TOWN GOVERNMENT

Relationship to State - Town government in Rehoboth operates under state laws, sections of state law accepted by Town Meetings, Town by-laws and rules and regulations legally adopted by various town boards, committees and commissions.

The rights and responsibilities of all towns and town officers are defined in the General Laws of the Commonwealth. The law requires that all towns provide essential functions for their citizens. These include preservation of peace, protection of persons and property, education of children, assessment and collection of taxes, maintenance of roads and health administration. The town may and does provide other services voted at Town Meeting.

Town Meeting - Rehoboth is governed by an Open Town Meeting, the traditional form of local government in New England. The Annual Town Meeting is held on the second Monday in April; the election of officers on the first Monday in April. All town elections are actually the first action of “town meetings” stemming from the fact that in early years Town Meeting was an all day meeting with the election of officers as the first order of business. Special Town Meetings may be held at the call of the Selectmen or by petition of 200 registered voters.
All town meetings are called by a warrant, issued by the Selectmen, which gives the time and place of the meeting and lists, in the form of articles, all the business to be acted upon. All regular appropriations for the operation of the town are included in a budget article and articles for additional appropriations are submitted in individual articles. Town officers and boards submit articles for both special appropriations and requests for other actions such as by-law changes. Voters are also allowed to petition for submission of articles on a town meeting warrant but they must present their petitions signed by 10 registered voters for an annual town meeting article and 100 registered voters for an article on a special town meeting warrant.

At least seven days before the date of an annual town meeting and fourteen days before a special town meeting, the warrant must be posted by a Constable in the office of the Town Clerk and in at least three other public places in each of the three precincts of the town. It has become traditional to mail copies of warrants for town meetings to bozholders in the town to insure that all residents are informed on the offices to be filled and the articles to be voted on at annual town elections and town meetings. A town by-law requires that warrants for special town meetings containing articles which would result in expenditures in excess of $25,000 or more must be mailed to bozholders.

In Massachusetts any town having a valuation of over one million dollars must have a Finance or Advisory Committee. Under the provisions of the by-laws of the town of Rehoboth they consider all articles in the warrant and make their recommendations before each town meeting. The town need not adhere to the recommendations of the Finance Committee.

**Town Meeting Procedure** - Town Meeting is called to order by the Town Moderator and the return of a constable stating that the warrant has been properly posted is read by the Town Clerk. A quorum for an Annual Town Meeting is ninety registered voters and for a Special Town Meeting a quorum of sixty voters is required. The Town Clerk keeps the official minutes of all town meetings including recording the votes.

The conduct of all town meetings is determined by state law, local by-laws, past practice and also a handbook on parliamentary procedure entitled *Town Meeting Time* (2nd edition) by Johnson, Trustman and Wadsworth.

No person whose name is not on the official list of registered voters may be admitted to any town meeting except by written request of a majority of the Selectmen to the Moderator, or by the Moderator. All such persons must be called to the voters’ attention. Voting at a Town Meeting may be by voice, hand count or by ballot. Voters wishing to speak must stand and be recognized by the Moderator. A voter will not be allowed to speak on the same subject a second time until all others who wish to speak have been heard, except at the Moderator’s discretion.
A motion to reconsider any article must be made before the final adjournment of the meeting at which the vote was taken, but such motion to reconsider cannot be made at an adjourned meeting unless the mover has given notice of this intention either at the session of the meeting at which the vote was passed or by written notice to the Town Clerk within 48 hours after the meeting is recessed. There can be no reconsideration of a vote once reconsidered.

Planning Board - The Board consists of seven members who are elected for terms of five years each. Chapter 41 of the Massachusetts General Laws establishes the Planning Board as the local agency with primary responsibility for dealing with inter-relationships of resources, facilities, activities and people over space and time. Activities with regard to the Planning Board include information gathering, data analysis, and establishment of planning goals and objectives and the preparation of plans and implementation methods. Policies of the Board are the most explicitly reflected with regard to the community master plan, the administration of the Sub-Division Control Law and the evaluation of proposed zoning regulations.

State law provides that the Planning Board shall make a master or study plan of the town. This plan is to include data on such items as population, land use, economic base, community facilities, economic development and zoning regulations. The Board may hire outside consultants to aid in accomplishing these tasks.

The purpose of the sub-division control law is to protect general safety, convenience and welfare of residents by regulating the design and construction of ways and insuring proper sanitary conditions and sub-divisions. Due regard must be given to the provision of adequate access, lessening of congestion, reducing danger to life and limb, securing safety from fire, flood and other emergencies, compliance with zoning regulations and the coordinating of ways in a sub-division with each other and with other public ways.

A sub-division is a division of a tract of land into two or more lots, the frontage of which is not on a public way or a way in an approved sub-division or a way in existence when the sub-division control law became effective in the town having, in the opinion of the Planning Board, sufficient width, suitable grades and adequate construction to provide
for the needs of vehicular traffic in relation to the proposed use of the land abutting thereon or served thereby. Copies of the Sub-Division Control Law are available for sale at the Town Clerk’s office.

State law also requires that the Planning Board hold public hearings with regard to proposed adoption and/or amendment of zoning by-laws and report with recommendations to the town meeting.

No public way in town shall be laid out, altered, relocated or discontinued unless it has first been referred to the Planning Board and the board has reported thereon. No plan of any land may be recorded in the Registry of Deeds without first bearing the endorsement of the Board as to whether or not the plan shows a sub-division. The Planning Board does not have the authority to alter the existing zoning requirements in regard to frontage and areas as it relates to any lot or in any other manner.

The Rehoboth Planning Board employs a Town Planner who reviews existing Planning Board Rules and Regulations, zoning by-laws and the Sub-Division Control Law and drafts proposed amendments to these. The Planner also reviews all plans submitted to the Planning Board and makes recommendations on each.

In Rehoboth, the Tree Warden also serves as Moth Superintendent and works under the rules and regulations of the Pesticide Board in the Department of Public Health. He is concerned with the control of insects which destroy shade trees and also the removal of diseased trees within 500 feet of public land.

The primary function of these positions is to assist veterans and their dependents in obtaining Massachusetts veteran benefits, V.A. veterans benefits and to secure other human services as needed.

The office of Veterans' Services is a cooperative effort between the state of Massachusetts and local governments. It guarantees that the veteran who served this country when called will have his life needs met.

The office of the Veterans' Services is located in the Town Office Building and is open to the public Monday through Friday from 9 AM to 12 noon.

The Water Commission consists of five Water Commissioners who are elected for a term of three years each.

Zoning Board of Appeals - Chapter 40A of the Massachusetts General Laws is known as the Zoning Enabling Act. It spells out the duties, powers and functions of the Board of Appeals under the zoning ordinance of the town. It is mandatory that every zoning ordinance or by-law provide for a Board of Appeals. The Rehoboth Board of Appeals consists of five members and three associate members all of whom are appointed by the Board of Selectmen. Regular members are appointed for five year terms and associate members are appointed on an annual basis.
The powers of the Board of Appeals are listed under Section 15 of Chapter 40A and include the following:

1. To hear and decide on appeals taken by any person aggrieved by his inability to obtain a permit from any town official or any officer or board of the town.

2. To hear and decide on applications for special permits for exceptions. An exception is a stated use permitted by the zoning by-laws, but contingent upon approval of the Board of Appeals and upon such conditions as may be stated by the by-laws.

3. The granting of variances from the terms of the zoning by-law is the most complex of ZBA functions. A variance is permission to violate the by-laws to a degree and must be with respect to a particular parcel of land or to an existing building thereon. There must be conditions especially affecting such parcel or building, but not affecting generally the zoning district in which it is located. Specific information regarding variances may be obtained by contacting the ZBA.

Rules and regulations adopted by the Board of Appeals are on file with the Town Clerk. No board member may represent any party of interest in any matter pending before it. Decisions on appeals must be made within twenty days of the filing of the appeal with the Town Clerk’s Office.

The major exceptions are that the jails are under sheriffs in all counties in Massachusetts.

Judicial - Taunton is the County seat of Bristol County. Located in Taunton are Probate Court, District Court and Superior Court. Associated with the courts are two recording officers: the Clerk of Courts, and the Register of Probate. Both of these officers are elected for six-year terms. The Clerk of Courts serves also as Clerk of the County Commissioners.

Likewise associated with the courts are the jails and correctional institutions. These are under the supervision of the sheriff who is elected for a six-year term. The jails are places of temporary detention before and during trial. The correctional institutions are places to which persons are committed to serve their sentences after being found guilty, and are located in various cities and towns in Massachusetts.

Offices located in Taunton are County Commissioners, Probation Officer, Sheriff, District Attorney, County Treasurer and a Law Library.

Jury - Formerly under the jurisdiction of the county, Rehoboth is now part of the Massachusetts Jury Commission’s “One Trial Jury System” whereby every citizen 18 years of age or older who can speak and understand the English language and who is physically fit must serve. (Citizens 70 years of age or older may choose not to serve.)

Jury is selected at random from census lists supplied by the Town Clerk to the Office of the Jury Commissioner. Each juror, when summoned, is entitled to one postponement of up to one year from the date summoned. The postponement allows a “juror” to choose a more convenient date to serve. Each juror may request a transfer of courthouse location if the juror encounters a transportation hardship.

Jury duty is limited to one trial, which could last from one day to one month. Ninety-five percent of all jury trials are completed in less than three days.

A juror who is regularly employed is entitled to normal wages paid by the employer for the first three days of jury service. On the fourth day, and each day thereafter, each juror will receive $50.00 per day from the Commonwealth.

Registry of Deeds - In Massachusetts deeds to real estate are filed with the Registry of Deeds. For Bristol County this office is entitled Bristol County Registry of Deeds, Northern District and is located at 11 Court St., Taunton.
Bristol County Mosquito Control Project - This is a county-wide program financed by the cities and towns benefited. The Bristol County Mosquito Project is located in Taunton. Local residents may call to have their property sprayed. The purpose of the program is to control the spread of mosquitoes and greenhead flies.

REGIONAL SERVICES

Southeastern Regional Planning & Economic Development District (SRPEDD) -

The role of SRPEDD, one of the twelve regional planning agencies covering all of Massachusetts, is as follows:

1. To develop regional plans, particularly for issues of more than local concern (such as transportation) thereby making member municipalities eligible for certain types of federal financial assistance;

2. To provide assistance to member communities in the areas of zoning, development planning, environmental protection, governmental structure and services;

3. To review local plans and proposals for compatibility with regional plans and to ensure that a municipality does not create problems for its neighbors;

4. To serve as a forum for the discussion of issues touching more than one municipality and as a liaison with some state and federal offices.

VOTER INFORMATION

Registrars of Voters - This is a four member board consisting of the Town Clerk and three other persons appointed by the Board of Selectmen, one each year for a term of three years.

Members must represent the two leading political parties and no appointment shall be made to cause the Board to have more than two members of the same political party. The Registrars are responsible for the registration of voters in the office on dates specified by state law for special voter registration sessions. They are also responsible for certifying signatures on petitions and nomination papers and conduct an annual listing of residents as of January first of each year.
Voter Registration - You may register to vote if:

1. You are a citizen of the United States;
2. You are 18 years of age or more by the day of the election or primary;
3. You are a resident of Rehoboth.

You should register to vote if:

1. You are a citizen who has not registered before;
2. You have moved to a new city or town;
3. You name has been changed through court action or marriage;
4. Your name was omitted from the annual listing of residents on January first prior to the election;

OTHERWISE, voters need register only once in Massachusetts.

How to Register - Election laws in Massachusetts have changed within the past few years. In addition to being able to register to vote at the local office of the Registrars of Voters (in the Town Clerk’s office) registration can now take place at the state’s Registry of Motor Vehicle offices when residents register their vehicles or renew their driving licenses. Residents may also register to vote by mailing the proper form to the Registrars in the Office of the Town Clerk. Registration may also take place by appearing in any Registrars office throughout the Commonwealth. That office will forward the voter registration form to the proper city or town.

Legal residents of the town on active duty with the armed forces of the United States, their spouses and dependents, persons in the Merchant Marines of the United States, their spouses and dependents, and citizens of the United States temporarily residing outside the territorial limits of the United States may obtain absent voting ballots even though they have not registered to vote in Rehoboth.

Where to Register: At the office of the Town Clerk, Town Office Building, 148r Peck St., or at the office of any Town Clerk or Election Commissioner in the Commonwealth of Massachusetts, or when registering a vehicle or renewing a driving license with the Registry of Motor Vehicles.

When to Register: On any business day of the year except on the 20 days before elections or primaries.

Any serviceman or other federal employee, spouse, parent or child of a federal employee on foreign service, or a United States citizen temporarily residing outside the territorial limits of the United States and his or her spouse or dependent may register late by appearing in person before his local Registrar of Voters any day following the final registration period before a primary or election provided he does so prior to 4:00 PM on the day before a primary or election.
Voting - Polls are open for local elections at times designated by individual cities and towns. In Rehoboth the polling hours for local elections are usually set to begin at 10 AM and close at 8 PM. State law requires that the polling hours for all state primaries and elections be 7:00 AM to 8 PM.

To Cast Your Ballot - Rehoboth has been divided into three voting precincts. Your voting precinct is assigned at the time you register to vote. If you are unclear as to your precinct you may call the Town Clerk’s Office and obtain that information.

Precinct I votes at the Town Office Building at 148 Peck St.; Precinct II votes at the Rehoboth Senior Center at 55 Bay State Road and Precinct III votes at the South Rehoboth Fire Station at 102 Pleasant St. For primaries (both state and presidential) Selectmen usually vote to combine the three precincts with everyone voting at one polling place on that day — usually the Rehoboth Senior Center at 55 Bay State Road. This is done because of the traditionally low voter turnout for primaries.

To Vote - Go to your polling place (Precinct), give your street, house number and name to the election workers.

Take the ballot (a security sleeve is available at your request) you are given and proceed to one of the voting booths. Directions for marking the ballot will be posted in each voting booth. Mark the ballot with the special marking pen provided, insert the ballot into the security sleeve (if you have requested one) and proceed to the checkout area. You will again be asked for your name and address and you may then proceed to the ballot box and deposit your voted ballot.

At the Polling Place You May Expect -

Sample ballots and voting lists posted;

Protection from candidates, their workers and political advertising within 150 feet of the entrance to the polling place;

To receive up to three ballots, one at a time, if you make an error;

A maximum of five minutes to mark your ballot if others are waiting in line to vote. (Otherwise the time limit is 10 minutes).

Absentee Voting - You may apply for an absentee ballot if:

You will be absent from the town during the hours the polls are open;

You are physically disabled to get to the polls;
You are eligible for an absentee ballot if:

You are a registered voter;

You are a U.S. citizen in the active service of the armed forces or merchant marine or are a member of the immediate family of such a person;

A Massachusetts citizen absent from state;

To obtain an absentee ballot you must:

Submit a written request (signed by the voter) to the Town Clerk’s office no later than noon of the day before the election.

In some cases a close relative (who is a registered voter) may apply. Ask the Town Clerk’s office for more information.

To Vote an Absentee Ballot:

If you will be absent from the town on election day you may vote your ballot in the Town Clerk’s Office before you leave (if the ballots are available).

If you are voting absentee by mail, follow the directions received with your absentee ballot.

The only time an absentee ballot can be delivered by hand to a voter is when the voter states (under penalties of perjury) in an application that he/she has been admitted to a health care facility after noon on the fifth day before an election.

**POLITICAL PROCEDURES**

**General Nominations** - If you are planning to seek elective office, consult the Town Clerk for the proper nomination procedure. Election by write-in is permitted if proper legal procedures are followed.

**Caucus** - Political caucuses are held in Rehoboth before town elections to select one candidate for each office to be filled at the Annual Town Election. The Caucus is called by the Town Committee of the political party, elects its own chairman and clerk and is open to all designated voters of that party and non-designated voters. The list of nominated candidates is submitted to the Town Clerk within 72 hours of the adjournment of the caucus by the Town Committee.
Primary Elections - The purpose of a primary is to nominate party candidates who will run in the general election. To vote in the primary you must state your party preference or be registered in that political party. You will be given only the primary ballot of that party. Your statement of party preference in the primary is in no way binding upon you as a voter in the general election.

Presidential Primaries - Are held on the first Tuesday after the first Monday in March in presidential election years. Presidential Primaries:

   Allow voters to indicate presidential preference to which delegates are bound for the first ballot unless released by the candidate;

   Elect members of state and town committees.

State Primaries - Are held on the seventh Tuesday prior to the state election in even numbered years and nominate party candidates for the offices listed below which are to filled that year:

Election Days and Terms of Office - Election days for county, state and national offices always fall on the Tuesday after the first Monday in November. Local election days vary in different cities and towns. In Rehoboth, by by-law, the local elections are held on the first Monday in April.

   The President and Vice President are chosen every four years, in years divisible by four, by the College of Electors. The number of electoral delegates is equal in each state to the total of its senators and representatives.

   U.S. Senators are elected in even years for terms of six years. U. S. Representatives re elected in even years for terms of two years.

   Governor, Lt. Governor, Secretary of State, Attorney General, Treasurer and Auditor are elected in even years that are not presidential election years for terms of four years.

   State Senator, State Representative and Governor’s Councilors are elected in even years for terms of two years.
County officers are elected in even years. County commissioners and District Attorneys have four year terms while other county officers have six year terms.

**Ballot Questions** - State and local referenda and ballot questions may be on the ballot in any year for local elections and in even years for state and national elections. State constitutional amendments appear only on the state ballot.

**Political Parties** - There are two recognized major political parties in Massachusetts at this time -- Democrat and Republican. There is also two other recognized political parties – Working Families and Green-Rainbow -- at this time (200). In order to be recognized as a political party the party must have polled at least three percent of the entire vote cast in the commonwealth in the last biennial election.

**What Parties Do:**

Provide organized channels through which citizens may take an active part in government;

Put important issues into definite form by writing them into platforms;

Nominate and attempt to elect candidates for state, county and town offices;

Raise money and run campaigns.

**Party Organization** - National and state committees consist of enrolled party members who participate in conventions, raise and distribute campaign funds and maintain party organization.

Town Committees are composed of not less than three nor more than 35 enrolled voters of the party who are residents of the town. Candidates are usually presented to the voters by the local political party as a “slate”. An individual party member wishing to run for Town Committee may have his name appear on the ballot by taking out nomination papers and obtaining the signatures of five party members of his town. Town Committees are elected at the Presidential Primary for a four year term.
