support of community housing and for rehabilitation or restoration of such open space, historic resources, land for recreational use and community housing that is acquired or created as provided in this section. With respect to community housing, the Community Preservation Committee shall recommend, wherever possible, the reuse of existing buildings or construction of new buildings on previously developed sites.

3. The Community Preservation Committee may include in its recommendation to the Town Meeting a recommendations to set aside for later spending funds for specific purposes that are consistent with community preservation but for which sufficient revenues are not then available in the Community Preservation Fund to accomplish that specific purpose or to set aside for later spending funds for general purposes that are consistent with community preservation.

C. Requirement for a quorum and cost estimates

The Community Preservation Committee shall not meet or conduct business without the presence of a quorum. A majority of the members of the Community Preservation Committee shall constitute a quorum. The Community Preservation Committee shall approve its actions by majority vote. Recommendations to the Town Meeting shall include their anticipated costs.

D. Amendments

This bylaw may be amended from time to time by a majority vote of the Town Meeting, provided that the amendments would not cause a conflict to occur with MOL, Chapter 44B.

E. Severability

In case any sections, paragraph or part of this bylaw be for any reason declared invalid or unconstitutional by any court of last resort, every other section, paragraph or part shall continue in full force and effect.

F. Effective Date

Each appointing authority shall have ten days after approval by the Attorney General to make their initial appointments. Should any appointing authority fail to make their appointment within that allotted time, the Board of Selectmen shall make the appointment," or take any other action relative thereto.

Article 12. Rehoboth Agricultural & Natural Resources Preservation Rollback Taxes

VOTED TO TRANSFER from free cash the sum of \$4,782.02, an amount equivalent to rollback taxes collected by the Town, into the "Rehoboth Agricultural and Natural Resources Preservation Trust Fund", or take any other action relative thereto.

Article 13. Amendment to General Bylaws Chapter B, Article VI, Section 22-Dog Licensing Fees

VOTED TO AMEND AS AMENDED General Bylaws Chapter B, Article VI, Section 22 as follows:
Replace "\$12.00" with "\$15.00" so that the last line of this section would read as follows:

Late licensing fee	\$15.00 for any license purchased more than 60 days after the due date, unless proof can be show that the dog was purchased, acquired or brought into town within the previous 60 days
--------------------	--

,or take any other action relative thereto.

Article 14. Vote to Amend Chapter A General Bylaws of the Town of Rehoboth, Article III, Section 2, K – Duties of the Planning Board

VOTED TO ESTABLISH establish one (1) associate member of the Planning Board as allowed under MGL Ch. 40A, Section 9, by **AMENDING** the General Bylaws of the Town of Rehoboth, Article III, Section 2, K – Duties of the Planning Board as follows:

K6. The Planning Board, when acting as the Special Permit Granting Authority (SPGA), shall have one (1) Associate Member. The Associate Member shall be appointed by the Planning Board for a term of one (1) year, beginning July 1 and ending on June 30. The Associate Member shall act in the case of absence, an inability to act, or a conflict of interest on the part of any member of the Planning Board, or in the event of a vacancy on the Board. Prior to the commencement of a Special Permit (does not include Site Plan approval, Subdivision hearings or ANR meetings) public hearing only, the Chair shall designate the Associate Planning Board Member to sit in the event that, as stated above, any member is absent, unable to act or has a conflict of interest. When acting on any permit, there shall not be more than seven Board members voting on any Special Permit application.

In the case of resignation of an Associate Member, the Planning Board may immediately appoint a new Associate Member for a term to end on June 30 of that year, or take any action relative thereto

Article 15. Vote to Amend Chapter E – Zoning By-law by Adding Article 4.9 Use of Wind Energy Facilities
VOTED TO ADD AS AMENDED to the Zoning By-law, Chapter E, Article 4.9, Use of Wind Energy Facilities, as follows:

**Amendment to Rehoboth By-law:
Use of Wind Energy Facilities
To be added as Section 4.9 Under Article 4 of the Existing Zoning By-laws**

1.0 Purpose:

The purpose of this by-law is to provide for the construction and operation of wind energy facilities and to provide standards for the placement, design, construction, monitoring, modification and removal of wind facilities that address public safety, minimize impacts on scenic, natural and historic resources of the city or town and provide adequate financial assurance for decommissioning.

The provisions set forth in this section shall take precedence overall other sections when considering applications related to the construction, operation, and/or repair of wind energy facilities.

1.1 Applicability

- (a) This Wind Energy Facilities section applies to each of the following after the effective date of this Wind Energy Facilities section
- i. Every utility-scale wind energy facility,
 - ii. Every on-site wind energy facility,
 - iii. Every small wind energy system
 - iv. Every residential micro wind energy system; and
 - v. Every building integrated wind energy facility
- (b) This Wind Energy Facilities Section applies to each facility or system described in (a) i to v above which is constructed before the effective date of this Wind Energy Facilities Section if such facility or system is to be physically modified after the effective date of this Wind Energy Facilities Section in a manner that materially alters the type, configuration or size of such facility, system, or related equipment.
- (c) This Wind Energies Facilities Section does not apply to off-shore Wind Energy Facilities.

2.0 Definitions

Utility-Scale Wind Energy Facility: A commercial wind facility, where the primary use of the facility is electrical generation to be sold to the wholesale electricity markets.

On-Site Wind Energy Facility: A wind project, which is located at a commercial, industrial, agricultural, institutional, or public facility that will generate electricity to be used primarily on-site.

Residential Micro-wind Energy System: A wind generating system capable of providing power needs for an individual home and outbuildings with an elevated height of no more than 100 feet.

Height: The height of a:

- (a) Horizontal axis wind turbine measured from natural grade to the tip of the rotor blade at its highest point, or blade-tip height.
- (b) Vertical axis wind turbine measured from natural grade to the tip of the vertical turbine shaft upon which the vertical blades rotate or the rotor blade whichever is higher.

Rated Nameplate Capacity: The maximum rated output of electric power production equipment. This output is typically specified by the manufacturer with a "nameplate" on the equipment.

Special Permit Granting Authority: The special permit granting authority, for purposes of this section, shall be the Planning Board.

Zoning Board of Appeals: Appeal authority for disagreements on special permit decisions made by the Planning Board

Substantial Evidence: Such evidence as a reasonable mind might accept as adequate to support a conclusion.

Wind Energy Facility: All equipment, machinery and structures utilized in connection with the conversion of wind to electricity. This includes, but is not limited to, transmission, storage, collection and supply equipment, substations, transformers, service and access roads, and one or more wind turbines.

Wind Monitoring or Meteorological Tower: Temporary towers used to gather wind data necessary for site evaluation and development of wind energy projects. In addition the MET tower can be equipped to record temperature, solar radiation and air pressure if necessary, but are not used for the purpose of generating electricity.

Wind turbine: A device that converts kinetic wind energy into rotational energy that drives an electrical generator. A wind turbine typically consists of a tower, nacelle body for a horizontal turbine or gensect for a vertical turbine, and a rotor with two or more blades.

Building Inspector: The inspector of building or the zoning enforcement officer charged with the enforcement of the zoning ordinance. The building inspector is the permit granting authority for building permits.

Building Permit: A building permit is a required approval of a project by the building inspector which is consistent with the state building codes. In addition, the permit must meet the criteria set forth under the local zoning by-laws regarding small and residential micro-wind energy systems.

Special Use Permit: A permit provided by the special permit granting authority for installation of wind energy facilities or MET towers by business and industrial entities and for large wind /Utility scale facilities.

Micro Wind Energy System: All equipment, machinery and structures utilized in the connection with the conversion of kinetic energy of wind into electrical power. This includes, but is not limited to, storage, electrical collection and supply equipment, transformers, service and access paths. Small micro wind energy facility system may be comprised of one or more wind turbines with a total rated nameplate capacity of not more than 50 kW/0.05MW.

Small Wind Energy System: All equipment, machinery and structures utilized in connection with the conversion of kinetic energy of wind into electrical power. This includes, but is not limited to, storage, electrical collection and supply equipment, transformers, service and access roads. Small wind energy facility system may be comprised of one or more wind turbines with a total rated nameplate capacity of not more than 100kW/ 0.1MW.

Large Wind Energy Facility: All equipment, machinery and structures utilized in connection with the conversion of kinetic energy of wind into electrical power. This includes, but is not limited to, storage, electrical collection and supply equipment, transformers, service and access roads. Large wind energy facility system may be comprised of one or more wind turbines with a total rated nameplate capacity of greater than 100kW/ 0.1MW.

Agriculture: 'Farming' or 'agriculture' shall include farming in all of its branches and the cultivation and tillage of the soil, dairying, the production, cultivation, growing and harvesting of any agricultural, aquacultural, floricultural or horticultural commodities, the growing and harvesting of forest products upon forest land, the raising of livestock including horses, the keeping of horses as a commercial enterprise, the keeping and raising of poultry, swine, cattle and other domesticated animals used for food purposes, bees, fur-bearing animals, and any forestry or lumbering operations, performed by a farmer, who is hereby defined as one engaged in agriculture or farming as herein defined, or on a farm as an incident to or in conjunction with such farming operations, including preparations for market, delivery to storage or to market or to carriers for transportation to market.

Building Integrated Wind Energy Facility: A wind energy facility shall be considered to be building integrated if it is designed to be permanently mounted on a building or other inhabitable structure. This definition applies to wind turbines of any capacity that are designed to be operated in direct contact with a building. This definition also covers, for the purposes of this zoning provision, other wind energy facilities primarily used for land-based applications which may be permanently mounted and operated on a building.

3.0 General Requirements for all Wind Energy Facilities

The following requirements are common to all wind energy facilities and must be followed in addition to the technology-specific requirements given in sections 4, 5, or 6.

3.1 Required Permits

A permit shall only be granted if the permit granting authority determines that the intent of this bylaw is followed as each of its specific criteria are fully met. The wind energy Technology types listed below determine the number and types of permits needed to implement wind energy facilities:

<u>Technology</u>	<u>Permit Needed</u>
Residential Micro Wind Energy System	Building Permit
Small Wind Energy Systems or MET towers	Building Permit *
Large Wind-Utility scale or on-site wind Energy Facilities	Special Permit and Building Permit
Building Integrated Wind Energy System	Special Permit and Building Permit

*Business/Industrial entities as defined in town Zoning By-laws Article 4.2 and 4.3 utilizing wind generation facilities of any size must obtain a special permit.

3.2 Additional Conditions for Granting of Special Permits

No special permit shall be granted for a use which is, in the opinion of the Special Permit Granting Authority, injurious, noxious, offensive, detrimental or inappropriate to adjacent properties or to the neighborhood or for a use which does not substantially serve public health, safety, convenience, welfare or property values in the neighborhood.

3.3 Compliance with Laws, Ordinances and Regulations

The construction and operation of all such proposed wind energy facilities shall be consistent with all applicable local, state and federal requirements, including but not limited to all applicable safety, construction, environmental, electrical, communications and aviation requirements.

3.4 Proof of Liability Insurance

The applicant shall be required to provide evidence of liability insurance in an amount, and for a duration sufficient to cover loss or damage to persons and property occasioned by the failure of the facility.

3.5 Site Control

At the time of its application for a special or building permit, the applicant shall submit documentation of actual or prospective control of the project site sufficient to allow for installation and use of the proposed facility. Documentation shall also include proof of control over setback areas and access roads. Control shall mean the legal authority to prevent the use or construction of any structure for human habitation within the setback areas.

3.6 Utility Notification

No wind energy facility shall be installed until evidence has been given that the utility company has been informed of the customer's intent to install an interconnected customer-owned generator. Off-grid systems shall be exempt from this requirement.

3.7 Temporary Meteorological Towers (MET Towers)

Met towers shall be permitted under the same standards as a small wind system, except that the requirements apply to a temporary structure. A permit for a temporary met tower shall be valid for a maximum of 1 year after which an extension may be granted. Small anemometers installed directly on buildings shall not require a building or special permit.

3.8 Design Standards

3.8.1 Appearance, Color and Finish

FAA safety consideration on color and appearance should be respected. Where applicant is seeking a non-standard color in an area not regulated by the FAA, the appropriate permit granting authority has authority to regulate color of turbine and supporting tower.

3.8.2 Exterior Lighting

Wind turbines shall be lighted only if required by the Federal Aviation Administration. Lighting of other parts of the wind energy facility, such as appurtenant structures, shall be limited to that

required for safety and operational purposes, and shall be shielded from abutting properties as approved by the appropriate permit granting authority.

3.8.3 Signage

Signs on the wind energy facility shall comply with the requirements of the town's sign regulations, and shall be limited to:

- (a) Those necessary to identify the owner, provide a 24-hour emergency contact phone number, and warn of any danger.
- (b) Educational signs providing information about the wind energy facility and the benefits of renewable energy.

3.8.4 Advertising

Wind energy facilities shall not be used for displaying any advertising except for identification of the manufacturer or operator of the wind energy facility in conformance with section 3.8.3.

3.8.5 Utility Connections

Reasonable efforts shall be made to locate utility connections from the wind energy facility underground, depending on appropriate soil conditions, shape, and topography of the site and any requirements of the utility provider. Electrical transformers for utility interconnections may be above ground if required by the utility provider.

3.8.6 Accessory Structures

All accessory structures to such wind energy facilities shall be subject to existing zoning regulations concerning the bulk and height of structures and determining yard sizes, lot area, setbacks, open space, parking and building coverage requirements. All such accessory structures, including but not limited to, equipment shelters, storage facilities, transformers and substations shall be architecturally compatible with each other and shall be contained within the turbine tower(s) or if separate, landscaped and screened from view by vegetation, located underground, or behind hedges, and/or clustered to minimize visual impacts.

3.9 Safety and Environmental Standards

3.9.1 Emergency Services

The applicant shall provide a copy of the project summary, electrical schematic, and site plan to the fire department and inspector of buildings, as designated by the permit granting authority. Upon request the applicant shall cooperate with local emergency services in developing an emergency response plan. All means of disconnecting the wind energy facility shall be clearly marked. The applicant or facility owner shall maintain a phone number and identify a responsible person for the public to contact with inquiries and complaints throughout the life of the project.

3.9.2 Unauthorized Access

Wind turbines or other structures part of a wind energy facility shall be designed to prevent unauthorized access. For instance, towers shall be designed and installed so as to not provide step bolts or other climbing means readily accessible to the public for a minimum height of 8 feet above the ground. Electrical equipment access shall be restricted to authorized personnel only.

3.9.3 Shadow/Flicker

Wind energy facilities shall be sited in a manner that minimizes shadowing or flicker impacts. The applicant has the burden of proving that this effect does not have significant adverse impact on neighboring or adjacent uses.

3.9.4 Noise

The wind energy facility and associated equipment shall conform with the provisions of the Rehoboth Zoning Bylaw Section 6.6 "Standards" Subsection 3 "Measurement at Lot Line" (b) "Noise".

3.9.5 Land Clearing, Soil Erosion and Habitat Impacts

Clearing of natural vegetation shall be limited to that which is necessary for the construction, operation and maintenance of the wind facility and is otherwise prescribed by applicable laws, regulations, and ordinances.

3.10 Monitoring and Maintenance

3.10.1 Facility Conditions

The applicant/owner/operator shall maintain the wind energy facility in good condition. Maintenance shall include, but not be limited to, painting, structural repairs, and integrity of security measures. Site access shall be maintained to a level acceptable to the Fire Chief and Building Inspector. The Wind Energy Facility owner shall be responsible for the cost of maintaining the wind energy facility and any access road(s), unless accepted as a public way, and the cost of repairing any damage occurring as a result of operation and construction.

3.10.2 Modifications

All material modifications to a wind energy facility made after issuance of the permit shall require approval by the permit granting authority as provided in this section.

3.11 Abandonment or Decommissioning

3.11.1 Removal Requirements

Any wind energy facility or meteorological (MET) tower which has reached the end of its useful life or has been abandoned shall be removed. When the wind energy facility or MET is scheduled to be decommissioned, the applicant/owner/operator shall notify the Building Inspector by certified mail of the proposed date of discontinued operations and plans for removal. The owner/operator shall physically remove the wind energy facility no more than 150 days after the date of discontinued operations. At the time of removal, the wind energy facility site shall be restored to the state it was in before the facility was constructed or any other legally authorized use. More specifically, decommissioning shall consist of:

- (a) Physical removal of all wind turbines, structures, equipment, security barriers and transmission lines from the site.
- (b) Disposal of all solid and hazardous waste in accordance with local and state waste disposal regulations.
- (c) Stabilization or re-vegetation of the site as necessary to minimize erosion. The permit granting authority may allow the owner to leave landscaping or designated below-grade foundations in order to minimize erosion and disruption to vegetation.

3.11.2 Abandonment

Absent notice of a proposed date of decommissioning, the facility or meteorological tower shall be considered abandoned when the wind energy facility fails to operate for more than one year without the written consent of the permit granting authority. The permit granting authority shall determine in its decision what proportion of the wind energy facility is inoperable for the wind energy facility to be considered abandoned. If the applicant fails to remove the wind energy facility in accordance with the requirements of this section within 150 days of abandonment or the proposed date of decommissioning, the town shall have the authority to enter the property and physically remove the wind energy facility at the applicant/owner/operator's expense.

3.11.3 Expiration

A wind energy facility special permit issued pursuant to this ordinance shall expire if:

- (a) The wind energy facility is not installed and functioning within 24-months from the date the permit is issued; or,
- (b) The wind energy facility is abandoned.
- (c)
- (d) Extensions may be granted for cause by the special permit granting authority.

3.11.4 Violations

It is unlawful for any person to construct, install, or operate a wind energy system that is not in compliance with this bylaw or with any condition contained in a permit issued pursuant to this bylaw. Penalties for violation under this bylaw shall be as described in Article 7.1 "Enforcement" of the Rehoboth Zoning Bylaw. Wind energy systems installed prior to the adoption of this ordinance are exempt.

3.11.5 Exemption

Residential Micro Wind Energy Systems are exempt from all requirements in section 3.11.1, 3.11.2 and 3.11.3.

3.12 Support Towers

Monopole towers shall be used as the support structure for Wind Turbines; this requirement may be waived by the special permit granting authority for good cause shown by the applicant as determined in the discretion of the special permit granting authority.

4.0 Micro Wind and Small Wind Energy Facility Requirements

4.1 Building Permit

No micro wind or small wind energy system shall be erected, constructed, installed or modified as provided in this section without first obtaining a building permit from the building inspector. All such wind energy systems shall be constructed and operated in a manner that minimizes adverse visual, safety and environmental impacts. The construction of a micro wind or small wind energy facility shall be allowed in any zoning district subject to the issuance of a Permit and provided that the use complies with all requirements set forth in sections 3 and 4.

4.2 Height

Micro wind energy systems shall be no greater than 100 feet above the current grade. Small wind energy systems shall be not greater than 250 feet above the current grade of the land for small wind systems.

4.3 Setbacks

Micro and small wind turbines shall be set back a distance greater than or equal to the total height of the wind turbine from the nearest property line and public way.

4.4 Application Process & Requirements

A building permit shall be required for the installation of either micro or a small wind energy system.

4.4.1 General Required Documents

The building permit application shall be accompanied by deliverables including the following:

- (a) A site plan showing:
 - i. Property lines and physical dimensions of the subject property within 2 times the total height of the wind turbine from the proposed tower location.
 - ii. Location, dimensions, and types of existing major structures on the property
 - iii. Location of the proposed wind energy system tower, foundations, guy anchors and
 - iv. Associated equipment.
 - v. The right-of-way of any public road that is contiguous with the property;

- vi. Any overhead utility lines
- vii. Location and approximate height of tree cover;
- (b) Wind energy system specifications, including manufacturer and model, rotor diameter, tower height, tower type (freestanding or guyed)
- (c) One or three line electrical diagram detailing wind turbine, associated components, and electrical interconnection methods, with all NEC compliant disconnects and over current devices.
- (d) Foundations for towers must have blueprints or drawings signed by a Professional Engineer Licensed in the Commonwealth of Massachusetts.
- (e) Support towers of any height that are anchored to or mounted on a building must have blue prints with certification signed by a professional engineer that the anchoring building structure is sufficient to withstand the structural loading of the wind turbine equipment and stresses caused by the vibration resulting from rotor rotations at maximum wind speed for the area.
- (f) Name, address, phone number and signature of the applicant, as well as all co-applicants or property owners, if any.
- (g) The name, contact information and signature of any agents representing the applicant.
- (h) A plan for maintenance of the small wind energy facility.
- (i) Business and industrial entities must provide an additional eight (8) copies of the required site plan to the Special Permit Granting Authority. At the discretion of the building inspector, a site plan approval application may be required.

5.0 Large Wind Energy Facility Requirements (Utility and On-Site Projects)

Special permits shall only be granted by the Permit Granting Authority for large wind energy facilities that meet the criteria outlined in this section and in section 3 of this zoning provision.

5.1 Special Permit Granting Authority

No wind energy facility over 100 kilowatts of rated nameplate capacity shall be erected, constructed, installed or modified as provided in this section without first obtaining a permit from the special permit granting authority. The construction of a wind energy facility shall only be allowed subject to the issuance of a Special Permit and provided that the use complies with all requirements set forth in sections 3 and 5. All such wind energy facilities shall be constructed and operated in a manner that minimizes adverse visual, safety, and environmental impacts.

5.2 Financial Surety

The special permit granting authority shall require the applicant for utility scale wind energy facilities to provide a form of surety, either through escrow account, bond or otherwise, to cover the cost of removal in the event the town must remove the facility, of an amount and form determined to be reasonable by the special permit granting authority, but in no event to exceed more than 125 percent of the cost of removal and compliance with the additional requirements set forth herein, as determined by the special permit granting authority. Such surety will not be required for municipally or state-owned facilities. The applicant shall submit a fully inclusive estimate of the costs associated with removal, prepared by a qualified engineer. The amount shall include a mechanism for Cost of Living Adjustment.

5.3 Height

Large wind energy facilities shall be no higher than 450 feet above the current grade of the land

5.4 Setbacks

Large wind turbines shall be set back a distance greater than or equal to the 1.2 times the total height of the wind turbine from the nearest property line and public way.

5.5 Required Supporting Documentation

The applicant shall provide the special permit granting authority with 20 copies of a description of the proposed project which shall include:

5.5.1 General

All plans and maps shall be prepared, stamped and signed by a professional engineer licensed to practice in Massachusetts. Included in the application shall be:

- (a) Name, address, phone number and signature of the applicant, as well as all co-applicants and property owners, if any.
- (b) The name, contact information and signature of any agents representing the applicant.
- (c) Documentation of the legal right to use the wind energy facility site.

5.5.2 Technical Documentation

The applicant shall, at a minimum, submit the following technical documentation regarding the proposed wind energy facility to the special permit granting authority.

- (a) Wind energy facility technical specifications, including manufacturer and model, rotor diameter, tower height/type, foundation type/dimensions
- (b) Tower foundation blueprints or drawings signed by a Professional Engineer licensed to practice in the Commonwealth of Massachusetts.
- (c) Tower blueprints or drawings signed by a Professional Engineer licensed to practice in the Commonwealth of Massachusetts.
- (d) Electrical schematic

5.5.3 Location Map: Utility Scale Projects

The applicant shall submit, to the permit granting authority, a copy of a portion of the most recent USGS Quadrangle Map, at a scale of 1:25,000, showing the proposed facility site, including turbine sites, and the area within at least two miles from the facility. Zoning district designation by map number and plot number for the subject parcel should be included; however a copy of a zoning plot plan with the parcel identified is suitable.

5.5.4 Site Plan

A one inch equals 40 feet plan of the proposed wind facility site, with contour intervals of no more than 2 feet, showing the following:

- (a) Property lines for the site parcel prepared by a Professional Land Surveyor.
- (b) Outline of all existing buildings, including purpose (e.g. residence, garage, etc.) on site parcel.
- (c) Location of all roads, public and private on the site parcel and adjacent parcels if within the setback distance of 1.2 times the blade tip height, and proposed roads or driveways, either temporary or permanent.
- (d) Existing areas of tree cover, including average height of trees, on the site parcel and adjacent parcels if within the setback distance of 1.2 times the blade tip height.
- (e) Proposed location and design of wind facility, including all turbines, ground equipment, appurtenant structures, transmission infrastructure, access, fencing, exterior lighting, etc.
- (f) Location of viewpoints referenced below in 5.6.4 of this section.

5.5.5 Visualizations

The special permit granting authority may select up to four sightlines, including from the nearest building with a view of the wind facility, for pre- and post-construction view representations. Sites for the view representations shall be selected from populated areas or public ways within a 2-mile radius of the proposed wind energy facility. View representations shall have the following characteristics:

- (a) View representations shall be in color and shall include actual pre-construction photographs and accurate post-construction simulations of the height and breadth of the wind energy facility (e.g. superimpositions of the wind facility onto photographs of existing views or a balloon height simulation test).
- (b) All view representations will include existing, or proposed, buildings or tree coverage.

- (c) Include description of the technical procedures followed in producing the visualization (distances, angles, lens, etc.).

5.5.6 Operation & Maintenance Plan

The applicant shall submit a plan for maintenance of access roads and storm water controls, as well as general procedures for operational maintenance of the wind energy facility.

5.5.7 Compliance Documents

The applicant will provide with the application:

- (a) description of financial surety that satisfies 5.2 of this section,
- (b) proof of liability insurance that satisfies Section 3.4 of this section,
- (c) certification of approval from the FAA,
- (d) a statement that satisfies Section 3.8.4, listing existing and maximum projected sound levels from the wind energy facility.

5.5.8 Landscape Plan: (Utility Scale Wind Facility Projects Only)

A plan indicating all proposed changes to the landscape of the site, including temporary or permanent roads or driveways, grading, vegetation clearing and planting, exterior lighting, other than FAA lights, screening vegetation or structures. Landscaping proposals shall meet the requirements of Section 6.7 Site Plan Approval subsection 6. Site Plan Review Criteria paragraph "b" of the Rehoboth Zoning Bylaw. Lighting shall be designed to minimize glare on abutting properties and except as required by the FAA be directed downward with full cut-off fixtures to reduce light pollution.

5.6 Independent Consultants - (Utility-Scale Wind Facilities Only)

Upon submission of an application for a special permit, the special permit granting authority will be authorized to hire outside consultants, pursuant to section 53G of chapter 44 of the Massachusetts General Laws, provided that the applicant may appeal the selection of such consultant in accordance with that statute. The applicant will be required to pay 100% of the consultant's costs.

5.7 Large Wind Energy Facility Requirements (Utility and On-Site Projects)

Special Permit Fee shall be established by the Special Permit Granting Authority.

6.0 Building Integrated Wind Energy Facilities

Special permits shall only be granted by the Special Permit Granting Authority for building integrated wind energy facilities that meet the criteria outlined in this section and in section 3 of this bylaw.

6.1 Special Permit Granting Authority

No building integrated wind energy facility shall only be erected, constructed, installed or modified as provided in this section without first obtaining a permit from the special permit granting authority. The construction of a building integrated wind energy facility shall be allowed subject to the issuance of a Special Permit and provided that the use complies with all requirements set forth in sections 3 and 6. All such wind energy facilities shall, where economically feasible, be constructed and operated in a manner that minimizes any adverse visual, safety, and environmental impacts.

6.2 Required Supporting Documentation for Building Integrated Wind Energy Facilities

The special permit application submitted to the Special Permit Granting Authority must, at a minimum, include:

- (a) Analysis and design documents, completed by a structural engineer registered to practice in the Commonwealth of Massachusetts, demonstrating that the proposed building is structurally sufficient to support the permanent installation of the proposed building integrated wind energy facility. At a minimum, the analysis should address vibration, wind load, and ice load.

- (b) Elevation drawings of building with building integrated wind energy facility installed, viewed from north, south, east, and west.
- (c) Building schematic detailing point(s) of connection and associated supports for the building integrated wind energy facility.
- (d) Schematic of attachment method for connecting the building integrated wind energy facility to the building.
- (e) Specification sheets for wind turbine and all related components (inverters, controllers, disconnects, etc.)
- (f) One or three line electrical diagram detailing wind turbine, associated components, and electrical interconnection methods, with all NEC compliant disconnect and over current devices.

Article 16. Amend Zoning By-law Chapter E., Articles 4.1 & 4.3

VOTED UNANIMOUSLY TO ADD the following to the Zoning By-law, Chapter E, Articles 4.1 and 4.3:

Large Wind Electrical Generation Facility with special permit approval as described in section 4.9;
Utility Scale Wind Electrical Generation Facility with special permit approval as described in section 4.9

Article 17. Other Business:

MOTION FOR RECONSIDERATION OF ARTICLE 7 WAS DEFEATED

IN FAVOR OF RECONSIDERATION 36 OPPOSED 64
THERE BEING NO FURTHER BUSINESS TO TRANSACT THE MEETING WAS
ADJOURNED AT 10:14 p.m.

Respectfully Submitted,
Kathleen J. Conti
Town Clerk

STATE PRIMARY - DECEMBER 8,
2009

PRECINCT II

The inhabitants of the Town of Rehoboth who are qualified to vote in elections and primaries in Precincts I, II and III met at the Gladys L. Hurrell, Rehoboth Senior Center, 55 Bay State Road, Rehoboth, Massachusetts, on Tuesday, December 8, 2009 at 7:00 a.m. to bring in their votes for the nomination of candidates of political parties.

The following duly sworn election officers reported for duty.

Warden:	Caroline W. Knowles	
	Jacqueline	
Clerk:	Rebello	
	Audrey	
Inspectors:	Ecklson	A. Werner Horlbeck
	Diane/John	Barbara
	Biello	Beals
Constable:	Robert E. Johnson, II	

The ballot box was opened and found empty and the EAGLE unit set on top of it. The counter on the EAGLE read 0000. The key to the ballot box was turned over to the Constable. The EAGLE seal was #0058137.

Precinct Clerk Jacqueline Rebello read the warrant and the Return of Service. Warden Caroline W. Knowles declared the polls open at 7:00 a.m.

The Precinct Clerk signed a receipt for 800 Democratic ballots, 800 Republican ballots and 25 Libertarian ballots.

Absentee Ballots (Democrat) were received and processed during the
9 day.
Absentee Ballots (Republican) were received and processed during the
1 day.

Observers present: None

Events of the day:

11:25 Over voted. Given new ballot
Person 1 on inactive list (by mistake)
Person 2 on inactive list (by mistake)
Person 3 on inactive list

A five-minute warning was given at 7:55 p.m. by the Warden and she declared the polls closed at 8:00 p.m.

The EAGLE unit indicated 723 ballots had been cast during the day. The voting list indicated that 723 voters had cast ballots.

Number of ballots cast:	Democratic	
	Ballots	426
	Republican	
	Ballots	297
	Libertarian	
	Ballots	<u>0</u>
	Total Ballots	
	Cast	723

There were 2 Spoiled Ballots and 0 Provisional Ballots.

In the ballot box there were:

	Ballots in the Auxiliary (outside front)
<u>0</u>	section
	Write-In ballots in Section one 1) which were hand
<u>2</u>	tallied
	Ballots in Section two (2) Back
<u>721</u>	Compartment

A tape was printed from the EAGLE, write-in ballots were tallied, and the official results were announced by the Warden at 8:00 p.m.

Results of balloting are printed at the end of all precincts reports.

Ballots, tally sheets and other materials were turned over to the Town Clerk for storage at the Town Office at 9:35 p.m.

Respectfully submitted,
s/Beverly J. DeBlois
Primary Clerk

REPORT OF THE TOWN TREASURER

With economic times as they are present our objectives have diversified with continued challenges. With interest rates being at an all time low we continue with our conservative investment policy.

I urge anyone who may be having trouble paying their taxes to please contact me at (508) 252-3571 Ext 116 so we can set up a payment plan.

I would like to thank my Assistant Treasurer, Debra Giles for her hard work and dedication in serving the employees and residents of the town. I appreciate the opportunity to serve the residents of the Town of Rehoboth and anticipate a successful New Year.

Respectfully submitted,
Cheryl Gouveia, CMMT
Certified Town Treasurer

ANNUAL REPORT OF THE TREE WARDEN

I would like to thank all the taxpayers that voted for me in the April, 2009 election. This is my fifth and last term. I will retire at the end of this term in April 2012. I hope I am living up to your expectations as your Tree Warden.

In 2009, I appointed a Deputy Tree Warden. It is an unpaid position.

For the past 12 years I did not feel as if I needed a Deputy Tree Warden, but having two opponents in the last election made me realize that this position needs a hard working individual that would keep up with most of the programs and duties I have worked so hard to put in place. I would like to see a qualified candidate that has trained as a deputy to continue with the maintenance program Arbor Day with fifth grade students etc. The individual should have some knowledge on what I do on a day to day basis. My deputy will be in training and assume some of my responsibilities when I am out of town. I asked Mr. Rob Johnson to be my Deputy Tree Warden. I have known Rob since he and my son were in boy scouts together going back about 30 years. I know Rob would make a very good tree warden in the same manner he currently serves Rehoboth. I highly recommend Rob. It will be a good decision, if Rehoboth chooses to elect Rob in April, 2012.

Last year the Forestry Dept's. Work force was cut in half. The reason I agreed to take a 35,000.00 cut in my wage line was because I was told 3 policeman and 2 highway workers were going to be laid off. That lay off never happened, so the Forestry Dept. was left with one laborer. As a result of that cut, Rehoboth roadside will take a little longer to cut back and some things will not get done.

I will be asking taxpayers to rehire at least a part time laborer for the fiscal year 2011. My concern, as always, is the safety of Rehoboth residents.

Town Island:

The money from insurance reimbursement of damaged trees was supposed to be set aside to beautify Rehoboth and plant the islands in town. That is the main reason I sort after the insurance reimbursement money. The last three years the monies had to be used to take down trees that the Forest Tent Caterpillar destroyed. I didn't have the money in my budget to offset the devastation of the caterpillars. The money was used to take down from 800 to 1,000 dead and diseased trees. This past year the monies had to go to offset our normal everyday expenses that were cut from forestry budget. I was not able to use the insurance reimbursement money to improve the town appearance.

The financial hardship in our town is going to force me to use the money for necessities.

I will continue to process the paperwork for insurance reimbursement for damaged trees, but I am hopeful that someday the monies can be used to beautify our town.

Arbor Day:

Arbor Day in Rehoboth is the last Friday in April. I have planted a tree at Beckwith School with the fifth graders for the past ten years. I invite an arborist from the National Grid, a State Forester, and Lewis Tree. Lewis Tree demonstrates the aerial lift and wood chipper to the students. Students enjoy learning about the importance of trees in our environment. All fifth grade students receive a tree seedling from National Grid or State Forester.

Maintenance Program

I started the maintenance program when I took over as tree warden 13 years ago. The program has shown to be successful. There have been fewer emergencies. I take the pro active approach to roadside problem trees. Rehoboth has 200 miles to maintain. It is a time consuming job to keep the roadsides and diseased trees maintained to keep our roadside safe.

Respectfully Submitted
William E. Dalpe Tree Warden

REPORT OF THE REHOBOTH HOUSING AUTHORITY

The Rehoboth Housing Authority, comprising Mrs. Pat O'Hern, and Messrs. Neil Harrington (Treasurer), Walter Munroe, Dean. P. McElwain, and Werner Horlbeck (Chairman) met only infrequently during the year, as there was little housing construction activity during the year due to the economy. Two developments to be built under Comprehensive Plans, which require that 10 per cent of the units be affordable housing under MGL, chapter 40b, were not progressing.

The authority continues to receive many written and telephone requests for available state aided public housing in Rehoboth. Since Rehoboth has none, most of the applicants are directed to surrounding communities that have such housing available. On occasion, we have assisted a Massachusetts resident in transferring their state subsidy to rental housing located through a local realtor. Several applications for subsidized housing were mailed to applicants, with recommendations to submit them to Housing Authorities with subsidized units available.

There were one or two requests from the Massachusetts Department of Housing and Community Development for information, such as available housing units, and waiting lists. As Rehoboth has no subsidized housing, negative reports were submitted.

In September a group appeared before the committee to inform us that the Rehoboth Veteran's Memorial Committee, which had been dissolved, was to be reconstituted. The group requested that the ownership of the Authority's property, 6.8 acres behind the service station at the intersection of Routes 44 and 118, be transferred to the Rehoboth Veteran's Memorial Committee for the construction of a memorial to Rehoboth's veterans. There had been several unsuccessful attempts during the past almost 20 years to build subsidized housing units on the property. The Authority voted unanimously to transfer the property to the Rehoboth Veteran's Memorial Committee for the construction of a Veteran's Memorial. The memorial advocacy group will petition state Senator Timilty to introduce legislation to enable transfer of the property.

Respectfully submitted,
Werner Horlbeck, Chairman

REPORT OF THE ZONING BOARD OF APPEALS

The entire country is in a very slow recovery mode. Building permits are very slow as are the Zoning Hearings. Our secretary has been taken away, with only a few hours per month as a cost saving move.

Respectfully submitted,
Roger L. Breault, Chairman

ANNUAL REPORT OF VETERANS' SERVICES

The Veterans Service Office is open Monday through Friday, 9:00 AM till Noon. Appointments may be made for other times, also. The current Veterans' Services Officer, William Saunders, was appointed on July 1, 2004. He has completed the National Veterans Legal Service Basic Course and the Massachusetts Veterans' Service Officers Association Training Course. The Veterans' Service Clerk has completed the Massachusetts Veterans' Service Officers Association Training Course. In 2009 both completed an annual training symposium conducted by the Massachusetts Secretary of Veterans Services and were certified as veterans' service officers. The Secretary of Veterans' Services now require annual certification training to include skill assessment and testing.

The Veterans' Service Department continues to assist veterans and their families with financial, fuel and medical assistance. The needs of veterans and their families in 2009 increased slightly over 2008. The Veterans' Service Department assisted twenty-five veterans and/or their families in the retrieval of lost military records and enrollment in the VA Medical Services. In addition, the VSO assisted with the file of claims for benefits and consultation with the primary care provider at the VA medical center(s).

The Veterans' Service Office is staffed 140 - 150 hours per month. Home visits with evening, Saturday and Sunday appointments have made the Office more available to working veterans. The number of younger veterans, returning from active duty, is about the same as 2008. The continuing decline in the employment market continues to bring in more older veterans to seek assistance.

Nearly one hundred twenty Rehoboth veterans and widows receive over \$1,100,000 in benefits from the Veterans Administration, in 2009; mainly from non-service connected pensions. This is about an 11% increase over 2008. The Veterans Service Department assisted many of the new recipients in filing and processing claims.

The Veterans Service Office supervised the placing of over 1,100 flags on veterans graves prior to Memorial Day. More than three dozen volunteers participate in the flag placements in the two weeks prior to the last Monday in May.

2009 saw the first joint Memorial Day Parade with the Town of Dighton. It was the largest Memorial Day Parade held in Town. A special program honoring Rehoboth's Capt Benjamin Sammis and Dighton's Lance Corporal John Van Gyzen was conducted by the United States Marine Corp as part of the day's activities. 2010 Memorial Day Parade will be held in Dighton. The Planning for 2010 began one month after the 2009 Parade.

The Veterans Service staff continues to be actively involved with the Massachusetts Veterans Service Officer Association. The Veterans Service Officer serves as the vice president of Southeast Massachusetts Veterans' Service Officer Association and is on the Executive Board of the Massachusetts Veterans' Service Officers Association. The VSO maintains membership in the Reserve Officers Association, American Military Retirees Association, The American Legion and other organization which provide almost daily up-to-date information on veterans' benefits. Daily contact with other cities and towns about changes in benefits and alternative sources of

assistance, provide Rehoboth veterans with the most current resources and information. Veterans' Services continues a close relationship with local service and veterans' organizations upon which it is able to request additional assistance in meeting the needs of veterans and their families.. The Veterans Service Officer assists the AARP program "Tax Preparation Assistance" for seniors and needy. Again in 2009, many thousands of dollar in "circuit breaker" abatements were secured through a program of home visits to veterans and elderly by the VSO. On Veterans Day, the Veterans' Service Office was able to recognize every veteran who attended the TRIAD Veterans Day Luncheon. Four medals were awarded; the World War II Victory Medal, the Korean Conflict Medal, the Vietnam Service Medal and the Cold War Victory Medal depending upon their period of service. Medals were presented by Major General Kevin McBride, RIANG.

T

he Veterans Service Department continues to monitor the condition of American Flags on Town buildings, replacing them as needed. With the help of volunteers and the Rehoboth Fire Department, American Flags fly proudly throughout the Town. With the help of American Legion Post 302, there were no shortages of flags to replace those that became unserviceable. The Veterans' Graves Officer attended nineteen burials and/or services in Rehoboth and neighboring communities in 2009 for Rehoboth veterans. The staff continues to remain available after hours to families of recently deceased veterans in assisting final arrangements, filing VA claims and also assessing eligibility for other benefits. Veterans Services expanded its services in 2007 with the acceptance of a wheel-chair accessible van. In 2009, the van traveled under 200 miles providing transportation to medical appointments. However, seventy-seven trips were made transporting veterans to medical appointments. A majority of volunteers continue to provide transportation to veterans' in their own vehicles, when the van is not a requirement.

Respectfully Submitted,

Lt. Col. WILLIAM C. SAUNDERS, USA (Ret.) Director of Veterans' Services/Veterans' Graves Officer
BETTE J. DYER, Department of Veterans' Service Clerk

ANNUAL REPORT OF THE CEMETERY COMMISSION

The Cemetery Commission oversees the condition and care of Rehoboth's fifty-two cemeteries. The commission consists of three appointed volunteers from the Town. The commission is supplemented and supported by numerous volunteers who regularly visit Rehoboth's cemeteries providing information on conditions, needed repairs and maintenance. The Commission has identified several old stones it will attempt to replicate and replace. Although fund restriction eliminated this in 2009, or at best, delay replacements, the committee is committed to maintain a list of needed stones to be replaced. Active cemeteries are owned or operated by associations, the Cemetery Commission assist the Veterans' Graves Officer monitor the care of the veterans' graves in them. The Town of Rehoboth provides care and maintenance to forty-seven cemeteries, some of which are still active, through the Cemetery Commission. The commission members decide on priorities for restoration and rehabilitation of older cemeteries and the disposition of funds for maintenance. The Commission members visit all the Rehoboth cemeteries, reporting problems and concerns. With the rapid growth in Rehoboth, the Cemetery Commission carefully monitors that growth near cemeteries. In that respect, the Commission stays in contact with planning and conservation agencies. Commission members conduct research and inquiries related to the remains in cemeteries in Rehoboth. This research has identified possible locations for other historic cemeteries in Rehoboth. Inquiries from outside

Rehoboth are regularly forwarded to the Director of Veterans' Services, who sits on the Cemetery Commission as the Veterans' Grave Officer. The Cemetery Commission meets the second Thursday of the month at 1:00 PM in the Selectmen's meeting Room or the Veterans' Service Office, during March, April, May, June September, October, November and December.

Cemetery Commission
MRS. VIRGINA LATHAM
Lt. Col. WILLIAM C. SAUNDERS, USA (Ret.)
MRS. LYNNE SEARLE

REPORT OF THE INSPECTOR OF BUILDINGS

We have a new Inspector of Buildings due to the retirement of Michael J. O'Hern.

Thomas J. Nerney - Inspector of Buildings & Chief Zoning Officer, Kathleen Amaral- Office Administrator, Donald Welshman- Plumbing Inspector and Gas Inspector, Ernie Watson- Mechanical Inspector & Local Building Inspector, Richard Blake- Electrical Inspector.

Alternate Plumbing & Gas Inspector James Sine, Alternate Electrical Inspector John Brennan.

The Inspector of Buildings' Office is located at 320 Anawan Street. The office is open from 8:00 a.m. to 4:00 p.m. Monday thru Thursday and on Friday from 8:00 a.m. to 12:00 noon.

The Inspector of Buildings/Zoning Officer is in the office on Tuesday and Thursday's from 8:00 a.m. to noon. He does his inspections on Tuesday and Thursday afternoons.

Inspections are made by calling the office at (508) 252-3335. Requests for inspections must include your permit number and requires 24-hour notification.

The Department provides service for the following:

- Building permits and inspections
- Certificate of Occupancy
- Annual Certificate of Inspection
- Zoning information and determinations
- Mechanical permits and inspections
- Solid fuel burning permits and inspections
- Outdoor hydronic heaters (outdoor furnace/boiler) approved by DEP
- Plumbing permits and inspections
- Gas permits and inspections
- Electrical permits and inspections
- Questions regarding building
- Zoning questions

BUILDING PERMITS ARE REQUIRED FOR THE FOLLOWING WORK:

- All new construction of buildings/structures
- Alterations/remodeling and repairs other than general maintenance
- Solid fuel burning stoves
- Outdoor hydronic heaters
- In ground and above pools (in ground pools must have a minimum of a 4ft. fence which is a separate permit)
- Fireplace and chimneys
- Fireplace and chimney repairs
- Sheds over 120 sq. feet.
- Roofing
- Replacement of windows, siding, shingles, etc.

Specialty license is now required for replacement windows, siding, roofing, insulation and solid fuel appliances and demolition.

Contractors are to provide the office with a copy of their license and proof of workmen's compensation.

ELECTRICAL:

Richard Blake performed 478 inspections last year that included 5398 miles.
There were 266 permits issued.

- All work requires a permit and a rough and final inspections
- Massachusetts licensed electricians need to provide their license and workmen's compensation.
- Effective 9/13/05 any underground wiring has an additional fee of \$75.00 and requires three separate inspections.
 - ✓ 6 inches of sand on the bottom of the trench and pipes placed on the sand\
 - ✓ 6 inches of sand on top of the pipes
 - ✓ caution tape must be placed 6 inches from FINISH GRADE

Three holes (one at each end and one in the center) for the final inspection in order to make sure the tape is properly placed).

The electrician must call for each of the above inspections.

As of January 1, 2008 Arc-fault is required for all new buildings and additions in all rooms except kitchen, bath and garage.

GAS:

There were 98 permits issued.

- Completed applications are to be brought to the office by a Mass. Licensed installer along with proof of workers compensation in order to receive the proper permit. You must also have your license with you.
- Inspections are to be made by calling the office at (508) 252-3335. You must state the

name of the company; permit number, address and type of inspection required. Days of inspections are Tuesday and Thursday from noon to 4:00 P.M.

- All gas logs inserts must have written approval from the State of Massachusetts before an inspection is made.
- The only allowable CSST piping in Massachusetts that is allowed is COUNTER STRIKE PIPING as per manufacturers instructions as approved by the State Board of Plumbers and Gas Fitters.
- Hard wired carbon monoxide detectors with an alarm and back up battery operated carbon monoxide detectors are required for sidewall horizontal vented gas fueled equipment of the floor level where the gas equipment is installed and on each additional level of the dwelling.
- Re-inspections require a \$30.00 fee before another inspection will be performed.
- Co detector certification inspections for residential gas installation/storage permit inspections are required. All residences with gas burning appliances or equipment must be equipped with carbon monoxide detector prior to the Gas Inspector inspecting the residence for compliance. Sidewall venting appliances discharging through the sidewall of a residence within 7 feet of the ground require hard-wired, battery back-up CO Detectors.
- All other appliances and sidewall venting appliances discharging above 7 feet from the ground will require plug-in or battery CO detectors.
- A 26F/26F1/2 Certificate of Compliance for Smoke and CO Detectors from the Fire Department must be presented to the Building Department prior to requesting an inspection from the Gas Inspector.
- A Certificate of Compliance from the Fire Department will also be required when obtaining a LP Gas Storage Permit from the Fire Department for residential structures.
- The owner of the residence is responsible for arranging the inspection.
- Appointments for 26F inspections can be made with the Fire Department by calling 508 252-3725. Fire Department Office Hours are Monday-Friday from 9:00 a.m. to 3:00 p.m. The Certificate of Compliance inspection fee is \$20.00.
- To obtain a Certificate of Compliance all smoke detecting equipment must be fully operational to the standards for the structure at the time of construction of the structure. Carbon Monoxide detection requirements date from April 2006.

PLUMBING:

There were 95 permits issued.

- Mass. Licensed Plumber must come to the office with a completed application and proof of Workers Compensation in order to receive a permit. You must also have your license with you.
- The plumber that applied for the permit must call in all inspections to the office. The permit number, name of plumber, phone number and type of inspection are required when calling.
- Re-inspection fee of \$30.00 will be requested if the following apply:
 - Work not ready for inspection
 - Violations of work

- Test failure
- No access to building when an inspection has been called in to the office

Plumbing is the system of piping that carries water into and out of a building. To protect public health, every inhabited building must have a supply of safe water for drinking and for the operation of the plumbing fixtures and appliances and a sanitary drainage system for wastewater disposal. To provide the sanitary facilities required, local government authorities are responsible for establishing regulations known as "plumbing codes" which govern design and installation requirements and the minimum number of fixtures needed based on building use and the number of occupants.

Safety devices and special systems:

Both water supply and drainage systems must be carefully designed to prevent serious contamination of the water and to stop sewer gas from entering the building. All water connections to fixtures and appliances must be provided with devices that prevent contaminants from being siphoned or forced back into the water piping, a condition known as backflow or back siphonage. Temperature and pressure-relief valves must be installed on all water heaters to prevent explosion in the event of malfunctioning controls.

Reminder that Type "L" and Type "K" tubing is the only tubing permitted on domestic water piping only lead-free solder can be used for soldering copper tubing. Tests are made during the rough and final inspections to verify that lead-free solder is being used.

NO WATER SOFTNER SYSTEM CAN BE HOOKED UP TO THE SEPTIC SYSTEM PER TITLE V.

NO GARBAGE DISPOSAL SYSTEM CAN BE INSTALLED WITHOUT FIRST CHECKING WITH THE REHOBOTH BOARD OF HEALTH.

The following is a list of permits and money taken in by this Department.

• Building Dept.	
✓ Building Permits	\$ 97,072.00
✓ Certificate of Inspections	\$ 2480.00
✓ Occupancy Permits	\$ 2960.00
✓ Mechanical Permits	\$ 3200.00
• Gas Dept.	\$ 6750.00
• Plumbing Dept.	\$ 7015.00
• Electrical Dept.	\$ 22,490.00
TOTAL MONEY RECEIVED	\$141,967.00

(This is an increase of \$11,212.00 from last year)

Respectfully submitted:
 Kathleen Amaral
 Office Administrator

ANNUAL REPORT OF THE TOWN NURSE

The Public Health Nurse (PHN) works for the Rehoboth Board of Health and provides case management, communicable disease surveillance/reporting, wellness programs, and disease prevention initiatives. The responsibilities of the Public Health Nurse are directed by Massachusetts General Law (Ch. 111) and The Code of Massachusetts Regulations Pertaining to Public Health (105 CMR 300). The PHN, working with the Health Agent, took a principal role in development of emergency response plans for the Town in coordination with state and regional health coalitions including the Department of Public Health Region 5 Emergency Planning Coalition and the Greater Attleboro Regional Emergency Planning Committee.

Calendar year 2009 was a challenging one with the global outbreak of a new strain of H1N1 influenza virus which began in Mexico, in April. By June, the World Health Organization and US Centers for Disease Control declared the outbreak to be a pandemic.

In October 2009 the Public Health Nurse deployed the Rehoboth Medical Reserve Corps Volunteers to facilitate a Seasonal Flu Vaccine clinic, later followed by individual vaccines given by appointment. A total of 250 seasonal flu vaccines were administered. Beginning with the arrival of the first allotment of H1N1 vaccine in November, the Public Health Nurse began its' administration by appointment to those targeted as the most vulnerable as determined by the Massachusetts Department of Public Health. Once that population was attended to, there were three clinics organized to vaccinate the entire population. The vaccine continued to be available by appointment throughout the winter of 2009-2010. As of the date of this report, a total of 704 vaccines for H1N1 were administered.

In the year 2009, the Public Health Nurse provided case management for, investigated and performed surveillance for the following reportable diseases:

Disease	Number of Cases
Salmonellosis	1
Rabies Related Human Exposures	17
Lyme Disease	26
E.Coli 0157	0
H1N1 (confirmed and reported)	1
Tuberculosis-confirmed, suspected or latent	1
Giardiasis	1
S. Pneumoniae	1
Campylobacter	3
Hepatitis C	7
Hepatitis B	1

Respectfully Submitted,
Lynn Allienello, RN
Public Health Nurse

DIGHTON~REHOBOTH REGIONAL SCHOOL DISTRICT **ANNUAL REPORT**

GENERAL INFORMATION

Entrance Age

First grade registration in September of any year will be limited to those children who are at least six (6) years of age or who will become six (6) years of age on or before August 31st. Kindergarten registration in September of any year will be limited to those children who are at least five (5) years of age or who will become five (5) years of age on or before August 31st.

Birth Certificate

Every child who enters school for the first time must present a birth certificate.

Vaccination

Every child who enters school for the first time must present a doctor's certificate of immunization against diphtheria, tetanus, whooping cough, measles, mumps, rubella, and polio, or a statement from his/her physician that vaccination is inadvisable. Children entering school for the first time are also required to have a physical examination.

SCHOOL DELAYS/CANCELLATION INFORMATION

Kindergarten, Elementary School, Middle School, and High School

Whenever the school buses can be operated safely, there will be school in the District (unless unforeseen emergencies make it necessary to close). In the event of closing, the district information will be broadcast over the following television and radio stations: Local cable channels 15 & 98; **TV CHANNELS:** 4, 5, 6, 7, 10, 12, FOX 25 and FOX 64; **RADIO:** WPRO (AM 630), WHJJ (AM 920), WBZ (AM 1030), WSAR (AM 1480), PRO FM (FM 920), WSNE (FM 93.3), WHJY (FM 94.1); LITE ROCK 105 (FM 105); **WEBSITES:** www.drregional.org, www.dighton.com, www.wbztv.com, www.thebostonchannel.com/index.html, www1.whdh.com, www.turnto10.com.

In the future, information will also be sent using our district calling system.

SUPERINTENDENT'S 2009 ANNUAL REPORT

The Dighton~Rehoboth Regional School District is sustained and improved through the collective support of staff, parents, community members, town officials, and our students. We appreciate your efforts and contributions to continue to meet the needs of our students and the excellence of our school district.

PERSONNEL

The district welcomed Business Administrator Richard Reino. Paul Manzi began his duties as district treasurer on August 3, 2009 following the resignation of Sandra Coble in June. Paul Giannakoulis served as interim assistant principal at Beckwith Middle School when Stephen Dzialo left the district. There were several teacher retirements.

DISTRICT AND MISSION GOALS

The mission of the Dighton~Rehoboth Regional School District, in collaboration with parents and the community, is to provide students with the knowledge, skills, global education, technology, and social responsibility to become contributing citizens and life-long learners in our ever-changing world. To complement our mission, district goals encompassing two years were established in the fall of 2008 emphasizing high standards and expectations for student achievement, enhancing professional development for our staff, improvement of communication, expanding and further integrating technology into instruction, and ensuring facilities meet the needs of the present and the future.

BUDGET AND FINANCE

The school district's budget provides the support for all educational programs in the district and funds prioritized needs. The operating budget for FY09 was \$33,217,509. The operating budget for FY10 is less than leveled funded from FY09 at \$33,090,896. The FY10 budget provided support for all five schools in the district. The Dighton K-8 budget is \$9,776,141; the Dighton~Rehoboth Regional High School budget is \$11,390,835. The Rehoboth K-8 budget is \$11,923,920. A third grade teacher to reduce class size was added at Palmer River Elementary School. A mathematics lab teacher was added at Beckwith Middle School.

As 2009 draws to a close, current FY10 and projected FY11 state funding to the regional school district and to the towns remains uncertain. It is not only a goal but a challenge to maintain the integrity of our school district and increase student achievement while being mindful of efficient and effective methods to create a fiscally responsible budget.

Grant funding continues to be an integral part of supplementing the operating budget. The district received \$1,563,123.00 in FY09 and \$1,829,454.00 for FY10. Grants were used to supplement supplies and materials, tutoring at the elementary and middle schools, academic support at the high school, special education tuitions and support staff salaries at all schools, district-wide professional development programs, and technology.

CURRICULUM, INSTRUCTION, ASSESSMENT, AND PROFESSIONAL DEVELOPMENT

Curriculum (standards, assessments, instruction, and resources) work continues in all of the major content areas (English, math, science, and social studies), as well as in health and physical education have been a focus throughout the year. The emphasis has been on prioritizing skill development and consistency across the district. Common assessments as well as standardized rubrics have also been a focus, with many levels/subjects beginning to pilot. These committees contain teachers, administrators, and parents from across grade levels. The coherence of a clear, consistent curriculum will lead to greater student achievement.

The standards-based elementary report card was implemented in grades K-4. The standards-based report card provides parents and students with specific information about what students know and are able to do at each grade level. Grading for the report cards is done with specific rubrics used by each teacher.

The No Child Left Behind Act requires all students to be tested in the areas of mathematics and English Language Arts. Our students' performance on the required Massachusetts Comprehensive Assessment System (MCAS) 2009 varied among grade levels and schools. The staff has spent a great deal of time analyzing MCAS scores and classroom assessments to determine how to close achievement gaps with students.

Four of the five schools met the adequate yearly progress (AYP). There were gains in several areas but the focus in mathematics and English Language Arts needs to continue at the elementary and middle school levels. High school students performed well in both English Language Arts and mathematics. Title I grant funds are being used to provide supplemental education services (before and after-school tutoring) to students who need assistance in the areas of English Language Arts and mathematics at the elementary and middle levels. Some students are being serviced by an outside provider and some students are being serviced by our staff. High school students receive instruction funded by a state academic grant support grant targeted specifically for high school students.

Teachers received professional development in many areas for the purpose of improving best practices and increasing student achievement. In particular, the professional development focused on differentiated instruction, professional learning communities, and use of the inclusion model. In addition, elementary teachers received professional development in literacy instruction and use of the newly implemented *Storytown* program. Also, many teachers participated in the Technology Carousel event and have received mini-grants to order hardware and integrate the technology into their classroom instruction.

FACILITIES

Planning for the replacement of the sewage treatment system at Dighton-Rehoboth Regional High School was the focus of facilities needs in the district. Both towns and the regional school committee provided and approved funding for the project. The work on the project was completed in the fall. In

addition, an asbestos abatement project at the Palmer River Elementary School and the floor reinforcement project at Dighton Elementary Schools were completed.

The district received an energy audit from National Grid. Work on the installation of equipment from the National Grid grant and other energy saving measures is expected to assist in lowering utility costs. The project began in 2009 and will continue into 2010.

CONCLUDING REMARKS

It is a privilege and an honor to be the Superintendent of the Dighton~Rehoboth Regional School District. I have built strong relationships with many stakeholders over the last year and will continue to work collaboratively with all constituencies to provide a quality education for our deserving students.

Respectfully submitted,

Kathleen A. Montagano, Ed.D.
Superintendent of Schools

ANNUAL REPORT
DIGHTON~REHOBOTH REGIONAL HIGH SCHOOL
2009

I am pleased to submit the 2009 annual report for Dighton~Rehoboth Regional High School.

PERSONNEL

- **Administration** ~ Mr. Leon Sibielski retired as the Director of Guidance, effective October 30, 2009. Ms. Deborah Sarrey was hired as the Director of Guidance for Grades 5-12, effective November 16, 2009.
- **Career and Technical Education** ~ Mr. Stephen Gouveia, Woodworking and Technology; Mr. Stephen Janczura, TV/Video Production.
- **English Department** ~ Mr. Deven Antani;
- **Mathematics Department** ~ Mr. Zane Fyfe, Mr. Gerard Kates, Mr. Mark Moskowitz; and Ms. Kathleen Chase;
- **Science Department** ~ Ms. Diana D'Agostino was hired as a long-term substitute.
- Mr. Fred Hallal retired as the television/video production teacher after 30 years of service.
- Ms. Heather Rose transferred to Dighton Middle School after 8 years of employment at Dighton-Rehoboth Regional High School.
- Ms. Karen Abrahamson transferred to Dighton-Rehoboth Regional High School as an instructor of Health, Wellness and Safety, after her position at Beckwith Middle School was eliminated.
- The following positions were reduced: 0.5 Guidance Counselor, 0.5 Television/Video Production. The following positions were eliminated: 2 Cafeteria Monitors; 1 Media Center Assistant; 1 Structured Learning Time proctor/assistant; 4 Bathroom Monitors; 2 custodians. All department head and senior teacher stipends were cut. A .8 equivalent of secretarial staff was reduced.

ENROLLMENT

The individual student class distributions from each of the two towns are:

Grade	Dighton	Rehoboth	Total
9	112	130	242
10	120	146	266
11	107	142	249
12	110	164	274
Totals	449	582	1031

ACADEMIA

With the 2009 MCAS results arriving in September, we all worked hard as a professional learning community to keep the focus on overall student achievement, and also to assist students at-risk. Our faculty met tirelessly in large groups, small focus groups, and by department to discuss student needs and how to support those needs within the confines of a conservative budget.

As academic pressures have increased from the state, all students are now required to pass the MCAS examination in three subjects: English-Language Arts, Mathematics and Science/Technology-Engineering.

The requirements for the achievement of a high school diploma are becoming more challenging for all students. Beginning with the graduating Class of 2010, students, in addition to achieving a competency determination in science, must demonstrate a measure of proficiency in mathematics and English. Essentially, students who do not score a minimum of 240 in ELA and Mathematics must successfully complete the

requirements of an Educational Proficiency Plan (EPP), which is being piloted by the Class of 2010. This has resulted in additional coursework for students in mathematics, the extension of course offerings in Algebra II and higher-level mathematics courses. The EPP will also inventory student strengths and weaknesses and document student progress toward proficiency in ELA and mathematics if the student does not score a minimum of 240 on the 10th grade MCAS examination.

In order to meet all the needs of a heterogeneous student body and various learning styles, our staff has been working collaboratively on differentiating instructional strategies. Teachers presented varied strategies and professional development focused on developing different skills and techniques for classroom use. The staff relied on its own expertise, as staff members demonstrated lessons for their peers and re-wrote lesson plans in styles different from those most comfortable to our staff, as we continue our attempts to move our classrooms to a more student-centered model. This process is ongoing and will continue as we move into the 2009-10 school year.

Art: The art department displayed various Dighton-Rehoboth 'Artists of the Week' works in the window of the guidance department. A number of students earned recognition and Scholastic Art Awards from *The Boston Globe*. Carly Braisier's artwork received national recognition after winning the top state award.

Career and Technology Education:

- **AUTOMOTIVE:** 300 repair orders were written for area resident requests for repair or maintenance on their cars and trucks. The tasks ranged from the less complex of plugging a tire and replacing a bulb to the more complex of changing a timing belt and replacing a head gasket. Maintenance and repairs were performed on district vehicles as well. Plans are underway to do general maintenance on the Rehoboth Town vehicles as it aligns with curriculum, including the possibility of overhauling an engine on one of the cruisers.
- **CARPENTRY:** Junior and senior carpentry students have rehabilitated the press box at D~R, constructed the Pavilion at Nike Court, and renovated the DECA Marketing area. They also built the building for the Rehoboth Landfill, which was then transported to the site. Sophomore carpentry students crafted a hutch and desk for a D~R office, and constructed the cold frames for the community garden in Rehoboth. Mr. Levesque, along with the support of his advisory group, is also looking into starting a shed-building program. Several other projects have been requested.
- **MACHINE TECH:** Assisted in various repairs including refurbishing the carts for the cafeteria.
- **DRAFTING:** Satisfied some requests for designs and worked with Early Childhood on an integration project.

A vocational information DVD was produced and shown to BMS and DMS students. Sixty-five (65) students from BMS and 105 from DMS attended the orientation tour at DRRHS.

Presently, there are 70 students enrolled in the Exploratory Program for the next school year. Each program has an advisory committee which meets at least two times annually. We are always looking to increase the membership from those in the communities involved in any of the industries which we represent. There were three (3) students on Co-Op in 'paid and unpaid experiences' this past year: Austin Dumont at Custom Mold; John Simmons at Stonstrom Builders; and Melissa Crawford at Palmer River Elementary School.

In addition, the department sponsored various guest speakers; traveled to the Universal Technical Institute; and participated in a field trip to Journal of Light Construction Conference in Providence. Staff members attended the State SkillsUSA Conference as observers.

English: All eight (8) of our advanced placement students who took the exam earned a grade of three or four. Mrs. LaSalle directed the fall play, *Lovers at Versailles*, and the spring musical, *Footloose*. In addition, the Drama

Workshop class performed dramatic re-enactments of several short stories from the high school curriculum to a wide spectrum of English classes. A number of English teachers took a wide variety of courses and workshops, including: *Scoring the Long Composition for the Grade 10 MCAS*, *Arts with the Brain in Mind*, *Co-Teaching and Differentiated Instruction*, and *Smart Board Training*.

Foreign Language: The Latin classes visited the RISD Museum last April to see the Roman artifacts. The museum has a wonderful collection of Roman Egyptian burial paintings, Greek vases, and Roman jewelry and coins. The French classes went to the French American School of Rhode Island. They saw a presentation of the play "La Turbine" put on by the elementary students there. Our students then visited some classes. The favorite visit was to the class of three-year olds, where they listened along with the class to a story in French. The interaction and questions to the 6th graders and middle school students at FASRI allowed D-R students to learn what the FASRI liked about bilingual education.

Mathematics: Ms. Deschenes and Mr. Ascoli participated in the year-long SimCalc study (Algebra I) with the University of Massachusetts at Dartmouth. They attended seven three-hour sessions at UMass and conducted the study at D-R for 12 weeks. Ms. Chase was the "non-treatment" teacher and collected data from her students as well for comparison purposes.

Beginning in 2009, students determined to need assistance in Algebra I or Geometry were scheduled for additional support in mathematics. The purpose of this support work was to assist students for continuation in mathematics, as well as to ready them for the MCAS exam.

Beginning with the class of 2010, all students not attaining a minimum score of 240 in the math MCAS exam need to have an Educational Proficiency Plan (EPP). These plans must insure that students continue to progress in their successful study of mathematics, in order to graduate.

Under the direction of Ms. Deschenes, the AP Calculus AB Class did extremely well on the spring test. Of the ten (10) students tested, one (1) student scored a three, three (3) scored fours, and six (6) students received the top score of five.

Music: Thirteen (13) music students from Dighton-Rehoboth were selected by audition to participate in the upcoming festivals of the Southeast Mass. School Bandmasters Association (SEMSBA). They were chosen from among hundreds of students in over 20 communities across the region.

Science: Beginning with the Class of 2010, students are responsible for the successful completion of a science Massachusetts Comprehensive Assessment System (MCAS) test. For the first time at D-R, the Introductory Physics examination was offered to ninth graders in the Class of 2012, in addition to the biology test offered to tenth graders in the Class of 2011. With more than 500 students sitting for science examinations in June, nearly 95% of students passed either the Physics or Biology test, and 100% of test-takers passed the chemistry exam.

Social Studies: This spring, several faculty members were enrolled in "Teaching American History Collaborative" at Bristol Community College. Upon completion of the course, the school received a laptop computer, multimedia projector and screen for each teacher enrolled. The social studies department has received six (6) of these technology grants over the last three years.

Advanced Placement test results for 2009 are as follows:

AP Course/ Scores:	1	2	3	4	5
Art History	1		3	1	
Calculus AB			1	3	6

Chemistry		1	3	8	3
English Lit/Comp			5	3	
Euro. History		1	2	1	
Gov. & Politics				1	
Physics Mechanics C					

5 is the highest score

Scholastic Aptitude test results for 2009 are as follows:

'08-'09 SAT Test Data	D-R	MA	US
Critical Reasoning	505	514	501
Mathematics	504	526	515
Writing	487	510	493
			(mean scores)

ACT test results for 2009 are as follows:

2009 ACT Test Data	D-R	MA
English	21.9	23.9
Mathematics	21.9	24.3
Reading	22.4	24.3
Science	22.3	22.8
Composite	22.2	23.9

Post-high school plans for 2009 are as follows:

2009 Post High School Plans	% of seniors
Four-Year College/University	61%
Two-Year Community College	21.6%
Trade/Technical School	6.4%
Military	1.4%
Employment	9.6%
Undecided	0%

PROFESSIONAL DEVELOPMENT

The Dighton-Rehoboth Regional High School professional development for the year focused on differentiated instruction. Teachers developed lesson plans and shared expertise in developing lessons that addressed the learning styles and needs of all students. Teachers were directed to modify lessons that were different from their usual learning styles, and teachers modified lessons based on a differentiated model.

In addition, a number of faculty, staff and administration participated in workshops and conferences offered off-site by outside organizations. A number of faculty members also participated in district-sponsored courses.

ATHLETICS

Dighton-Rehoboth athletes enjoyed another successful year in 2009. The athletic department earned seven (7) championships in the South Coast Conference: golf, girls' soccer, field hockey, winter boys' track, spring boys' track, spring girls' track, softball, and baseball.

D~R Athletics can also boast of another Overall SCC championship, making it the twelfth in 13 years. Dighton-Rehoboth also came in second in the Boston Globe Dalton Award presented for overall athletic excellence.

At the D~R All Sports Banquet, "Athlete of the Year" honors went to John Scanlon and Ashley Noons.

The 2008-09 basketball season saw D~R's Mary Nwachuku become the all-time leading scorer in D-R basketball history, boys or girls. Also, Keith Rose set the boys soccer career scoring record when he scored his 65th career goal on October 7th.

The baseball team captured the South Coast Conference championship for the 12th time in the last 15 years. The softball team captured its third consecutive SCC championship.

In boys' track and field, Christopher Perry won only the third New England championship in school history in winning the New England triple jump championship in Burlington, Vermont. Brian Espinosa (long jump), Perry (triple jump) and the 4x100 relay team of Perry, Espinosa, Tom Harrington and John Scanlon earned Class championships. Brin Perry of the girls' track team earned the Frank Kelley Adversity Award, a statewide award given by the Massachusetts State Track Coaches' Association to those students who have triumphed over adversity in participating in the sport of track and field.

Football coach David Driscoll received the Distinguished Service Award from the Massachusetts State Football Coaches Association for his commitment and dedicated service to the organization for many years. The award has been won in the past by individuals such as Bob Kraft, owner of the New England Patriots. Coach Driscoll spends countless hours coordinating the annual coaches' clinic for the coaches' association and has served as an organization president.

Baseball coach William Cuthbertson was inducted into the Massachusetts Baseball Coaches' Hall of Fame.

Several coaches earned local Coach of the Year honors, including Jeff White (girls' soccer), Mike Rubin (boys' and girls' winter track), and Bill Cute (golf).

TECHNOLOGY

Technology has been enhanced greatly over the past two years at Dighton-Rehoboth. The social studies department received two (2) additional laptop-projector units as part of the "Teaching American History First" course, which is a grant-funded graduate course for teachers of American History. The math department integrated graphing calculators at all levels with the TI Navigator System. Laptop carts, available through the library, were utilized daily by teachers in their classes. In addition, we have updated infrastructure and replaced technology throughout the building, including the following:

- ◆ Purchased 7 portable Laptop/Projector carts for teachers to use in their classrooms.
- ◆ Purchased 7 smartboards. Smartboard notebook software is installed on all teacher computers.
- ◆ Purchased 2 Senteo Clickers.
- ◆ Purchased 2 TI Graphing calculator laptop/projector carts.
- ◆ Upgraded RAM in computer labs.
- ◆ Setup new Office Simulation lab. The lab includes 16 workstations, 2 printers, a large bed scanner, and a Smartboard projector unit.
- ◆ Upgraded software and hardware.

- ♦ The Logger Pro Software (data and graphing analysis software 3.6.1) has been installed on all student computers. That software is used by AP Physics and Chemistry students. Students can download the software and install it on their home computers for free.
- ♦ Installed Vision on all teacher workstations in the computer labs. Vision lets teachers control student workstations from the teacher workstation, as well as lock out applications such as web-browsers.

SCHOOL AND COMMUNITY INVOLVEMENT (08-09 School Year)

School Council members are:

Fred Suzman, Rehoboth Community Representative
 Paul Giannakoulis, Dighton Community Representative
 Michelle Renaud, Rehoboth Parent Representative
 Colleen McBride, Rehoboth Parent Representative
 David Sherry, Rehoboth Parent Representative, Co-Chairperson
 Lisa Salois, Dighton Parent Representative
 Debbie Howland, Dighton Parent Representative
 Dave Moura, Teacher Representative
 Dave Driscoll, Teacher Representative
 John Greenlees, Teacher Representative
 F. Leon Sibielski, Guidance Director
 Gail Van Buren, Principal, Co-Chairperson

For the third year, the School Council spearheaded a Soup Kitchen, this year sponsoring the event at LaSalette Shrine in Attleboro. A number of students and student groups participated, as well as numerous staff from the learning community. The council was instrumental in focusing on community service, and instituted a voluntary community service component for graduation.

Another goal was to increase public awareness for school successes and events. The Council pushed to increase the number of e-mail subscriptions to 80% of families, along with integrating TV cable access in order to publicize school events. This year, the newsletter will be sent monthly.

Improvement in student fitness and health was an additional School Council goal. Health classes were screened for cholesterol; CPI training was offered for a number of staff; a smoking cessation survey began, and volunteer students met with the manager of the cafeteria to suggest food offerings. Senior breakfast was also extended and began right after the winter vacation.

A major focus for the School Council was improved academic achievement. Besides the MCAS exams, the School Council listed other areas to gauge for academic progress including SAT, PSAT, AP, college acceptances, career/job placements, and high school drop-out rates.

NEASC

In July 2009, the high school received the results of the New England Association of Schools & Colleges (NEASC) Special Progress Report with continued accreditation. The Commission noted the following positive accomplishments:

- *The numerous examples from across the curriculum provided of the authentic application of learning;*
- *Initiatives in the integration of curriculum across disciplines such as the math/science integration of the algebra curriculum into the physical science curriculum, the integration of the English department standards for essay writing across all disciplines, and the integration of English lessons on Henry David Thoreau into the science curriculum;*

- The adoption of strategies to enhance the level of vertical curriculum articulation including the involvement of high school personnel on committees dealing with K-8 curriculum development;
- The proposed development of a summer school program for credit recovery;
- The dedication of the professional development program for 2008-09 as well as some faculty meeting time to dialogues formally focused on instructional practice with an emphasis on differentiated instruction;
- The provision of professional development in 2007-08 focused on the incorporation of technology into the curriculum and instructional practice;
- The commitment, as demonstrated through the training and re-training provided to all staff, to the use of school-wide rubrics for all academic expectations in all departments;
- The development of a plan to clearly assess student progress in achieving school-wide expectations based on the use of school-wide rubrics;
- The development of a plan to revise the school's report card so as to be able to clearly report student progress in achieving school-wide expectations based on the use of school-wide rubrics;
- The continued improvement to the school's attendance rate and the significant decrease in the school's tardiness rate;
- The development of a plan to pilot an advisory program for students in the Classes of 2010, 2011, and 2012 during the 2009-10 school year;
- The increased use of the media center by students and staff.

The Commission requested a Special Progress Report, due February 1, 2010, to respond to the following:

- report on the development of any additional initiatives for the integration of curriculum across disciplines;
- describe any further progress in the development of processes to improve horizontal and vertical curricular articulation;
- report any action by the school regarding the restructuring of the daily schedule;
- provide the Commission a report on the success of the pilot advisory program;
- describe the process for evaluating the delivery of support services, in addition to personnel evaluations, in the areas of guidance, library/media, and health/nursing services.

[Excerpts from the August 5, 2009 letter from the New England Association of Schools and Colleges]

CONCLUDING REMARKS

The past year has marked a time of transition for Dighton-Rehoboth, as fiscal cutbacks at the state and local levels have resulted in some personnel losses. With some painful exceptions, 95% of professional personnel was maintained at the cost of textbooks and ancillary materials purchased for student learning, as well as school supplies.

That said, the Dighton-Rehoboth staff remains committed to academic, extra-curricular and co-curricular excellence. Increased MCAS standards have changed the ante for many students. As we have shaped our courses to include a more heterogeneous program of studies, with all courses serving as college-preparatory and based on high standards for all students, we have seen attendance and student accountability improve.

We will continue to face challenges, both fiscal and curricular, and will respond to these changing educational times. We will continue to adapt curriculum, instruction, and assessment to serve all learners at Dighton-Rehoboth Regional High School.

Respectfully Submitted,

Gail M. Van Buren, Principal
Dighton-Rehoboth Regional High School

ANNUAL REPORT
D.L. BECKWITH MIDDLE SCHOOL
2009

I am pleased to submit the 2009 annual report Dorothy L. Beckwith Middle School.

PERSONNEL

The following changes took effect during this calendar year. In June 2009, Carol Nelson, a grades seven and eight English language arts teacher, retired. Maura Santoro returned this school year from maternity leave. Ann Marie Cheney and Mara Catrambone have joined us in the office as full-year and part-time secretaries, respectively. Some staff changes were necessitated by modifications made to our academic programming and budget. Polly Cardea, who taught world language as part of the related arts group, is now teaching seventh grade Spanish. Melissa Bilentschuk who taught social studies is now teaching 7th and 8th grade English language arts. Polly Angell and Paula Roy have joined us from Dighton Middle School to teach 7th and 8th grade social studies and general music, respectively, due to changes in the Dighton Middle School programming. Helen Correia-Mahoney and Linda Caponigro transitioned to Beckwith Middle School from Palmer River Elementary School, as instructional learning assists. New staff members this year include Lisa Cadima who was appointed Grades 5 through 8 mathematics lab teacher, Robert D'Ambrosio who was appointed 0.4 instrumental music teacher, Ashley Jutras who was appointed school psychologist, Laura Lynch who was appointed Grade 8 Spanish teacher, and Christopher Ertl, appointed as a Grade 8 Spanish teacher.

ENROLLMENT

Our student population as of October 1, 2009 was as follows:

Grade 5	151
Grade 6	154
Grade 7	155
Grade 8	<u>157</u>
617 total enrollment	

ACADEMIA

Beckwith Middle School was identified for restructuring in mathematics because our attendance target for the subgroup of low-income population, under the federal No Child Left Behind Act (NCLB), was not met. Students in the low-income population had an average attendance rate of 90.3% but needed to reach the 92% target to avoid the restructuring designation. This designation, which comes from the Massachusetts Comprehensive Assessment System (MCAS) and adequate yearly progress data (AYP) data, highlights areas where more work is needed by principals, teachers and parents to ensure that all students are successful. Schools identified under NCLB become eligible for additional support from the school district and the state as we work together to improve teaching, especially in the area of mathematics.

We are doing and have done many things to improve teaching and learning at Beckwith Middle School. We are hiring highly-qualified and certified mathematics teachers, analyzing data to target achievement gaps and using this data to drive mathematics instruction. We are providing before- and

after-school intervention programs and extra help sessions to assist students develop their skills. To meet proficiency, we are increasing the use of *Study Island* as a tool to individualize instruction and address individual needs. Also, targeted students' schedules have been revised to include supplemental math support classes and to implement the use of formative assessments to provide ongoing assessment and timely intervention.

Curricula are reviewed and revised on a regular basis in the school district. Curriculum teams will continue to meet to develop district-wide assessments that will help inform teachers and guide instruction to ensure student mastery of content.

The Massachusetts Comprehensive Assessment System (MCAS) was administered to all students in Grade 8 (English Language Arts & Literature, Mathematics, Science & Technology/Engineering); Grade 7 (English Language Arts & Literature, ELA Composition, Mathematics); Grade 6 (English Language Arts & Literature, Mathematics); and Grade 5 (English Language Arts & Literature, Mathematics, Science & Technology/Engineering) in May of 2009. Both administration and faculty are using "DataWarehouse" to analyze MCAS statistical data. A team was formed with the goal of determining effective ways to increase student performance in ELA and mathematics. Information gathered is also used to determine areas of strength and weakness in our curriculum, allowing us to make necessary changes to ensure that all students are provided with a challenging program of studies. In addition to making appropriate changes to our curriculum, the data analysis helps us to identify students who would benefit from additional instruction and specifies what areas are their weakest. We added a mathematics lab to our programming to assist students in developing their skills and to become more confident when applying math concepts and to increase critical thinking and problem-solving skills.

TECHNOLOGY

In the fall, seven Dell computers were purchased for use in the mathematics lab to complement the technology already in place. Presently 75% of our school's technology is two years old or under.

Teachers have received eight (8) "Smartboards" as part of the in-district grant process. Two (2) laptops were received to use with two of the "Smartboards". Teachers are expected to learn the product, create three exemplar lessons, and become the expert trainer within the building for use of the equipment. In addition, through the grant process, we received nine (9) projectors and "Adobe PhotoShop" software, an industry design standard, which has been purchased for use in the art room to introduce students to digital design.

PROFESSIONAL DEVELOPMENT

The Beckwith faculty, staff, and administration continue to keep up-to-date and develop their skills through attendance at workshops, courses, and seminars. Teachers, staff members, and administration were involved in workshops offered by the school district and outside organizations, in particular, differentiated instruction, inclusion, and response to intervention.

STUDENT ACTIVITIES AND ACHIEVEMENTS

Once again our ACE program (Activities Clubs for Enrichment) was funded through user fees paid by students who wished to participate. After-school programs included art club, floor hockey, intramural basketball, book club, game club, cross country, knitting, and more.

Thanks to Mrs. Duncan, Mr. & Mrs. DeBlois, Mrs. St. Pierre, and Mrs. Guimond's persistence and perseverance with fundraising efforts, our students were given the opportunity to participate in the Massasoit League programs again this year. Students who participated in interscholastic programs were required to pay a user fee to compensate for the costs associated with the program that the fund-raising money was not able to cover.

Last year's boys' basketball team worked hard and learned a lot about teamwork. With the practices well underway for this season, the team is really shaping up. Every team member is working hard to pull together and have a fun-filled season.

The Lady Raiders basketball team has also completed try-outs and has started practicing as well. This year Mrs. Carol Jerauld will coach the Lady Raiders. We are looking forward to exciting seasons from our basketball teams.

The Raiders and Lady Raiders had competitive and successful baseball and softball seasons in 2009. The boys and girls worked hard and their success showed that they worked well as a team.

The Beckwith spelling team had an outstanding season at the top of the Massasoit League standings. The spelling team won the spring and fall events and was successful in bringing the trophy to Beckwith.

The Beckwith math team worked tirelessly and competed against eight other middle school math teams in a series of extremely challenging tests.

Each year, John Hopkins University conducts an academic talent search for students in Grades 5 through 8. Students are chosen to participate based on their academic performance. Students must rank in the 95th percentile on their MCAS test in order to be chosen to participate. I am proud to announce that this fall eleven (11) of our students were nominated based upon their achievement.

Each year two students from the 8th grade graduating class are nominated by their teachers to participate in the Annual Scholar Leader Banquet held at the DCU Center in Worcester, MA. This event affords middle-level educators an opportunity to publicly recognize students who have distinguished themselves as having character and integrity, and are positive role models for their peers. Our scholar leaders for 2009 were Emily Blanchard and Zachary Mitsmenn.

John Ursillo, Sophia Szydlowski, and Case Framson attended the National Young Leaders State Conference in Boston. During their four-day adventure, John, Sophia, and Case participated in activities that enhanced their leadership skills while challenging them to acquire new skills. To view a photo slideshow of the conference, please visit: www.cylc.org/nylsc/pictures.

On March 6 and 7, 2009 five Rachel Perez, Meghan Bury, Jennifer Hirst, Joseph Fernades, and Charles Swenson participated in the Southeastern Massachusetts Junior Choral Festival.

Beckwith Middle School held a Jazz Night dinner fundraiser on April 14, 2009. In addition to performances by the Beckwith Jazz Chorus and the Beckwith Jazz Band, the Dighton-Rehoboth Regional High School Jazz Band performed.

The Southeastern Massachusetts School Bandmasters Association, SEMSBA, held their junior festival on May 1st and 2nd. Raquel Perez, Richard Muri, Alexandra Poirier, Meghan Bury, Curtis Letourneau, Donovan Burtan, Charles Swenson, and Salvador Lopez represented Beckwith Middle School in this event.

The Beckwith Middle School Theater Department held its musical production, *Wipeout*, on May 8th and 9th. There was sun and fun in the cafetorium, complete with surfing, singing, dancing, costumes, scenery, a live band, and even a treasure hunt. The tech crew did a great job with all its scenes and behind-the-scenes work. The audiences most certainly enjoyed the shows. A dress rehearsal was also held for the 4th fourth grade students from Palmer River Elementary.

On May 29, 2009 the 7th and 8th grade band and chorus competed against schools from Massachusetts, New York, Connecticut, and New Hampshire at Six Flags New England. Both groups took third place and received an "excellent" rating.

COMMUNITY INVOLVEMENT

The Student Council is an important student organization that works to help our school and community. Beckwith students worked hard on the annual November food drive that provides much needed non-perishable items and money to the Rehoboth Food Pantry.

SCHOOL COUNCIL

Our School Council members are as follows: Mr. Timothy Kelly, teacher; Mrs. Patricia Sherrerd, speech and language teacher; Mrs. Lisa Blanck, community representative; Mrs. Beth Buvarsky-Mass, parent; Mrs. Nicola Brown, parent; and Mrs. Debra Pincince, principal. Our School Improvement Plan has been revised rigorously in an effort to bring our school out of corrective action by setting goals for student achievement.

CONCLUDING REMARKS

Financial constraints affect the educational programming at Beckwith Middle School. Costs of supplies and materials continue to rise, but our teachers persevere with fewer resources with which to teach their curricula. Thanks to the concern and support of the Rehoboth residents, some teaching positions previously cut, were filled. This helped to bring the numbers of students in each class to a more acceptable level. The faculty and staff of Beckwith Middle School are one of the finest groups of educators with whom I have ever had the pleasure to work. They continue to work diligently despite the obstacles. Their determination to provide our students with the best education possible is not only admirable, but commendable. In conclusion, I wish to thank the people of Rehoboth who support our students and schools in numerous ways. I appreciate your efforts and look forward to future collaboration.

Respectfully submitted,

Debra L. Pincince, Principal
D.L. Beckwith Middle School

ANNUAL REPORT
PALMER RIVER ELEMENTARY SCHOOL
2009

I am pleased to submit the 2009 Annual Report for the Palmer River Elementary School.

PERSONNEL

The following staff were hired for the 2009-2010 school year. Valerie Latham, Special Education Teacher works with students in Grades 2, 3, and 4. She completed her Master of Science in Education from Simmons College and has worked as a substitute special education teacher in Swansea. Wendy Conrad, was appointed as a special education teacher and has been assigned to work with students in Grade 1. She graduated from Georgian Court University and has worked as a long-term special education substitute in Ashland prior to coming to Palmer River Elementary School. Jessica Coirter, has been working as special education teacher in Grade 2. She completed her Bachelor of Arts in elementary and special education at Providence College and spent a year in Rennes, France teaching English to students in Grades 2-5. Paula Cioe, special education teacher working with Grade 3, graduated from Providence College with a Master of Education in special education. She has worked as a long-term substitute teacher in Fall River, MA, North Attleboro, MA and Barrington, RI. Susan Smith, Library Media Specialist, completed her Master of Education at Bridgewater State College, with a concentration in library media studies. Ms. Rebecca Friary retired in June after 35 dedicated years of service.

ENROLLMENT

Our enrollment as of October 1, 2009 is as follows:

Pre-Kindergarten	40	Third Grade	161
Kindergarten	107	Fourth Grade	144
First Grade	125	<u>Life Program</u>	<u>3</u>
Second Grade	136	TOTAL	716

ACADEMIA

The 2009-2010 School Improvement Plan focused on student achievement and improving students' performance on Massachusetts Comprehensive Assessment System (MCAS). Specifically, increasing student achievement in the area of English language arts as related to reading and writing; enhance student achievement by aligning curriculum, instruction, and assessment practices; and, increasing student achievement in the area of mathematics. This will ensure students are meeting proficiency targets.

Standards-based reporting has been implemented this year. The new grading system has provided more detailed information regarding performance indicators and what students know and are able to do. Parents received information about the reporting systems through the school newsletter, Dighton Rehoboth Regional School District website, and four (4) parent presentations that were held in the fall. Curriculum, instruction, and assessment practices are aligned with the standards-based reporting system, and offer students more information about their learning. The *Storytown* literacy program implementation has progressed smoothly. The teachers have used this research-based core program as an instructional tool in the five building blocks of literacy, including: phonemic awareness, phonics, vocabulary, fluency, and comprehension.

At each grade level, several teachers are piloting math programs. In collaboration with the teachers from Dighton Elementary School, our teachers will be providing feedback and making recommendations to help determine a comprehensive math program for the district.

Numerous students have been invited to participate in a before-and after-school intervention programs; students have been selected based on teacher recommendations and academic need. Additionally, *Study Island* access has been provided to all students in Grades 1-4. This web-based program enables our students and their families to access the program at home. *Study Island* questions align with MCAS and the Massachusetts Curriculum Frameworks.

A parent MCAS information night was held on November 30, 2009. The evening highlighted strategies to help parents prepare their child for taking the test. MCAS 2009 sample questions were shared, along with corresponding scoring criteria. Additionally, parents received information about *Study Island*, MCAS Spring 2009 student performance levels, timelines, and preparation for MCAS 2010.

Palmer River Elementary School is pleased to report that the 2009 MCAS results indicated that we met Adequate Yearly Progress (AYP). However, it takes two (2) years of successfully meeting AYP targets before the school is no longer identified for corrective action. A review and analysis of MCAS results indicated that our 3rd and 4th graders demonstrated gains in advanced and proficient in the area of English language arts and mathematics. This fall, the Department of Education and Secondary Education (DESE) released growth data for all schools and districts in the Commonwealth. The percentiles compare fourth grade students with similar MCAS score histories. Our students achieved typical growth, with a result of 49.5%.

To celebrate Literacy Month at Palmer River, several special guests were invited to read to the students. Guest readers included: Senator Timilty, Representative D'Amico, Dr. Wordell, Dr. Montagano, and Mr. Marciello.

A Principal's Lunch has been scheduled weekly to honor students that have shown academic achievement and positive character traits. Several of our students have been selected to participate. We will continue to offer this incentive throughout the school year to students that have shown outstanding achievements.

TECHNOLOGY

Many of our teachers participated in the district-sponsored technology training this summer. Course training covered a range of technical abilities and topics from the basic beginner to more advanced technical ability levels. Course offerings included *SMARTBOARD*, *Senteo Clickers*, *X2 IEP Overview*, *MassOne*, *Website Design*, *Brain Pop*, *Atomic Learning*, *WebQuests*, *Microsoft Office for the Classroom*, *PowerPoint*, and *Vocabulary Made Simple and Exciting*.

Our students continue to benefit from our computer lab. Students and teachers have access to a variety of computer programs which include: *Math Blaster*, *Star Reader 2.4.2*, *Storybook Weaver Deluxe*, *Thinking Things*, *TimeLiner*, *Type to learn*, *Logical Journey of the Zoombinis*, *Kidspiration*, *Kid Pix 4 Deluxe*, *Ice Cream Truck*, *Typed to Learn, Jr.*, *Key Skills Literacy*, *Math Suite*, *Atomic Learning*, *BrainPop & BrainPop Jr.*, *Reading A-Z*, *Accelerated Reader*, *MassOne*, and *Study Island*.

PROFESSIONAL DEVELOPMENT

We have many staff members that continue to improve their professional skills by participating in workshops and attending conferences. Staff has attended various workshops in the areas of physical education, literacy, autism, speech and language, technology, and student disabilities.

Many of the Palmer River teachers participated in the *Differentiated Instruction and Co-Teaching* graduate course offered this summer by the district. At the start of the school year, the teachers had the opportunity to bring the newly acquired skills into their classrooms to help benefit all students.

Teachers from across the district collaborated on several professional development committees this year. The curriculum frameworks were reviewed and prioritized in levels of importance to help guide instruction. Other committee work included: math problem solving, common assessments, PK-12 teacher leaders for new teacher orientation, social studies curriculum and PK-12 curriculum.

Additionally, teachers engaged in collegial dialogue focusing on standards-based teaching, rubric development, and assessment practices. The professional development trainings expanded our work in the areas of standards-based instruction, assessment, and reporting. Collaboration between the two district elementary schools helped provide consistency in both teaching and assessment practices.

COMMUNITY INVOLVEMENT

We are grateful to our Rehoboth Firefighters for offering *The Student Awareness of Fire Education* (S.A.F.E.) and *Ice Safety* programs to our students. Through this partnership, very informative safety programs have been offered to our students.

Drs. George, Romani, and Jaffe, of Orthodontic Partners, sponsor the *Reading Rocks* program to encourage our students to read. The children will be asked to record the number of pages they have read each month. Dr. George visits each month to deliver pizza to the winning classroom and to share the importance of reading. This is the third year of this program.

The children at Palmer River Elementary School have participated in many fund-raising programs in support of the Rehoboth Animal Shelter, the Helping Hands Project, Blizzard of Giving, and Food Pantry. The staff and students at Palmer River continue to reach out to those less fortunate. We are proud of our students' empathy and contributions which reach out to help all members of the community.

The Palmer River Elementary School and the Dighton Elementary School students participated in the Lions Club Arts Festival in November. The PRES student artists created a beautiful paper quilt and paper sunflower containers with vibrant colors. It was sensational to walk through the exhibit and see such a fabulous display.

The *Banking Makes Sense* program is a partnership with the Bristol County Saving Bank, teachers, and our third grade students. This yearly collaboration teaches our students math skills and the importance of a lifetime of saving.

The Parent-Teacher-Student Association (PTSA) members support our school and provide our students with so many wonderful activities. The yearly Program Enhancement Grant (PEG) is designed to distribute funds directly to support the teachers' instruction and benefit students. Field

trips help to expand the classroom learning into the "real world" of discovery and exploration. The many countless hours of volunteer work and contribution to our school community is priceless.

SCHOOL COUNCIL

The School Council has been actively involved in developing the School Improvement Plan. The Council has worked very hard to support programs that will offer the Palmer River families information and guidance to help their children. A parent resource guide with answers to frequently asked questions will be developed this school year. A School Council website has been developed and will be expanded. Science, Technology, Engineering and Math (STEM) evenings will be planned with the PTSA. Each evening will provide "hands-on" activities with a concentration on STEM, and enabling students to explore career possibilities for future consideration.

CONCLUDING REMARKS

Finally, I look forward to my work at the Palmer River Elementary School. The partnership between school, home, and community is essential for the success of our students and future citizens.

Respectfully submitted,

Linda S. McSweeney, Principal
Palmer River Elementary School

FY2009 YEAR END CHECKLIST

Page

Instructions: Please mark (x) the appropriate response and provide a detailed explanation where necessary.

1. Is a combined balance sheet for all funds and account groups submitted? Please submit combining statements along with detailed fund balances for all funds and account groups. YES 1
2. a) Have all cash account balances as of June 30, 2009 been reconciled to the records of the treasurer or custodian?
If NO, please identify the amount of the variance. X
General Ledger is higher _____ or lower _____
- b) Please complete and return the attached form showing a reconciliation of cash with treasurer.
3. Have you accrued any revenue? X
If YES, please list the amount and account.
- | | | |
|---------|----------|--|
| 108,724 | Account: | SPED Circuit Breaker - 4th Quarter |
| 108,374 | Account: | Various Grant Receivables - see attached |
| 11,876 | Account: | School Lunch |
| 36,379 | Account: | VOG OOD Transportation |
4. Do the accounts due to and due from offset? NA
5. Have all payables and encumbrances been recorded, including accrued payroll?
If NO, please identify. X
- Account: _____
Account: _____
6. Are there any payroll withholding, appropriation or fund balance deficits (all funds)?
If YES, please indicate the amount below. _____
- Account: _____
Account: _____
Account: _____
Account: _____
7. Have all votes from excess and deficiency (E&D) been recorded on the Balance Sheet?
If NO, please indicate amount. X
8. Has documentation supporting deficit account balances for which funds have been received July 1st through September 30th been submitted? 1
9. RSD Self-Insurance for Employees and Retirees
- a) Is there a self-insurance plan for FY09? _____
- b) Is there a self-insurance plan for FY10? _____
- If YES, for FY2009 please indicate:
- a) deductible per claim for stop-loss policy _____
- b) total claims paid in FY09 _____
- c) Incurred But Not Reported (IBNR) accrued at 6/30/09 _____

10. Are you a member of a regional or county self-insurance plan?

If YES, for FY2009 please indicate:

a) Name of group

b) Name of plan administrator and contact number:

11. Will the district have an audit for FY09?

If YES, please indicate the name of the CPA Firm:

Kiellazak, Eggert & Company, Ltd.

12. Please submit a detailed analysis of your Excess and Deficiency account.

13. Report the balance of your unappropriated Excess and Deficiency certified as of 7/1/08.

472,440

14. Report below the results of your FY2009 Revenue Budget:

	<u>Budget</u>	<u>Actual</u>	<u>Variance</u>
Assessments	<u>19,974,800</u>	<u>19,974,800</u>	<u>-</u>

						\$5,184,304.95

Note: Attach additional sheets if needed.

E. Term Investments

How much of the "Total Cash and Investments" was non-investible?

Due to a compensating balance agreement
(not applicable to counties)

Due to grant restrictions (list by grant and include agency)

Due to other reasons (list and explain)

I hereby certify that the bank statements for the accounts set forth in the foregoing schedule have been reconciled through the date of this report, that the cash on hand and other items were verified by actual count, and that I have transmitted this form to the accounting officer for his certification of Part II.

09-09-09

Date

Treasurer

Note: Attach additional sheets if needed.

PART II.

I hereby certify that the foregoing schedule, setting forth the total cash in the custody of the Treasurer, is in agreement with the general ledger controls in my department.

9/9/09

Date

Accounting Officer

If the Accounting Officer does not sign PART II of this report, it will be considered as a non-reconciliation of the Treasurer's cash; therefore PART III must be completed.

PART III.

Please Check Appropriate Box

- ☐ 1. Efforts are being made to reconcile differences as set forth below.
- ☐ 2. Other reasons or extenuating circumstances for delinquency in filing this report as set forth below.

EXPLANATION:

For the period ending
the cash balance of \$
as per the ledger is \$

9/9/09
Date

Accounting Officer

- ☐ 3. Notification in writing to Bureau, if failure of other to act, causes inability of Treasurer to comply. (Separate letter to Bureau with copy to appropriate local officials.)

PART IV. Treasurer's Bond

The Main Street America Group
Insurance Company
